Dear Sir,

Greetings from ASI Head-quarters.

Quality in healthcare services is of paramount importance for the best outcomes and patient satisfaction.

I am very happy that you are taking a lead role as a director of enhancement of quality amongst ASI members under the 'National Skill Enhancement Program' under ASI. This unique initiative of ASI will definitely help small healthcare organisations to get accredited for NABH and to achieve expected quality standards in their day-to-day practice which will improve overall quality of healthcare services and patient satisfaction.

We appreciate your contribution to this journey.

Since achieving the best quality is a continuous journey I am sure you will work or help ASI in this journey in the future too.

I wish you every success in your venture.
