**Date** : 9<sup>th</sup> March 2022

**Organized by** : Criterion II Faculty In-charge, MGM School of Physiotherapy, Navi Mumbai.

**Event** : MGM School of Physiotherapy, Navi Mumbai aims to motivate and update all its members about advanced and creative teaching methods. This improves teaching efficiency by making each session student-centric and by increasing student participation. On 9<sup>th</sup> March 2022, Criterion II In-charge Dr. Hiranmayee Bagwe (PT) organized a session on Innovative teaching methods for teaching faculty. The session started with an explanation regarding the need and importance of including newer teaching methods. She introduced the concepts of student-centric teaching and various methods which can be implied to increase student participation and motivation during learning sessions. She spoke in detail about methods like flipped classrooms, Experiential learning, Cooperative Learning, Inquiry-based learning, and self-directed learning. She concluded the session by giving them an example of how all these techniques can be applied for pulmonary rehabilitation. This was followed by a Question & Answer session. The session was well received by the faculty members.

**Report of National e-Conference**  
**Blended Learning: Flexibility and Centricity to the Learners**  
**Dated - 03-02-2022 & 04-02-2022**

**Aim:**

This webinar focuses to enlighten the participants on various components of blended learning and different innovative practices

**Objectives:**

*At the end of the webinar the participants will be able to:*

- describe the overview of blended learning
- explain the role of teachers and learners in blended learning
- develop the content for blended learning
- identify different modes of assessment for blended learning
- recognize the strategies to overcome the challenges in blended learning

**Introduction:**

The year 2020 brought various challenges worldwide due to the outbreak of covid 19 pandemic. At the same time enormous opportunities were identify to deal with such circumstances in every area in life. The abrupt termination of all Services worldwide, affected the education system to a great extent.

Transformation in teaching learning methodologies emerged through continuous efforts by the stakeholders, to adapt to the prevailing conditions through blended mode. Based on the revolution of digital technologies the national Educational Policy 2020 has recommended the transformation in teachi9ng learning process with the use of blended models of learning.

Blended learning, a pedagogical approach, combines digital learning tools with traditional classroom and face to face teaching. -An effective teaching learning process in a blended environment requires knowledge and skills in using appropriate pedagogies with suitable technologies. Blended learning environments demands rigorous planning by the institutes and the teachers. The approach provided room for flexibility and centricity to the learner, focusing on learning outcomes and learner centered instructional environment.
