**Venue:** MGM School of Physiotherapy, Navi Mumbai.

**Attended by:** 55 Students of IV BPT regular batch 2020-21 and 8 faculty members

**The following points were observed in teacher interface of DaxTa system :**

1. 60 students registered on the portal, but only 25-30 students are able to access the portal. Error of student not in the classroom still persists in spite of multiple attempts of regenerating password as advised by software developers.
2. Audio heard in live lecture is not clear.
3. Timer for quiz was set to 10 seconds but the question appeared on the screen of students for less than 5 seconds as reported by students.
4. Option to 'ask live' question only appears on full screen mode and not minimized mode.

**The following points were observed in student interface of DaxTa system :**

1. Live lecture recording option is now available on the interface. It can be started and stopped at multiple intervals thereby creating new recording file.
2. While recording is ongoing, screen sharing option is unavailable as well as option to turn off the camera.
3. Quiz mode allows the teacher to set the timer for question and options to stay visible to students although on student portal it appeared for much less duration.
4. Quiz questions do not get stored in any bank, it was not visible post lecture or even during lecture.

#### **Report on Learning Management System – QuikLrn system**

**Date:** 09/06/2021

**Venue:** MGM School of Physiotherapy, Navi Mumbai.

**Attended by:** 59 Students of IV BPT regular batch 2020-21 and 10 faculty members

As instructed by the University, MGM School of Physiotherapy, Navi Mumbai completed the trial for QuikLrn learning management system. Ms. Nupoor Jain conducted an orientation and introductory session for all faculty members on 07<sup>th</sup> May 2021. WhatsApp group was also created for easier resolution of errors and troubles faced by any faculty member. Dr. Hiranmayee Bagwe (PT) coordinated the learning activity in the platform with QuikLrn staff and faculty members of MGM School of Physiotherapy, Navi Mumbai.

#### **The following points were observed in teacher interface of QuikLrn system:**

1. The interface is user friendly and easy to comprehend. For some faculty members terminologies seemed like technical jargon for example 'cloud repository'
2. Clear and differentiated segregations were present on the dashboard.
3. Attendance marking was manual and would be great if it is automated process.
4. Live sessions can be recorded. Flexibility to opt out of recording also available.
5. Availability of white board and annotations for students as well as teachers make it more interactive
6. A variety of assessment tools present like quizzes, polls, forums, discussions present
7. Learning material can be uploaded with ease
8. It has a lot of flexibility to format and rename each and every header and description to create chapters according to topics.
9. Screen sharing is good. Occasional lag present while switching to screen share mode. Audio lags occasionally.
10. QuikLrn platform encourages teachers to explore newer and innovative methods of teaching learning.
11. Lecture scheduling and timetable is clearly visible and sends alerts on time.

#### The following points were observed in student interface of QuikLrn system:

1. Students found the interface creative and interesting
2. Students reported they were waiting for content tabs as were shown to them during orientation
3. The feature to add notes to contents and go to revision mode would be extremely helpful and encouraging.
4. Drawback faced by students was there was no mobile application available. They required desktop browser to log into the session
5. Students with low to medium internet speed faced difficult with audio as well as visibility of screen shared content
6. Mute and unmute is easier on video calling applications compared to QuikLrn interface.

QuikLrn support team coordinated by Ms.Nupoor Jain were very active and patient with all our issues and doubts. Multiple sessions were taken in order to orient the faculty with the process. Students were instructed to mail their issues on their support email ID which was resolved immediately.

extremely indebted to the entire MEU faculty from GSMC KEMH for helping us to conduct the workshop effectively.

The Curriculum Committee Members and MEU members who had successfully completed the CISP workshop at the Nodal Centre were included as resource faculty for the workshop. A MEU meeting was called and the faculties were explained the outlines and objectives of the workshop. The List of topics and related resource material were distributed to the faculty members. The various speakers discussed their topics and finalized the content, duration, handouts, role play and group activities for the participants. The certificates were printed as per the format given by the Nodal centre.

Faculties from preclinical, para clinical and clinical departments of the college were selected. Prior to the workshop, a day before, the MEU had called a meeting for all participants, wherein they were briefed about the coming 2 days workshop, schedule and necessary instructions were given to them.

The IT Department was called to make necessary setting and installation of cameras, AV Aids for the MCI Observer to observe the whole workshop ONLINE. A day before the workshop an ONLINE mock drill was taken by Dr. Munira, MCI Observer to look into the arrangements made. Dr. Munira approved the IT settings and other arrangements.

allied and surgery and allied disciplines were 6, 10, 7 & 6 respectively. The list of participants is attached in the Annexure I.

The Program titled “Curriculum Implementation Support Programme (CISP) II” was conducted for a period of 2 days from 23<sup>rd</sup> -24<sup>th</sup> November 2020, and the copy of programme is attached in Annexure II.

**Day one (23<sup>rd</sup> November 2020) of the workshop:**

The first day (23<sup>rd</sup> November 2020) of the workshop started with Registration and breakfast. The participants were divided into 5 groups. The MEU Co-ordinator, Dr. Mrunal Pimparkar welcomed MCI observer Dr. Munira Hirkani and addressed the audience and gave the workshop orientation to the participants. Pretest was administered to the participants.

Dr.Mrunal Pimparkar began with “Ice breaking and introduction of participants and faculty”. This was followed by sessions on “Competency based medical education (CBME)”, which was taken by Dr. Anjali Sabnis & Dr. Rita Khadkikar and “IMG: Goals, roles &Competencies” was taken by Dr. Bageshree Seth. There was lot of enthusiasm among the participants during the activity. Dr. A. D. Urhekar & Dr. Ipseeta Ray took a session on “Deriving objectives from competencies”, while Dr. Jaishree Ghanekar & Dr. Mrunal Pimparkar took session on “Linking competency objectives to Teaching Learning Methods (TLM)”. Group activity was given and was well appreciated by all participants.

Following lunch, Dr. Shilpi Sahu took the session on “Graduate Medical Education Regulations”. The session was very much appreciated by all participants. This was followed by sessions on “Electives” conducted by Dr. Darpan Kaur, followed by “ Foundation Course and Early Clinical Exposure” by Dr. Mrunal Pimparkar & Dr. Kalpana R and “AETCOM module” by Dr. Ipseeta Ray & Dr. Rita Khadkikar.

The speakers shared their most cherishing teaching learning experience with the audience. The day ended with feedback on the sessions conducted during that day. The participants filled the required feedback / evaluation forms.

**Day two (24<sup>th</sup> November 2020) of the workshop:**

On day two- Dr. Kalpana Rajeev Kumar conducted session on “Student Doctor -Clinical Teaching”, while Dr. Ipseeta Ray & Dr. A. D. Urhekar spoke on “ Alignment and Integration”. Thereafter there was a session on “Skills training” by Dr. Bageshree Seth & Dr. Darpan Kaur. The sessions were brainstorming and after lot of deliberations, the participants came up with a constructive feedback. Dr. Jaishree Ghanekar & Dr. Anjali Sabnis took session on “Assessment in CBME”.

This was followed by session on “Aligning assessment to competency objectives & TLM” which was jointly taken by Dr. Shilpi Sahu & Dr Rita Khadkikar. Both the sessions generated a lot of curiosity and interest to learn more. Dr. Mrunal Pimparkar conducted session on” Curricular governance”. The participants found the sessions quite interactive and informative. The participants were given various exercises, which was effectively done.

The participants then filled the required feedback and evaluation forms and post test. Following open house, the programme ended with a Valedictory Function. Many participants and speakers spoke about their experiences and gave constructive feedback. The participants appreciated the workshop and assured that they would implement what they learned from the various sessions.

Newer topics in CBME curriculum, such as Foundation Course at the beginning of MBBS course, Electives and Early clinical exposure was dealt with in details by the faculty and generated tremendous response from the participants regarding its planning and implementation. The concept of integration and alignment of the subjects along with designing the time-table was

also addressed. However, concerns were raised regarding the time frame for implementation, need for more faculty and need for support staff for effective implementations and documentation.

The sessions were assessed by the participants using evaluation forms from the MCI. The points allotted by the participants showed a significant improvement in knowledge and importance after each session. The participants were extremely satisfied with the overall arrangements and conduct of the workshop.

Since many of the workshop programmes like small group discussion, OSCE/OSPE etc. can be effectively taught only in small groups and since the number of trained resource faculty in the RCs/medical colleges are limited, the Convener of the Regional/Nodal Centres must ensure that the number of faculty participation in each workshop should not exceed 30. Additional names of participants will not be entered in the NMC Website.
2. If any participant misses any session, certificate will not be signed by observer & college will not issue the certificate until the participant attends the missed session when the said workshop is conducted again by the said college.

Government of India Rules will be applicable for entitlement for travel and accommodation. Please note that for travel & booking of accommodation, services of NMC approved travel agent must be used. The details are as under:

Elsevier is in the business of providing information and analytics that help institutions and professionals progress science, advance healthcare and improve performance. We help researchers make new discoveries, collaborate with their colleagues, and give them the knowledge they need to find funding. We help governments and universities evaluate and improve their research strategies. We help doctors save lives, providing insight for physicians to find the right clinical answers, and we support nurses and other healthcare professionals throughout their careers. Our goal is to expand the boundaries of knowledge for the benefit of humanity.

We would like to offer you tools and solutions that can assist the medical professionals at your esteemed institution in their decision making process.

Please find mentioned below, a brief of the solutions that we propose to you:

All the proposed solutions are trusted by leading Institutions of Excellence in India &amp; Globally.

**ClinicalKey Flex****ClinicalKey Student (Next Generation UG Education Platform)**

Our flagship platform - **ClinicalKey** is the clinical search engine that thinks and works the way you do, making it easier to find and apply relevant knowledge. ClinicalKey drives better care by delivering fast, concise answers when every second counts, and deep access to evidence whenever, wherever you need it. ClinicalKey can be accessed by multiple users at any given point of time, from the Institute Network, outside the network as well as from the Mobile phone through the APP.

ClinicalKey has comprises of **650+ Full Text Journals (with back files from 2007 & Articles in Press) & 1,000+ Full Text Books (Latest Edition)** of Elsevier across 30+ specialties.

**ClinicalKey Video** - [https://www.youtube.com/watch?v=WF2k2\\_CH1x8](https://www.youtube.com/watch?v=WF2k2_CH1x8)

Apart from Books & Journals, Elsevier is pleased to offer the below additional features on ClinicalKey:

- Clinical Overviews point-of-care monographs
- Customizable patient education handouts
- Drug monographs from Gold Standard
- Thousands of videos
- Millions of images
- Practice guidelines
- Clinical trials from [clinicaltrials.gov](http://clinicaltrials.gov)
- Fully indexed MEDLINE
- ClinicalKey can be accessed by multiple users at any given point of time, from the Institution Network, outside the network as well as from the Mobile phone through the APP. Unlimited User Names & Passwords can be created (for all medical professionals) I by way of Remote Access so that they can access ClinicalKey Flex

ClinicalKey Flex is being trusted by Leading Institutions of Excellence like **Seth GS Medical College & KEM Hospital ; Lokmanya Tilak Medical College ; HBT Medical College & Dr. R.N .Cooper Hospital; Dr. D.Y. Patil Medical College, Pune ;AIIMS [Rishikesh, Bhubaneshwar, Patna, Jodhpur, Raipur] ; ; PGI Chandigarh ; CMC Ludhiana ; JIPMER ; RGUHS (Helinet Consortia) ; NTR University ; etc...**

Designed “with” and “for” Indian undergraduate medical colleges, Elsevier’s **ClinicalKey Student** is a next generation medical education platform which helps institutes, faculty and students enhance undergraduate teaching-learning experience, practice global medical education methodologies and implement new MBBS curriculum.

It is powered by the most trusted collection of undergraduate medical content along with tools to administer formative and self-assessments which helps provide timely feedback to achieve better outcomes.

**Video on ClinicalKey Student :**  
<https://www.youtube.com/watch?v=IWQsKTz92Kw>

Access to most complete, trusted, global and Indian content:

- **239+ Global undergraduate textbooks** like Grays, Robbins, Davidson, Kumar and Clarke
- **35+ Indian authored undergraduate books** like Dhingra ENT, Vishram Singh Anatomy, Shaw’s
- 150+ hours real-life procedure videos and animations on must-have MBBS skills, shot in India
- 1,500+ quick access summaries (Wikipedia-like synoptic pages) on common diseases and topics
- Copyright cleared 1,00,000+ high resolution images - Discoverable & Downloadable

Dear Distinguished Team,

Greetings from Elsevier!!!

Thanks a lot for organizing the Online Demonstration on e-Library Recourses On 21<sup>st</sup> May' 2021. We had a very healthy attendance considering the fact that many might have been on Covid-19 duties.

We sincerely hope the team found the solutions useful.

Please find attached the names of individuals who attended the session. We tried our best to note down all the names.

We request your guidance on the way forward.

Regards,

Chintan Parekh.
