University IQAC Activity

Report - Online National Webinar on Curricular aspects of Health Professional Education

Preamble: Curricular aspects is an important part for any educational institution to provide an enriching learning experience for the students. As a health science university, curricular revisions need to be done as per the need of the society to make the students competent to function as a part of the healthcare system. The faculty needs to be trained regarding the curriculum models and ways in enhancing the curriculum.

Organized by: MGMIHS

Venue: Online on Zoom Platform

Date: 19.06.2021

Time : 11.00 am to 1.00 pm

Number of registrations: 438

Number of participants: 222

Event

1. Event flyer was posted and mailed on – 17.06.2021
2. Sequence during event -
 - Anchor, Dr Rita Khadkikar, IQAC coordinator MGMIHS.
 - 11.00am –Opening remarks -Hon'ble Vice Chancellor Dr Shashank Dalvi
 - 11:10am – Curricular Models by Dr. Ravindra S. Inamdar, Chairman Curriculum committee Chairman, CBME Core committee, MGMIHS.
 - 11:30am– Curricular Revision Speech by Dr. Siddharth P. Dubhashi, Professor & Head, Department of Surgery, Dean (SW), Chairperson, Centre of Medical Education and Technology, AIIMS, Nagpur.
 - 11.50am – Curricular Enrichment by Dr. Harsha Halhalli, Director –Curriculum Development, NITTE University, Mangaluru.
 - 12.10pm to 12.30pm- Question and answer discussion by Dr. Rita M Khadkikar and Dr. Swati Shiradkar.
 - 12.30pm to 12.35pm– Vote of Thanks and closing remarks, Dr.Swati Shiradkar, Prof and Head, Obstetrics and Gynecology, MGM Medical College, Aurangabad.
 - Feedback was taken.
 - Received 80 responses.61.3% rated the session as excellent and 33.8% as very good and 5% good.
 - Curricular Models by Dr. Ravindra S. Inamdar, -57.5% rated the session as excellent and 37.5% as very good and 5% good.

- Curricular Revision by Dr. Siddharth P. Dubhashi, 63.7% rated the session as excellent and 28.7% as very good and 6.3% good.
- Curricular Enrichment by Dr. Harsha Halhalli 62.5% rated the session as excellent and 32.5% as very good and 5% good.
- Some Suggestions

Need to conduct such type of workshops frequently.
Would have been much better, if its can be done in person, rather than online.
Such webinar should be taken every year to upgrade teachers awareness about recent developments in curriculum planning.
Webinar for teaching learning methods would help faculty.
More webinars needed.
Pls conduct more session on such interesting topic.
Please upload on YouTube for benefit of faculty who could not attend it online.
Series of seminar on all criteria.
More inputs on how to implement these curricular changes may be given in future such programmes.
Suggestions for conduction Webinar on Programme outcomes mapping.
Can we have more elaborate session on curriculum mapping and planning.

- Certificates were given to the participants and speakers (218).

University IQAC Activity

Report - Online National Webinar on “Problem based learning” – Innovative educational strategy

- **Preamble:** MGMIHS as per the statutory body guidelines has adopted student centric teaching and learning methods. There are many innovative pedagogies which can be implemented for the learner’s benefit. Faculty need to be sensitized and trained regarding the newer methods. Hence university IQAC and curriculum committee took up the initiative of conducting a webinar on one of the teaching learning methods- “Problem based learning”

Organized by: MGMIHS

Venue: Online on Zoom Platform

Date: 08.07.2021

Time : 2:30 to 4 pm

Number of registrations: 418

Number of participants: 244

Appreciation	Suggestion or needs improvement
Excellent , very nice, Wonderful, insightful	Audio quality
Session was very helpful for conduction of PBL session	Video of speaker was not there. It would have been more engaging
Good academic session, Informative	Explanation with more examples
It was new for me as we are still trying to implement in our institute. Questions and answers sessions, really helped clear many of the practical difficulties faced during its implementation.	Q&A session should have more time also weren't able connect and ask questions directly so that a technical problem faced.
Nicely arranged , Well organized.	The speaker was not able to differentiate between delivery of case study and problem based learning study. More specific examples needed for its application in teaching -learning process in current institute.
	Would like to attend webinars on teaching skills
	Please organise a workshop with hands on exercise

- Received 192 responses. 58.7% rated the session as excellent and 37.1% as very good and 4.2% good.

- Some Suggestions

Please organise a workshop where faculty can under supervision evolve such teaching strategies
Organize workshop on more CBME related topics such as integration
To check the technical aspects like mike issues beforehand so that excellent learning opportunities
In next webinar, please plan regarding nursing research
Webinars on such imp topics should be conducted more often.
Please arrange more webinar's on different topics
Share slides for all faculty to make use in day to day practice
Please provide the recording of session
Can focus simulation next
Would prefer a continuum of the same in near future.
Should think about MMC Credit hours

- Certificates were given to the participants (192).
