BACKGROUND

The Pradhan Mantri Surakshit Matritva Abhiyan has been launched by the Ministry of Health & Family Welfare (MoHFW), Government of India. The program aims to provide assured, comprehensive and quality antenatal care, free of cost, universally to all pregnant women on the 9th of every month.

Hon'ble Prime Minister of India highlighted the aim and purpose of the Pradhan Mantri Surakshit Matritva Abhiyan in the 31st July 2016 episode of Mann Ki Baat.

PMSMA guarantees a minimum package of antenatal care services to women in their 2nd/3rd trimesters of pregnancy at designated government health facilities.

The programme follows a systematic approach for engagement with private sector which includes motivating private practitioners to volunteer for the campaign; developing strategies for generating awareness and appealing to the private sector to participate in the Abhiyan at government health facilities.

Rationale for the program

Data indicates that Maternal Mortality Ratio (MMR) in India was very high in the year 1990 with 556 women dying during child birth per hundred thousand live births as compared to the global MMR of 385/lakh live births.

As per RGI- SRS (2011-13), MMR of India has now declined to 167/lakh live births against a global MMR of 216/lakh live births (2015). India has registered an overall decline in MMR of 70% between 1990 and 2015 in comparison to a global decline of 44%.

While India has made considerable progress in the reduction of maternal and infant mortality, every year approximately 44000 women still die due to pregnancy-related causes and approximately 6.6 lakh infants die within the first 28 days of life. Many of these deaths are preventable and many lives can be saved if quality care is provided to pregnant women during their antenatal period and high risk factors such as severe anaemia, pregnancy-induced hypertension etc. are detected on time and managed well.

Key Features of PMSMA

- PMSMA is based on the premise — that if every pregnant woman in India is examined by a physician and appropriately investigated at least once during the PMSMA and then appropriately followed up — the process can result in reduction in the number of maternal and neonatal deaths in our country.
- Antenatal check-up services would be provided by OBGY specialists / Radiologist/physicians with support from private sector doctors to supplement the efforts of the government sector.
- A minimum package of antenatal care services (including investigations and drugs) would be provided to the beneficiaries on the 9th day of every month at identified public health facilities (PHCs/ CHCs, DHs/ urban health facilities etc) in both urban and rural areas in addition to the routine ANC at the health facility/ outreach.
- Using the principles of a single window system, it is envisaged that a minimum package of investigations (including one ultrasound during the 2nd trimester of pregnancy) and medicines such as IFA supplements, calcium supplements etc would be provided to all pregnant women attending the PMSMA clinics.
- While the target would reach out to all pregnant women, special efforts would be made to reach out to women who have not registered for ANC (left out/missed ANC) and also those who have registered but not availed ANC services (dropout) as well as High Risk pregnant women.
- OBGY specialists/ Radiologist/physicians from private sector would be encouraged to provide voluntary services at public health facilities where government sector practitioners are not available or inadequate.
- Pregnant women would be given Mother and Child Protection Cards and safe motherhood booklets.
- One of the critical components of the Abhiyan is identification and follow up of high risk pregnancies. A sticker indicating the condition and risk factor of the pregnant women would be added onto MCP card for each visit:
 - o Green Sticker- for women with no risk factor detected
 - o Red Sticker – for women with high risk pregnancy
- A National Portal for PMSMA and a Mobile application have been developed to facilitate the engagement of private/ voluntary sector. 'IPledgeFor9' Achievers Awards have been devised to celebrate individual and team achievements and acknowledge voluntary contributions for PMSMA in states and districts across India.

Goal

Pradhan Mantri Surakshit Matritva Abhiyan envisages to improve the quality and coverage of Antenatal Care (ANC) including diagnostics and counselling services as part of the Reproductive Maternal Neonatal Child and Adolescent Health (RMNCH+A) Strategy.

Objectives of the program:

- ✓ Ensure at least one antenatal check-up for all pregnant women in their second or third trimester by a physician/specialist
- ✓ Improve the quality of care during ante-natal visits. This includes ensuring provision of the following services:
 - All applicable diagnostic services
 - Screening for the applicable clinical conditions
 - Appropriate management of any existing clinical condition such as Anaemia, Pregnancy induced hypertension, Gestational Diabetes etc.
 - Appropriate counselling services and proper documentation of services rendered
 - Additional service opportunity to pregnant women who have missed ante-natal visits
- ✓ Identification and line-listing of high risk pregnancies based on obstetric/ medical history and existing clinical conditions.
- ✓ Appropriate birth planning and complication readiness for each pregnant woman especially those identified with any risk factor or comorbid condition.
- ✓ Special emphasis on early diagnosis, adequate and appropriate management of women with malnutrition.
- ✓ Special focus on adolescent and early pregnancies as these pregnancies need extra and specialized care

DATE: 9TH FEBRUARY, 2021
TIME: 9 AM TO 3 PM

List of beneficiaries:

Total ANC: 44

Total Paediatrics: 7

Referred: 9

The Department of Community Medicine in association with Department of Obstetrics & Gynaecology, Paediatrics, Physiotherapy, Psychiatry and IEC organized a comprehensive antenatal check-up session under the Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA) at NERE PHC on 9th February, 2021. The health team reached PHC at 8:30 am. After making arrangements for the camp, registration of ANCs started. All pregnant women were provided special antenatal and psychiatric check-up. The primary objective of the programme was to identify and initiate follow up actions on high risk pregnancies to reduce Maternal Mortality Rate (MMR) and Neo-Natal deaths. About 44 antenatal women and seven children were registered for the session of which 7 women were recognized as high risk pregnancies. After the routine antenatal check-up and investigations, awareness about the care to be taken during pregnancy, importance of ANC nutrition and mental health was raised along with highlighting the importance of immunisation of a new-born. This was followed by an interactive session with the audience where their doubts were cleared.

RHTC- (Department of Community Medicine)

REPORT OF ANTENATAL CHECKUP CAMP

DATE- 09 March 2021

TIME-8:30amto2:30p.m

LIST OF BENEFICIARIES:

Total ANC: 45

High-risk: 5

Referred: 10

The Department of Community Medicine organized an antenatal check-up session under the Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA) at Nere PHC on 9TH March 2021.

PMSMA aims to provide assured, comprehensive and quality ANC care, free of cost to all pregnant women on the 9th of every month. The main objective of program to ensure at least one ANC check-up to all pregnant in their 2nd or 3rd trimester by a physician. All pregnant women were ensured proper antenatal check-up & counseled by a psychiatrist. We also had a team of physiotherapists who informed the patients about safe & pelvic floor exercises to cope with pregnancy. Not only testing of blood, urine was provided but also ultrasound scanning too.

On the occasions of International Women's day which was on 8th march we celebrated on 9th march by giving a talk on women's empowerment, breast cancer, oral cancer and cervical cancer.

About forty five antenatal women registered themselves for the session out of which five women were recognized as high risk pregnancies. These identified cases were thoroughly regarding the extra care to be taken during the current phase. There were ten referrals. They were referred to MGM Kalamboli for further management of the cases.

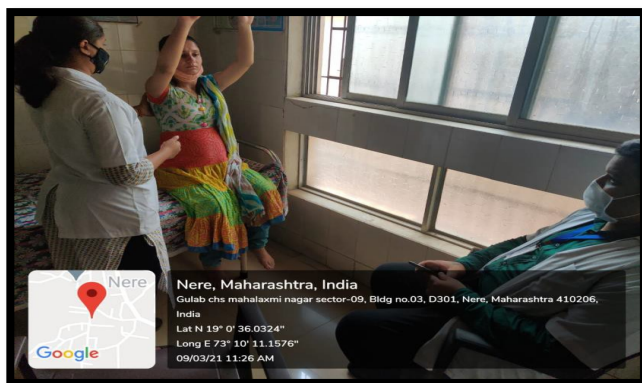

The women were also provided with Psychiatry check up to address issues regarding mental health during pregnancy.

Physiotherapists advised and demonstrated various exercises advice on appropriate postures and movements during pregnancy.

IEC [health education talk] given by Swapnil Mishra (Intern) on breast cancer and cervical cancer. Teertha Barnwal (Intern) gave talk on oral cancer.

ATTENDED BY:

REPORT OF ANTENATAL CHECKUP & FOLLOW UP CAMP

Place: MGM Hospital, Kalamboli

Date: 21/07/2021

LIST OF BENEFICIARIES:

Total ANC: 31

Referred: 0

The Department of Community Medicine organised an antenatal check-up session at **MGM Hospital, Kalamboli** on 21st July 2021. It was organised under the “VANDE MATARAM SCHEME”. The main objective of program to ensure at least one ANC check-up to all pregnant by a physician and provide continuation in essential health care in spite of the pandemic.

Due to the current pandemic situation, the high risk ANC's were asked to visit for the check-up. All pregnant women were ensured proper antenatal check-up and were also examined by physiotherapists.

31 pregnant women were a part of this ANC camp. The pregnant females were given a thorough ANC check-up, where patients' vitals were taken and sonography performed by the Dept. Of Obstetrics & Gynaecology.

The women were also provided with Physiotherapy checkup to address issues regarding physical health during pregnancy

BACKGROUND

The Pradhan Mantri Surakshit Matritva Abhiyan has been launched by the Ministry of Health & Family Welfare (MoHFW), Government of India. The program aims to provide assured, comprehensive and quality antenatal care, free of cost, universally to all pregnant women on the 9th of every month.

Hon'ble Prime Minister of India highlighted the aim and purpose of the Pradhan Mantri Surakshit Matritva Abhiyan in the 31st July 2016 episode of Mann Ki Baat.

PMSMA guarantees a minimum package of antenatal care services to women in their 2nd/3rd trimesters of pregnancy at designated government health facilities.

The programme follows a systematic approach for engagement with private sector which includes motivating private practitioners to volunteer for the campaign; developing strategies for generating awareness and appealing to the private sector to participate in the Abhiyan at government health facilities.

Rationale for the program

Data indicates that Maternal Mortality Ratio (MMR) in India was very high in the year 1990 with 556 women dying during child birth per hundred thousand live births as compared to the global MMR of 385/lakh live births.

As per RGI- SRS (2011-13), MMR of India has now declined to 167/lakh live births against a global MMR of 216/lakh live births (2015). India has registered an overall decline in MMR of 70% between 1990 and 2015 in comparison to a global decline of 44%.

While India has made considerable progress in the reduction of maternal and infant mortality, every year approximately 44000 women still die due to pregnancy-related causes and approximately 6.6 lakh infants die within the first 28 days of life. Many of these deaths are preventable and many lives can be saved if quality care is provided to pregnant women during their antenatal period and high risk factors such as severe anaemia, pregnancy-induced hypertension etc. are detected on time and managed well.

Key Features of PMSMA

- PMSMA is based on the premise — that if every pregnant woman in India is examined by a physician and appropriately investigated at least once during the PMSMA and then appropriately followed up — the process can result in reduction in the number of maternal and neonatal deaths in our country.
- Antenatal check-up services would be provided by OBGY specialists / Radiologist/physicians with support from private sector doctors to supplement the efforts of the government sector.
- A minimum package of antenatal care services (including investigations and drugs) would be provided to the beneficiaries on the 9th day of every month at identified public health facilities (PHCs/ CHCs, DHs/ urban health facilities etc) in both urban and rural areas in addition to the routine ANC at the health facility/ outreach.
- Using the principles of a single window system, it is envisaged that a minimum package of investigations (including one ultrasound during the 2nd trimester of pregnancy) and medicines such as IFA supplements, calcium supplements etc would be provided to all pregnant women attending the PMSMA clinics.
- While the target would reach out to all pregnant women, special efforts would be made to reach out to women who have not registered for ANC (left out/missed ANC) and also those who have registered but not availed ANC services (dropout) as well as High Risk pregnant women.
- OBGY specialists/ Radiologist/physicians from private sector would be encouraged to provide voluntary services at public health facilities where government sector practitioners are not available or inadequate.
- Pregnant women would be given Mother and Child Protection Cards and safe motherhood booklets.
- One of the critical components of the Abhiyan is identification and follow up of high risk pregnancies. A sticker indicating the condition and risk factor of the pregnant women would be added onto MCP card for each visit:
 - o Green Sticker- for women with no risk factor detected
 - o Red Sticker – for women with high risk pregnancy
- A National Portal for PMSMA and a Mobile application have been developed to facilitate the engagement of private/ voluntary sector. 'IPledgeFor9' Achievers Awards have been devised

to celebrate individual and team achievements and acknowledge voluntary contributions for PMSMA in states and districts across India.

Goal

Pradhan Mantri Surakshit Matritva Abhiyan envisages to improve the quality and coverage of Antenatal Care (ANC) including diagnostics and counselling services as part of the Reproductive Maternal Neonatal Child and Adolescent Health (RMNCH+A) Strategy.

Objectives of the program:

- ✓ Ensure at least one antenatal check-up for all pregnant women in their second or third trimester by a physician/specialist
- ✓ Improve the quality of care during ante-natal visits. This includes ensuring provision of the following services:
 - All applicable diagnostic services
 - Screening for the applicable clinical conditions
 - Appropriate management of any existing clinical condition such as Anaemia, Pregnancy induced hypertension, Gestational Diabetes etc.
 - Appropriate counselling services and proper documentation of services rendered
 - Additional service opportunity to pregnant women who have missed ante-natal visits
- ✓ Identification and line-listing of high risk pregnancies based on obstetric/ medical history and existing clinical conditions.
- ✓ Appropriate birth planning and complication readiness for each pregnant woman especially those identified with any risk factor or comorbid condition.

Special emphasis on early diagnosis, adequate and appropriate management of women with malnutrition.

- ✓ Special focus on adolescent and early pregnancies as these pregnancies need extra and specialized care

Awareness regarding COVID-19 for ANC and Families

Date: 9TH March, 2020 (Monday)

An ANC health check-up on 9th March, 2020 was conducted at Nere PHC by the RHTC team members of Department of Community Medicine, MGM Medical College.

Dr. Ashlesha Tawde (Assistant Professor, Department of community medicine) gave a brief introductory session about the programme to the Pregnant and Lactating women. An IEC was conducted by Dr. Clerin John and Dr. Vipin Chaurasia under the guidance of Dr. Ashlesha Tawade, regarding "International Women's Day" and "Preventive measures against COVID-19". The session was very interactive and questions pertaining to the topics were answered by the doctors.

Forty-five ANC mothers came for the check-up, who were seen by the Obstetrician and gynaecologist, the Psychiatrist and the Physiotherapists. Fifteen children were examined by the Paediatrician.

RHTC- (Department of Community Medicine)

Pradhan Mantri Surakshit Matritva Abhiyaan

Venue:PHC,Nere,Panvel

Date: 9th May 2020

Time: 10 am.

During lockdown period, outreach activities have been limited to only essential services. Every 9th of the month under Pradhan Mantri Surakshit Matritva Abhiyan, we conduct ANC check-up at our RHTC (PHC, Nere) which is one of the major outreach activities of MGM Medical College. Due to the pandemic of Covid-19, ANC's are advised not to leave secure home environment unless absolutely required. Although, many ANC mothers from our RHTC catchment area come from remote tribal region and are deprived of any medical health facility in their vicinity. Our ANC monthly check-up becomes essential for them. Hence we decided to be present in the RHTC (PHC, Nere) on 9th May 2020 for those women who turn up for any kind of ANC services.

In this critical period where very few healthcare facilities are available in this region, our hospital has become a major pillar of support for the community all around Panvel .Our referral services are functioning well and ANC's are being referred for delivery to MGM Hospital Kalamboli, where their deliveries are conducted free of cost.

An ANC camp was conducted in PHC Nere on 9th of May 2020.ANC women were registered;their general health checkupand OB-GY checkupwas conducted by the MGM health team; their blood test (ANC profile)was done,medicines were distributed. Health advice during Covid-19, diet,hygiene, warning signs and care during outbreak of corona was given.

Total ANC beneficiaries were 18. One female was high risk (septic endocarditis) was referred to MGM Kalamboli.

Camp attended by-

- 1.Maj.Dr.Ashlesha Tawde(Incharge RHTC)
- 2.Dr.Noopur Kulkarni(Resident in community medicine)
- 3.Mr.Vikrant Dinkar(MSW)
- 4.Mr.Vijay (Driver)

ANC health check-up being conducted by Dr.Ashlesha Tawde and Dr.Noopur Kulkarni

The current pandemic of Covid 19 has created considerable concern amongst pregnant women and their family members regarding well-being of child and mother during such difficult times.

The health team of MGM created awareness amongst pregnant women and their relatives regarding care of the mother, preventive measures against COVID 19 and also dispelled certain myths and fears about the same.

Patients and their relatives being counselled by the MGM team regarding prevention of COVID 19.

The healthcare personnel and paramedical staff of PHC was also given advice on care of pregnant mothers and their children during corona outbreak and general precautionary measures to be followed by the hospital staff for their own safety. Their questions were also addressed during this discussion.

Dr.Ashlesha Tawde creating awareness among healthcare workers and staff

REPORT OF ANTENATAL CHECKUP CAMP

VENUE- NERE PHC

DATE- 09 OCT 2020

TIME- 10:30 a.m. to 2.30p.m

LIST OF BENEFICIARIES:

Total ANC: 31

High risk: 03

Referred: 04

The Department of Community Medicine in association with Department of Obstetrics & Gynaecology organised an antenatal check up session under the Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA) at Nere PHC on 9THOctober2020 which was headed by Dr. Noopur Kulkarni. All pregnant women were provided special antenatal check up along with services like ultrasound, blood tests and urine tests, in addition to routine antenatal check up.

The primary objective of the programme was to identify and initiate follow up actions on high risk pregnancies to reduce maternal mortality rate (MMR) and infant mortality rate (IMR). About thirty one antenatal women registered themselves for the session out of which 3 women were recognized as high risk pregnancies. These high risk identified cases were given special advices regarding the extra care to be taken during the current phase. There were four referrals. They were given slip for further management of the cases.

To,
Dr. Satyam Bhodaji
H.O.D. Department of Community Physiotherapy
MGM School of Physiotherapy,
Aurangabad.

I, Dr. Lubna Riyaz on behalf of my entire team appreciate the work done by department of community physiotherapy on 25-Feb-2021 for organizing the free physiotherapy camp in which they assessed more than 50 individuals including ANC, PNC, Musculoskeletal conditions along with one cancer patients.

I extend my sincere gratitude to Dr. Satyam Bhodaji and Dr. Rinkle Malani (Principal of MGM School of Physiotherapy) and there team for the admirable work in this camp organized in our Hospital.

Yours Thankful

Dr. Lubna Riyaz

Report of Activity

Date : 25th November 2020 Duration: 1 hr.

Name of the activity : Virtual session on End Violence Against Women

Organizing Institute : Gender Equality and sexual harassment committee, MGM New Bombay College Of Nursing, Navi Mumbai

Venue : Online Virtual Session, MGM New Bombay College of Nursing, Kamothe, Navi Mumbai.

Collaborating agency : Nirmala Niketan College of Social work, Churchgate

Name of the scheme :-

No. of resource persons : 1, Dr. Prabha Tirmare

No. of Students Participated : Total 95 UG students and 05 faculties participated.

Brief of the Activity : On the occasion of International day for the Elimination of Violence Against Women 2020, gender sensitivity and sexual harassment committee of MGMNBCON has organized sensitization programme to nursing students and faculty. Dr. Jyoti Chaudhari, secretary of mentioned committee introduced the theme and need for celebration of this day in the view of COVID pandemic. Dr. Prabha Tirmare, Associate professor, College of Social work, Nirmala Niketan Mumbai, took a virtual session on theme "End Violence against Women" She has explained the birth of violence in context to gender and gender oriented role of women right from ancient period till today during COVID pandemic also. She described various forms of violence against women, its consequences and perception of community and stakeholders towards it. She appealed the students not to support/accept violence, be vocal and help the government and NGO working for Violence against women. At the end of the session Dr. Jyoti Chaudhari gave concluding remark suggesting nurses role in the clinic, ward and in the community to support women to speak out violence, treatment of trauma, and related referral for rehabilitation.

International Women's Day Celebration

DEPARTMENT OF COMMUNITY MEDICINE

WOMEN'S DAY CELEBRATION

VENUE: MIDC INDUSTRIAL AREA, GHANSOLI

DATE: 11TH MARCH, 2021

TIME: 1PM TO 4PM

The Department of Community Medicine organized a health awareness session for the women residing in the MIDC industrial area, on account of Women's Day.

The primary objective was to make the women aware not only about basic issues such as menstrual hygiene, prevention & screening of cervical cancer, breast cancer & oral cancer, but also their fundamental constitutional rights as women. To ensure clear communication, most topics were spoken in Marathi & Hindi. Important topics like self-breast examination & Pap smear procedure was demonstrated via a video & power point presentation respectively. Discussions were held on social & moral matters of inequality, dowry and domestic violence, explaining this year's Women's Day theme of "Choose to Challenge".

The event ended on a positive & cheerful note where all the ladies with the MGM health team raised their right hand, in acknowledgment of this year's theme.

Self-Defense Webinar on International Women's Day

Preamble:	International Women's Day is observed on the 8 th of March every year. It is a global day celebrating the social, cultural and political achievements of women. Self-defense is one aspect which is extremely important for the women of our country.
Objective:	The main goal of women's self-defense training is to strengthen women's capacity to defend themselves against potential attacks. These skills will also boost their self-esteem and positively affect their personality.
Time and Date:	3pm-4pm, 6th March, 2021
Organized By:	National Service Scheme Unit, MGM School of Physiotherapy
Attendees:	Total Attendees: 230 NSS Volunteers: 17

Summary:

On the occasion of International Women's Day, observed on 8th March, the NSS volunteers took up an initiative of conducting a webinar on women's self-defense workshop among the students of MGM School of Physiotherapy, Navi Mumbai. Mr. Neet Shah, a karate instructor who is also trained for taekwondo and kickboxing was invited as a speaker and demonstrator of the webinar. The webinar commenced at 3 PM. An introductory welcome speech was given by Ms. Leher Tiwari (NSS Volunteer), followed by a PowerPoint presentation projected by Mr. Neet Shah. After which he demonstrated plenty of situations wherein a person could defend themselves by using self-defense skills. He also educated the participants about different objects of safety and their uses. The session was then concluded by a question and answer round which was very interactive. A vote of thanks was delivered by Ms. Leher Tiwari (NSS Volunteer). A short Multiple Choice Questions test was conducted for the attendees, which was based on the topics covered in the webinar.

Report of "Celebration of International Women's Day" 2021

Name of the event: "Celebration of International Women's Day"

Purpose of the Event: To create awareness about respecting the Women in the society.

Theme: Competition on "Importance of Women in life".

Location of the event: Academics building, MGM Department of Prosthetics and Orthotics.

Date and time of the event: Date: 08th march 2021.

Time: 03:00 pm to 05:00 pm (Two hours).

No. of attendees: 33 students and 5 faculties.

Proceedings of the event: This event was organized as NSS Activity, under NSS Unit MGMIHS, Kamothe, Navi Mumbai.

A small speech about importance of the day was given by Dr. Uttara Deshmukh (P&O), Principal, MGMUDPO, Kamothe, Navi Mumbai. She also revealed the theme of the event.

This year, the theme was "**Importance of Women in your life**" through which tribute to all the women in the Prosthetics and Orthotics Department was supposed to be given by all Men (Faculty & Students) in the Institute.

The event started by giving flowers to all the Women (Faculty and students) by all Men (Faculty and students) in the Department of Prosthetics and Orthotics.

The event was processed with competition by the Male faculty and students on the "**Importance of women in their life**", in which they performed story telling of their own life influenced by a woman, Poem written by them mentioning importance of a Woman, sang of song showing importance of Woman. Shayari performance mentioning importance of Women.

One best performance between faculty and three best performances among the students were given the prizes.

The event was ended by cake cutting specially brought for Women's Day by all male staff and students in the institute.

Cc: Pradnya Mahajan <pradnya@imdr.edu>, Prof. Giribala Dewasthale <giribala@imdr.edu>, Amita Kulkarni <amita@imdr.edu>

Respected Madam,

Greetings from IMDR !

Thank you for the brief conversation over the telephone today in the morning. The vibe and positivity from your side, even through the telephone, is incredible and wonderful.

We are keen on having your interaction with our female staff members and students. As suggested by you, a session on "The Four Births of a Woman" dealing with various health and wellness issues related to women would be extremely vital and relevant. It will be a privilege and an honour for us to get guidance from you on the subject. Kindly spare some time from your schedule for this interaction.

As discussed with you over the phone, we may have this session before December 16, 2020. Any time on December 13, 14, or 15 that is convenient for you will be great with us. However, we may organize this session on any other date and time, which is suitable given your prior commitments.

We look forward to an affirmative response from your side,

Gratitude and regards
Shikha

Respected Mam,

Greetings from IMDR !

We are grateful to you for being our Resource Person for the ICC workshop on "Gender Sensitization and Awareness" on 16.12.2020. Our students benefited immensely from your insights. We are sharing the wonderful feedback that we have received from the students in the attachment. The response from the students is extremely encouraging and we look forward to many more such interactions with you, in the future.

We would like to extend a small token of our appreciation. Kindly oblige us by sharing your bank details as follows -

Account Holder Name -

Bank Name -

Branch -

Account Number -

IFSC Code -

Thank you for sparing your time Madam. We are honoured.

Regards

Shikha

Let Us Remember.....

- Menstrual blood is not “bad”
- Menstruation is sign of normal development
- Gap between two periods should be minimum 21 days
- Bleeding with clots or lasting for more than five days needs check up
- Irregular cycles with weight gain needs check up
- Personal hygiene is very important
- Use and Disposal of Pads, menstrual cup

Dear Dr. Suati Shiradkar,

दिनांक :

Thank you for the trainee's
Training workshops conducted by you
on 10th June / 14th June / 17th
June 2021.

Thanks so much for your
valuable training! We really
enjoyed it. We feel much better
prepared to deal with uncomfortable
issues.

Thank you for sharing
your wisdom, experience and
personal presentation.

Dear Dr. Swati Shiradkar,

This has referencing to
your parenting session on
17/07/2021.

You are having great
presentation style with lots of
opportunities to ask questions &
talk about real life examples
which all made a real enjoyable
& informative course. This has
more than met our expectations.

Thanks again.

Dr. Swati Deshpande
