Respected LMS Coordinators,

This is to inform you that all Online session would be conducted on Microsoft teams from September 2021.

A training session for the LMS coordinators of respective Institutes has been arranged on Friday, 27th August 2021 at 11:30 am. Mr. Ravi from Aurangabad would be guiding us for the same.

The link for the training session will be shared shortly

All coordinators are hereby requested to attend the same.

Thank you

Kind Regards
LMS Incharge

Dear LMS Coordinators,

Thank you for your continual support.

We have had training sessions for the coordinators and faculty members during the last 3 months. Since the timings for all Institutes are not matching, it's a request to all the coordinators to coordinate with Mr. Ravi and create classrooms for batches at your respective constituent units and start using the Microsoft teams LMS system. The classes have already been created for certain constituent units. These units are requested to start using the LMS system and send a report regarding the same.

The coordinators are requested to coordinate with Mr. Ravi and send a report of the implementation of LMS at their respective constituent units by 10th January 2021.

Mr. Ravi can be contacted on 9325549222

Thank you

Kind Regards

Dear Dr. Hiranmayee,

The details forwarded by you for the trial have been uploaded on Quicklrn portal.

The team from Quicklrn would like to conduct a demo before starting the trial for faculty members as well as students of MGM School of Physiotherapy, Navi Mumbai who would be conducting sessions for the batch whose details have been provided.

Kindly coordinate for the same with Mr. Anil and get the demo conducted by either Tuesday or Wednesday next week so that we can start the trial as soon as possible.

Thank you

Dear Dr. Bhavna and Dr. Hiranmayee,

The Quicklrn trial for both MGM Medical College, Navi Mumbai and MGM School of Physiotherapy, Navi Mumbai has been completed.

As per instructions from Honorable Vice Chancellor, may we request you to send a short video (1.5-2minutes) of 2 students each from MGM Medical College, Navi Mumbai and MGM School of Physiotherapy, Navi Mumbai reporting feedback related to the trial.

Kindly send this video by 2pm Saturday, 19th June 2021. This video is required for AA meeting on Monday.

Thank you

Kind Regards

Dear LMS Coordinators,

Due to the increasing COVID situation, most of the sessions are being conducted online. We had already requested Coordinators to contact Mr. Ravi and get the classrooms for their respective constituent units functional on Microsoft team and send a report. However we have not received any report from any constituent unit.

The LMS of MGMIHS is making another attempt to have a common training session (due to issues encountered at both ends) and scheduling a training session by Mr. Ravi on Saturday i.e. 15th January 2022 by 2:00pm.

All Coordinators are requested to join in for the training along with faculty members of your respective constituent units.

The Microsoft teams System has to be made fully functional for all batches at all constituent units.

Thanking you in anticipation for your cooperation in this regard

Kind Regards
LMS Incharge

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Report on Learning Management System – DaxTa system

Date: 22/03/2021

Venue: MGM School of Physiotherapy, Navi Mumbai.

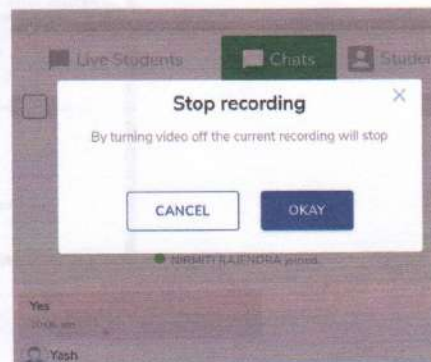

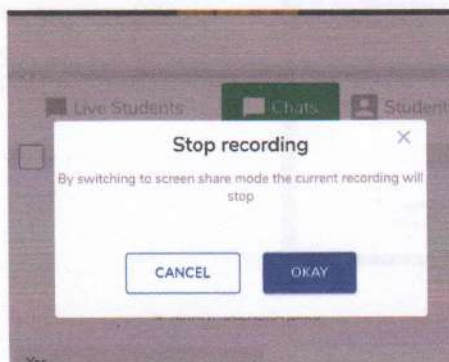

Attended by: 55 Students of IV BPT regular batch 2020-21 and 8 faculty members

The following points were observed in teacher interface of DaxTa system :

1. 60 students registered on the portal, but only 25-30 students are able to access the portal. Error of student not in the classroom still persists in spite of multiple attempts of regenerating password as advised by software developers.
2. Audio heard in live lecture is not clear.
3. Timer for quiz was set to 10 seconds but the question appeared on the screen of students for less than 5 seconds as reported by students.
4. Option to 'ask live' question only appears on full screen mode and not minimized mode.

The following points were observed in student interface of DaxTa system :

1. Live lecture recording option is now available on the interface. It can be started and stopped at multiple intervals thereby creating new recording file.
2. While recording is ongoing, screen sharing option is unavailable as well as option to turn off the camera.
3. Quiz mode allows the teacher to set the timer for question and options to stay visible to students although on student portal it appeared for much less duration.
4. Quiz questions do not get stored in any bank, it was not visible post lecture or even during lecture.

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed to be University u/s 3 of UGC Act, 1956)

Grade 'A' Accredited by NAAC

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

5. Post quiz immediate feedback of answers and response was shown to the teach as a pop-up.

Cardiovascular and Pulmonary Physiotherapy | SOP Final Year

Q: pH : 7.5 Pco2 : 32 PO2 : 85 HCO3 : 42

A. Respiratory Acidosis	0 students • 0%
B. Metabolic Alkalosis	1 students • 100%
C. Respiratory Alkalosis	0 students • 0%
D. Metabolic acidosis	0 students • 0%

10s

6. Teachers were unable to upload assignments as the classroom to be selected in dialogue box gave no option whereas the classroom created is SOP Final year.
7. Only JPEG, PNG, PDF and DOC files can be uploaded as assignments and not PPTx

Add New Assignment

Title: ABG

UNIVERSITY DEPARTMENT OF PROSTHETICS AND ORTHOTICS

Sector-01, Kamothe, Navi Mumbai - 410 209 Tel 022-27437620, Website: mgmudpo.edu.in

Report on Learning Management System – DaxTa system

Date of Lectures : 02/03/2021, 5/03/2021, 10/03/2021.

Venue: MGM Institute's University Department of Prosthetics & Orthotics, Navi Mumbai.

Attended by: 08 Students of IV BPO batch and 1 faculty member.

The following problems were observed in teacher interface of DaxTa system :

1. Scheduled lectures do not reflect on the homepage of the system after logging in which create confusion some time.
2. Prosthetics and Orthotics Department is in the basement of premises. Hence catching the network in mobile is very problematic for students during lecture.
3. Students attendance record is confusing. Names in the attendance are not reflected properly.
4. There is an error in total number of lecture hours reflected on the system.
5. To see upcoming lectures, teacher has to visit the time-table section and the same is not being reflected in upcoming lectures section
6. Notifications tab does not reflect or update about upcoming lecture.
7. During the lecture, if there is disconnection either from student or from faculty, there is no notification.

1	Sr. No	Student Name	Student Username	Roll No	Attendance Duration	Attendance Statu

11						

Fig-01- Attendance Record of one Lecture of MGMIUDPO

The following problems were observed in student interface of DaxTa system :

1. Students did not receive any notification for the lecture, which may result into loss/missing of the lecture.
2. For operating this system, it requires high speed internet, which some time causes problem during joining the lecture and all students may not have broad bands.
3. Students did not understand to use the mute & unmute options during the lecture.
4. Till now the system does not have any option for demonstration of PPT from students side which require in their "Case Presentation".

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed to be University u/s 3 of UGC Act, 1956)

Grade 'A' Accredited by NAAC

UNIVERSITY DEPARTMENT OF PROSTHETICS AND ORTHOTICS

Sector-01, Kamothe, Navi Mumbai - 410 209 Tel 022-27437620, Website: mgmudpo.edu.in

5. Students have difficulty in listening the audio of speaker.
6. Every time the faculty or student needs to go to WhatsApp chat join the link which is quite difficult. Instead if there is an app of this system, it will be easy to identify the link quickly and join.

The following Good points were observed by students in of DaxTa system :

1. Students found the interface user friendly and easy to use.
2. Students felt the option of live question and quiz was innovative and were eager to try it.
3. Uploading for teachers and downloading for student's option of Lecture document is very good for all.

The following Suggestion by the were observed in admin interface of DaxTa system:

- **This system should be designed in such a way that it should be operative in low internet speed for teacher as well as students.**
- All the operating process are some how complex , it should be simple for all.
- **Developers must share a guide manual and video which will include proper instructions to students and teachers for operating the system.**
- **if developers design an Application for android phone which have notification with link from which students and teachers directly join the lecture.....will be useful.**

Regards,

Dr. Subhasish Paikray (PO),

LMS Coordinator,

MGM Institute's University Department of Prosthetics & Orthotics

Navi Mumbai.
