4. Edit Patient

The screenshot shows a software window titled "MEDICAL COLLEGE SUITE 3.1 - MALE REGISTRATIONS MODULE" with a sub-window "Patient Duplicate Receipt". The form includes the following fields and options:

- PHRN:** [Empty field]
- Date:** 06-Feb-2018 15:31:08
- Patient Type:** PRIVATE (dropdown)
- Specialization:** [Empty dropdown]
- Unit:** [Empty dropdown]
- Fee Type:** FREE (dropdown)
- Reg. Fee:** 0 (text)
- Check Details:** [Empty field]
- Notes:** [Empty field]
- Title:** MR (dropdown)
- First Name:** [Empty field]
- Last Name:** [Empty field]
- Gender:** MALE (dropdown)
- Age:** [Empty field] YEARS (dropdown)
- DOB:** 06-Feb-2018 (dropdown)
- Medico Legal Case:** [Empty checkbox]
- Patient Contact Details:**
 - Father's Name: [Empty field]
 - Husband Name: [Empty field]
 - Mental Status: SINGLE (dropdown)
 - H.No: [Empty field]
 - Street: [Empty field]
 - Area: [Empty field]
- Patient Miscellaneous Details:**
 - Search Place: [Empty dropdown]
 - Place: [Empty dropdown]
 - District: [Empty dropdown]
 - State: [Empty dropdown]
 - Country: [Empty dropdown]
 - Pin: [Empty field]
 - Phone: [Empty field]

Buttons at the bottom include Update, Clear, Exit, Search, and Close. The HMS logo is visible in the bottom left corner.

5. Reports

- a. Country wise
- b. State wise
- c. City wise
- d. Collection report
- e. Specialization wise Report

6. Male Registration -2nd Module

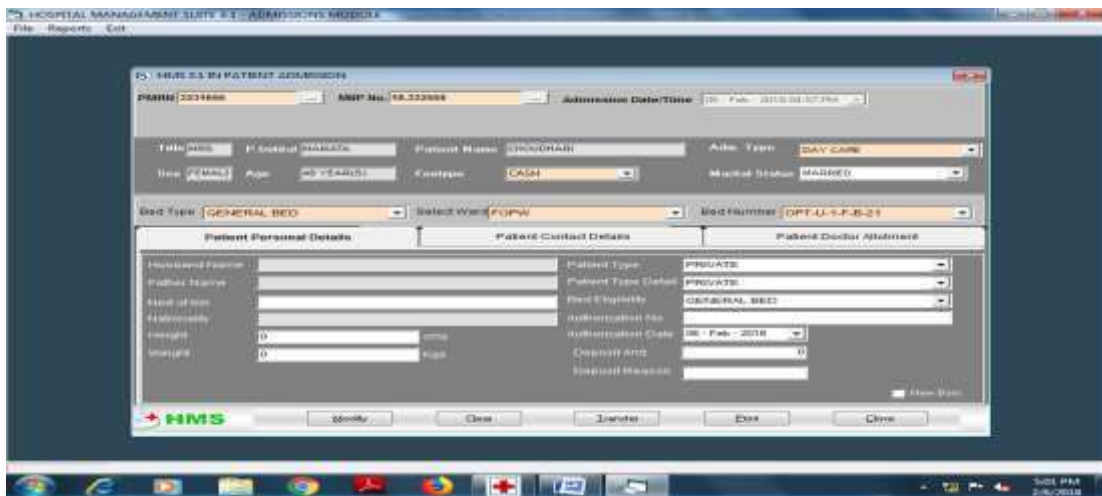

*Male/Female/EMS Registration Module are same only separate module wise rights can be assigned to each dept.

7. Admission -4th module

- Admission
- Transfer
- Bed Status

a. Admission

b. Patient contact Details

The screenshot shows the 'HMS 3.1 IN PATIENT ADMISSION' window. The 'Patient Contact Details' tab is selected, indicated by a red arrow. The form contains the following fields:

- PRRN: 3231665
- MIP No.: 18.332658
- Admission Date/Time: 06-Feb-2010 04:07 PM
- Title: MRS. P. Initial: MABATA
- Patient Name: CROUDHARI
- Adm. Type: DAY CARE
- Sex: FEMALE
- Age: 48 YEARS
- Payer Type: CASH
- Marital Status: MARRIED
- Bed Type: GENERAL BED
- Select Ward: POPW
- Bed Number: OPT-U-1-F-B-21

The 'Patient Contact Details' section includes fields for:

- H No: AT, SAHARAT AVENUE
- Street: ROOM NO 203 - PLOT NO 54
- Area: SECTOR NO 16 B
- City: ROADALI
- District: RAIGAD
- State: MAHARASHTRA
- Country: INDIA
- Pin: 0
- Phone:
- Cell: 982211762
- E-Mail:
- Religion: HINDU
- Dispanen: NOT KNOWN
- Blood Group: A +ve

Buttons at the bottom: HMS, Modify, Clear, Transfer, Print, Close.

c. Patient Doctor Allotment

The screenshot shows the 'HMS 3.1 IN PATIENT ADMISSION' window. The 'Patient Doctor Allotment' tab is selected, indicated by a red arrow. The form contains the following fields:

- PRRN: 3231665
- MIP No.: 18.332658
- Admission Date/Time: 06-Feb-2010 04:57 PM
- Title: MRS. P. Initial: MABATA
- Patient Name: CROUDHARI
- Adm. Type: DAY CARE
- Sex: FEMALE
- Age: 48 YEARS
- Payer Type: CASH
- Marital Status: MARRIED
- Bed Type: GENERAL BED
- Select Ward: POPW
- Bed Number: OPT-U-1-F-B-21

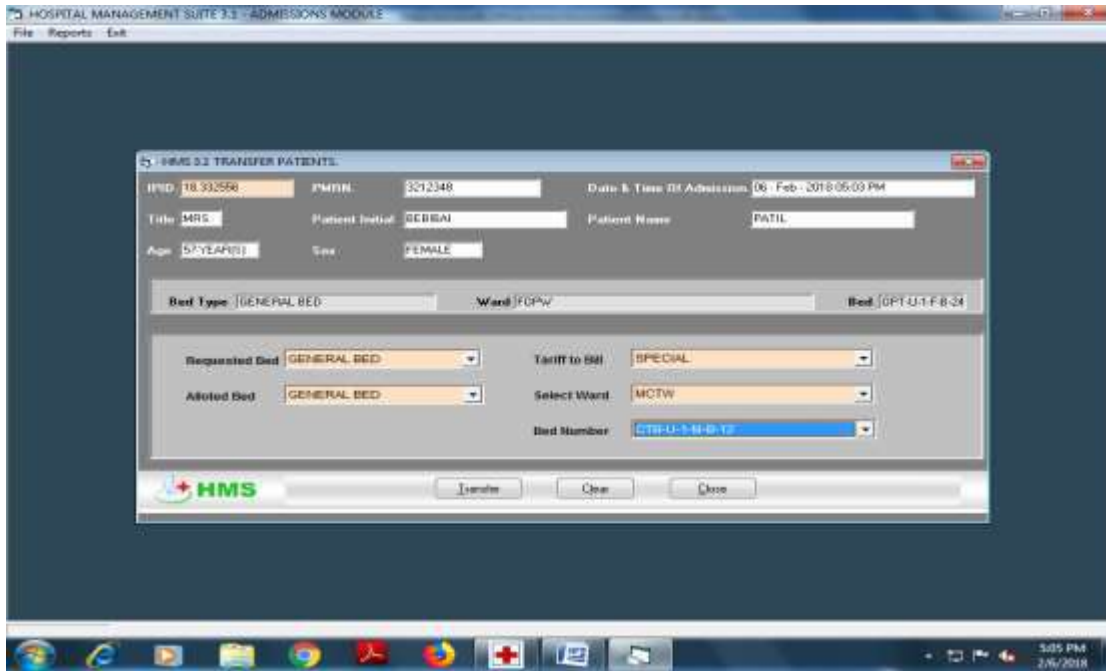

The 'Patient Doctor Allotment' section includes a list of doctors:

- ORTHOPEDICS
- OPHTHALMOLOGY
- ENT
- OBS & GYN
- GENETICS
- ANC
- EMERGENCY MEDICINE
- ICU
- MICU
- SICU
- NICU
- PICU
- MAXILLOFACIAL SURGERY

The 'CONSULTANT DOCTORS' section has a checked box for 'OPHTHALMOLOGY', indicated by a red arrow.

Buttons at the bottom: HMS, Modify, Clear, Transfer, Print, Close.

- b. Patient Transfer
(Patient transfer to from any ward to other ward)

c. Reports

- Dept wise
- Specialization wise
- Discharge wise
- City wise
- State wise
- Sub dept wise (Admission, discharge, death)
- On bed status report
- Bed status selected dates

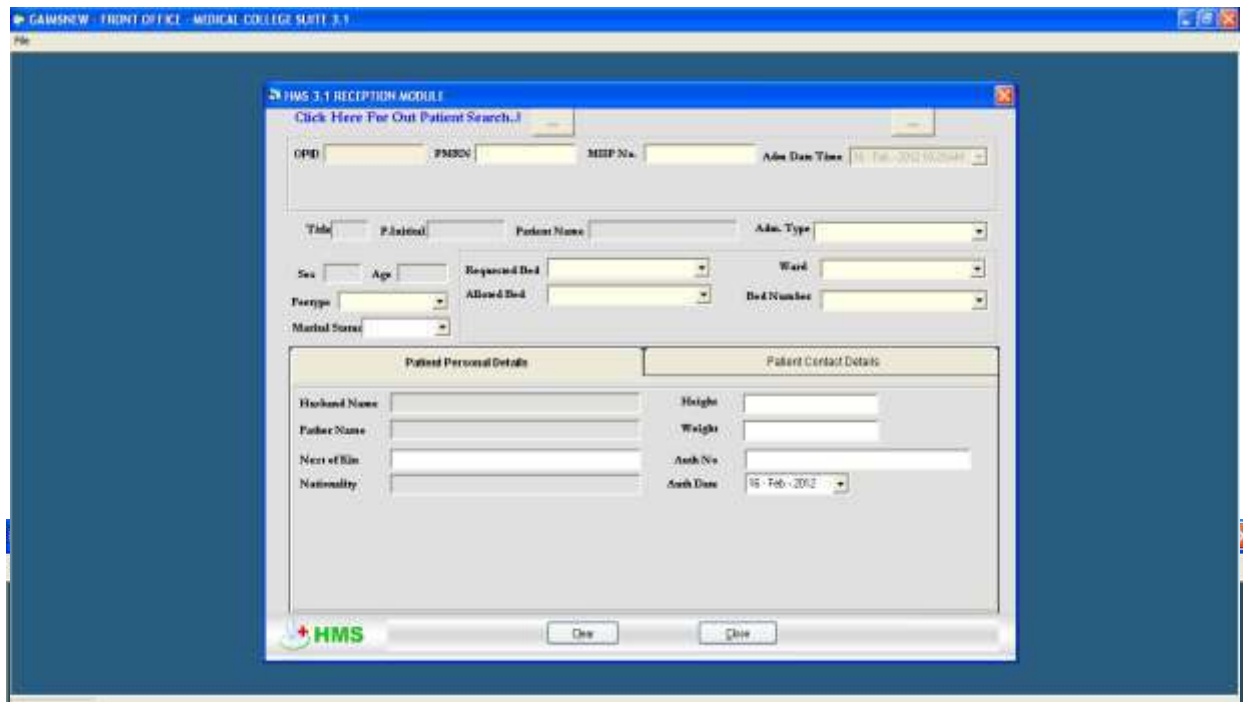

All Types of Reports Related to Admissions can be taken from this module.

Front Office:-to search patient details in OPD/IPD

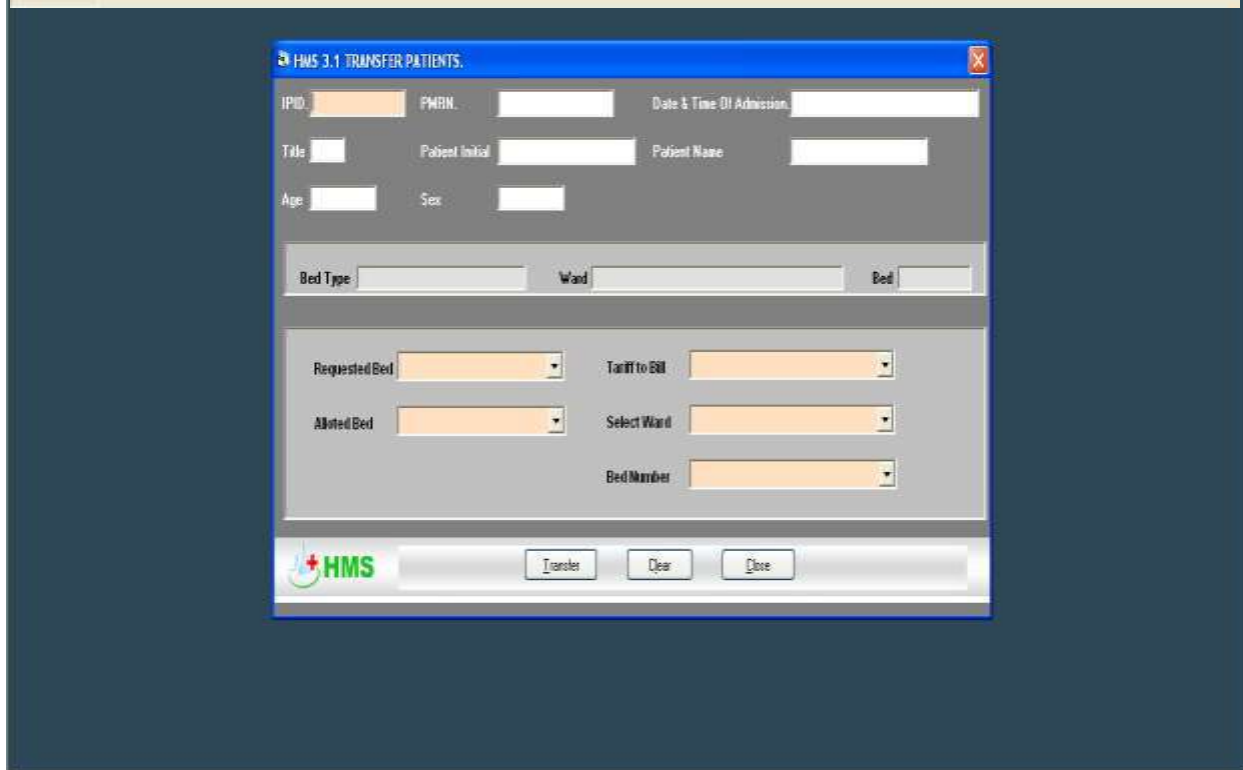

This module is used to search the patient. It is used by the Receptionist. This module gives the information about both Outpatient and Inpatient.

By giving the OPID or PMRN no we get the information and also we can search by Name, Place or Date also.

This form gives the Summary of Outpatients for the working day.

The screenshot shows a software window titled "HMS 3.1 RECEPTION MODULE" with a blue header bar. Below the header, there is a link "Click Here For Out Patient Search...". The form contains several input fields and dropdown menus for patient information. At the top, there are fields for "OPID", "PMRN", "MIDP No.", and "Adm. Date Time" (set to "16-Feb-2012 08:00AM"). Below these are fields for "Title", "P.Initial", "Patient Name", and "Adm. Type". Further down are fields for "Sex", "Age", "Requested Bed", "Ward", "Emergency", "Alloted Bed", and "Bed Number". A "Married Status" dropdown is also present. The form is divided into two sections: "Patient Personal Details" and "Patient Contact Details". The "Patient Personal Details" section includes fields for "Husband Name", "Father Name", "Next of Kin", and "Nationality". The "Patient Contact Details" section includes fields for "Height", "Weight", "Auth No", and "Auth Date" (set to "16-Feb-2012"). At the bottom left is the "HMS" logo, and at the bottom right are "Clear" and "Close" buttons.

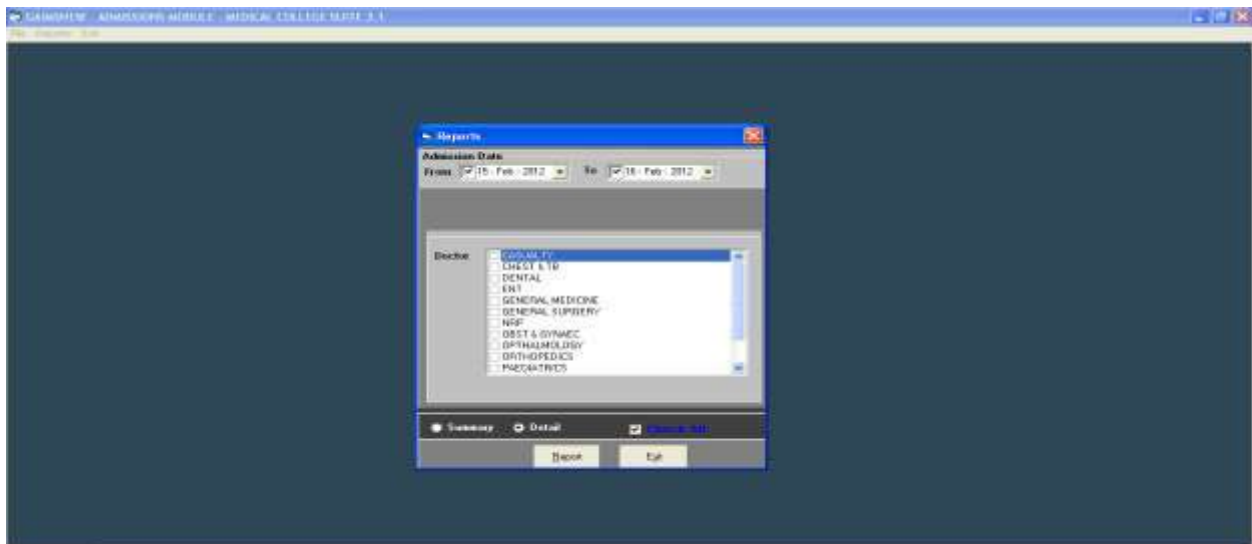

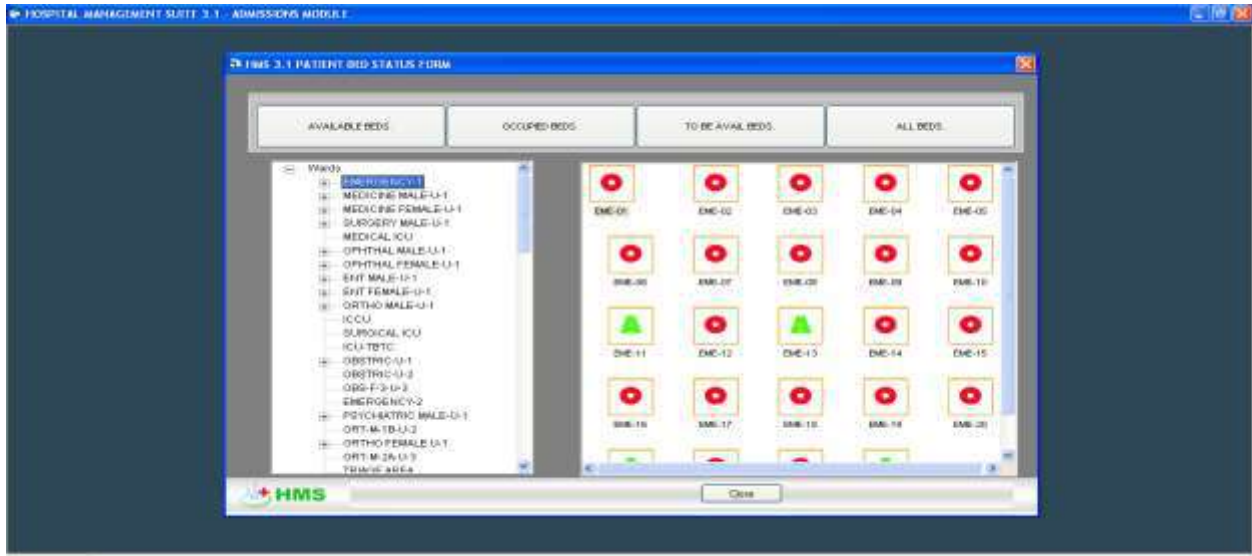

The screenshot shows a software window titled "HMS 3.1 TRANSFER PATIENTS." with a blue header bar. The form is used for transferring patients and contains several input fields and dropdown menus. At the top, there are fields for "IPID", "PMRN", and "Date & Time Of Admission". Below these are fields for "Title", "Patient Initial", and "Patient Name". Further down are fields for "Age" and "Sex". A section for "Bed Type", "Ward", and "Bed" is present. Below this are fields for "Requested Bed", "Tariff to Bill", "Alloted Bed", "Select Ward", and "Bed Number". At the bottom left is the "HMS" logo, and at the bottom right are "Transfer", "Clear", and "Close" buttons.

This form is used to transfer a patient from one bed to another bed. By giving the IPID we get the previous information about the patient after that selecting the requesting bed details we can transfer the patient from one bed to another bed.

Mandatory fields: Requested Bed, Allotted Bed, Tariff to Bill, Select Ward and Bed Number.

This form shows the details of Available and Occupied bed details in each ward. Here 'A' denotes the Available bed and 'O' denotes the occupied bed.

This Form is used to generate the Reports of the Inpatients. The Reports of the Inpatients are in different types. Here we need to select from date and to date. This reports will generated in two ways i.e., in Summary and Detail.

Report Classifications: Dept Wise, Specialization Wise, Discharge Patients, District Wise, State Wise, Country Wise, Sub Dept Wise Admissions, Sub Dept Wise

Discharges, On Bed Status Report, Bed Status Selected Dates, Ward Wise On Bed Patients, New Born Report.

Employee Tracker:

This is the main page of Employee Tracker Module. From this Page we can manage the Employee Information.

Employee ID	Employee Name	Department	Description
MQMR01	MRS AGARWALA	OBST & GYNAC	ASST. MANAGER

Operation Theatre:

This is the main page of Operation Theatre Module. From this form we can perform the Operation Theatre's information.

This Operation Theatre Schedule form is used to create a New OT Schedule. This form also gives previous schedules list. If we want to create new schedule click on the New Schedule button then the following form opens.

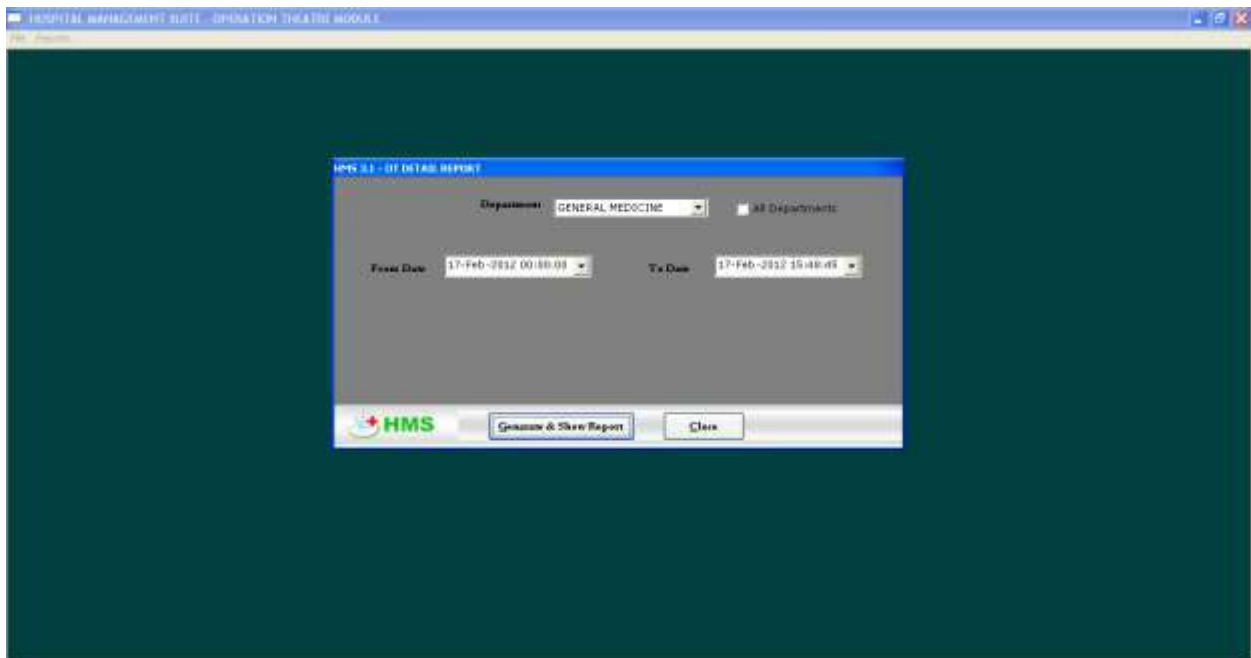

This form is used to create a new Operation Theatre Schedule. By selecting the IP Number the details are displayed. Then select Date & Time of Schedule, Anesthesia type, Surgery Name, Surgeons Name, Assistant Surgeons Name and Anesthetist Name then click on the Create to create a new schedule.

This Surgery Records form is used to see the entire schedule in between selected dates. Here two colors are available this colors classifies Confirmed Schedules and Completed Schedules. This colors information is given in bottom of the page.

This Operation Theatre Requests Form shows the information of the InCompleted Schedules automatically.

This Reports form is used to generate the Reports regarding Operation Theatre Schedules. These Reports are generated in different ways.

- OT Surgeries Detailed
- OT Type Wise
- OT Anesthesia Type Wise
- OT Schedules Done
- OT Schedules Surgery

Classification of Reports: OT Surgeries Detailed OT Type Wise, OT Anesthesia Type Wise, OT Schedules Done, OT Schedules Surgery.

MIS Reports:

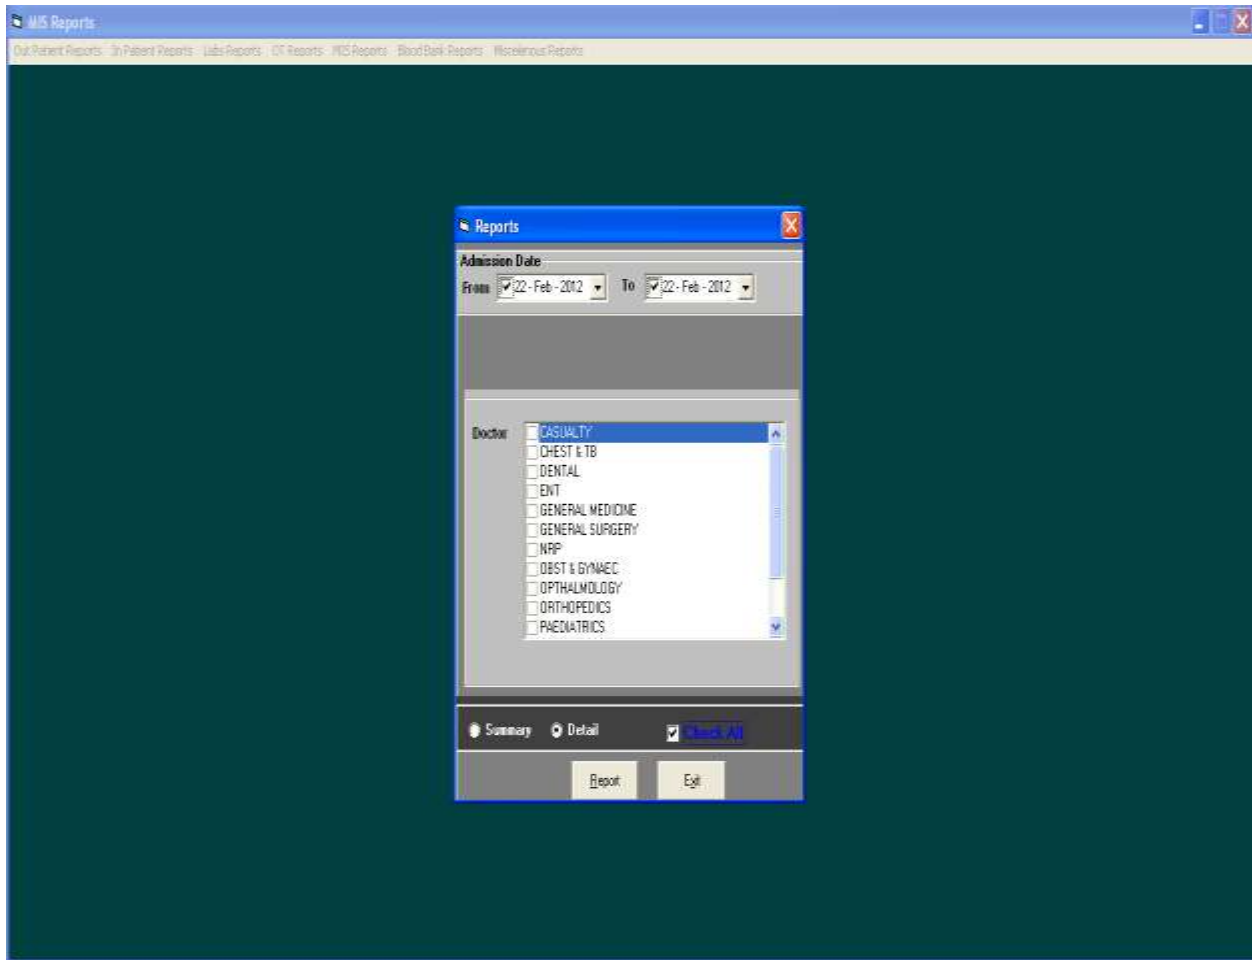

This is the main page of MIS Reports Module. This form is used to generate the Different type of reports.

This form is used to generate the details of Outpatient in different ways. Here we need select Dates to generate the reports.

Report Classifications: Dept Wise Summary, Dept Wise Clubbed, Dept Gender Wise Clubbed, Dept Gender Wise Summary, Dept Sub Dept Gender Old & New Summary, Sub Dept Wise Gender Wise, Sub Dept Gender Wise Clubbed, Unit Wise OPD.

This form is used to generate Inpatient Reports. Here we need to select the From Date and To Date. These Reports are generated in different ways.

Types of Reports: Specialization Wise, Discharge Patients Report, Sub Dept Wise Admissions, Sub Dept Wise Discharges, Sub Dept Wise Deaths, Current Bed Status, Bed Status Summary, Bed Status Detailed, Patient Bed History, IPD Wise Patients, IPD Wise Spec Wise Patients, IPD Wise Dept/Doctor Wise, Discharge Wise Dept/Doctor Wise, Dept Wise Months Bed Stats, Dept Wise Between Dates.

This form is used to generated the Lab information Reports of both Inpatient and Outpatient. These Reports are generated in different ways.

Classification of Reports: Lab Services Executed, IP Lab Services Executed, Investigation Wise, IP Investigation Summary, OP Investigation Summary, Department Wise, IP Investigation Wise, OP Department Wise, Selected Departments, IP Selected Departments, OP Selected Departments, Service Type Wise, IP Service Type Wise, OP Service Type Wise, Investigation Wise summary, IP Investigation Wise, OP Investigation Wise.

This form is used to generate the Operation Theatre Reports.

Surgeries Detailed
Dept Wise Summary
Surgery Type Wise
Anesthesia Type Wise
OT Schedules
Surgery Wise Detailed

Classification of Reports: Surgeries Detailed, Dept Wise Summary, Surgery Type Wise, Anesthesia Type Wise, OT Schedules, Surgery Wise, Detailed.

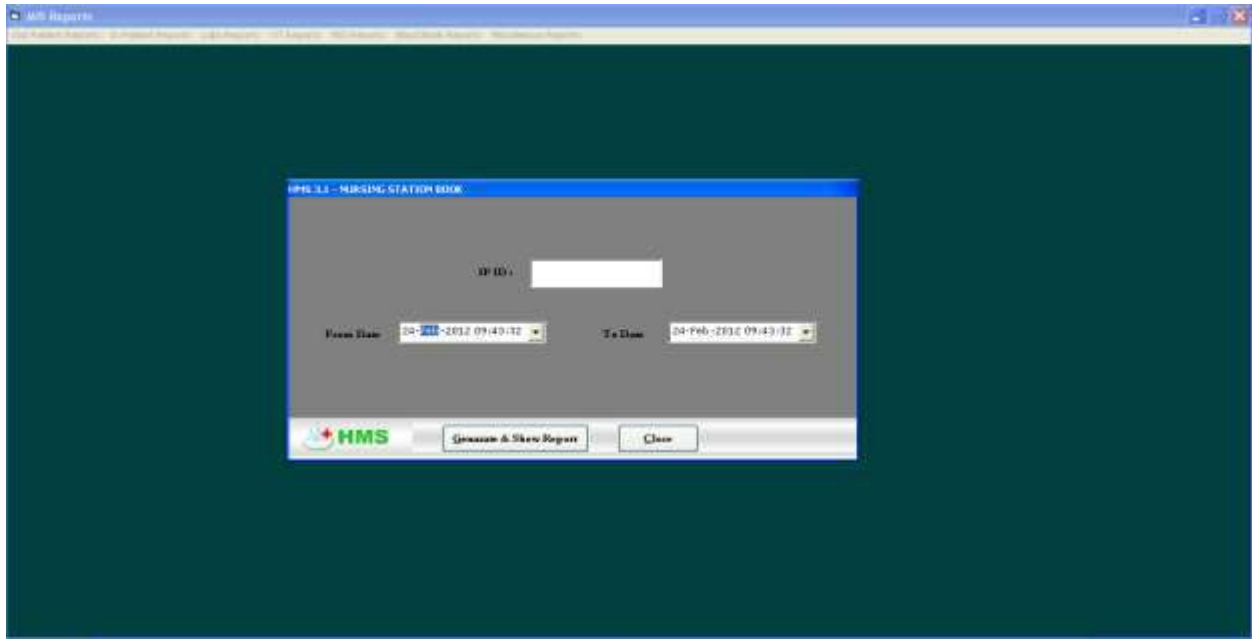

This form is used to generate the MIS Reports.

Classification of Reports: Month Wise Clinical Material, Day Wise Clinical Material, PMRN Wise Services, IPID Wise Services, IP MLC Patient Details, OP MLC Patient Details, ICD Code Wise, ICD Code-Locality Wise, Avg Collection IP & OP, Avg Collection Service Wise.

This form is used to generate the Blood Bank Reports.

Classification of Reports: Donors List, Recipient List.

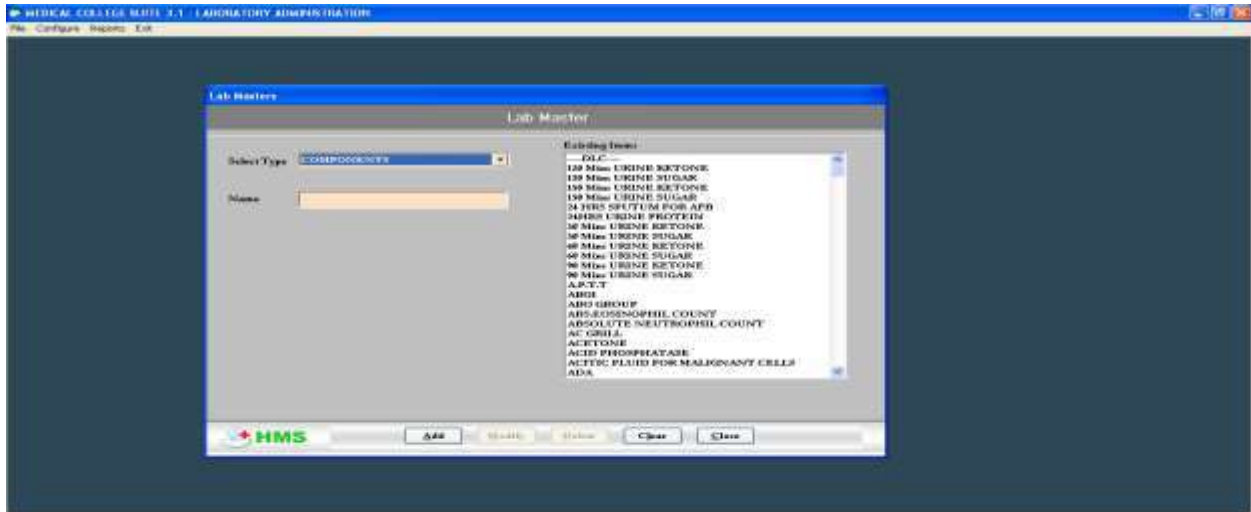

This form is used to generate the Nursing and other Reports.

Classification of Reports: Nursing Report Book, Nursing Vitals Book, Patient Drug History, Patients Drug Consumption.

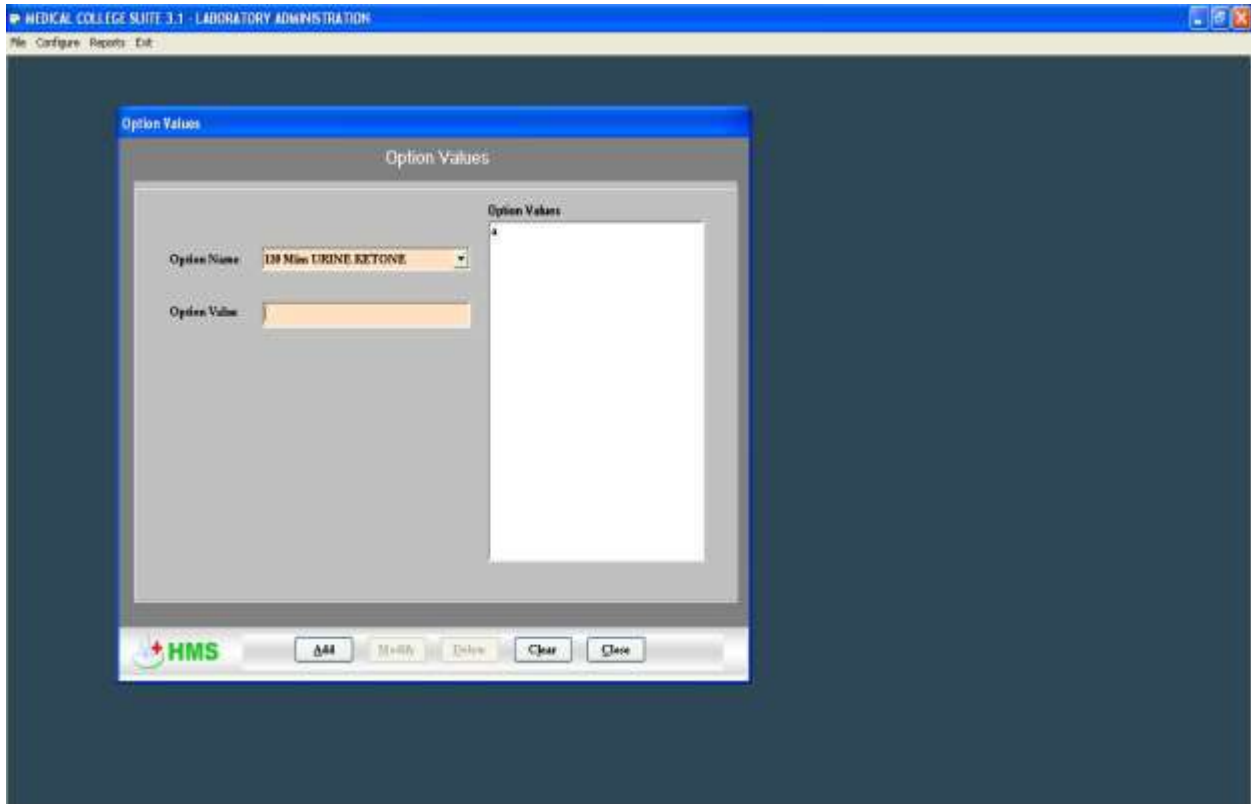

Central Lab:

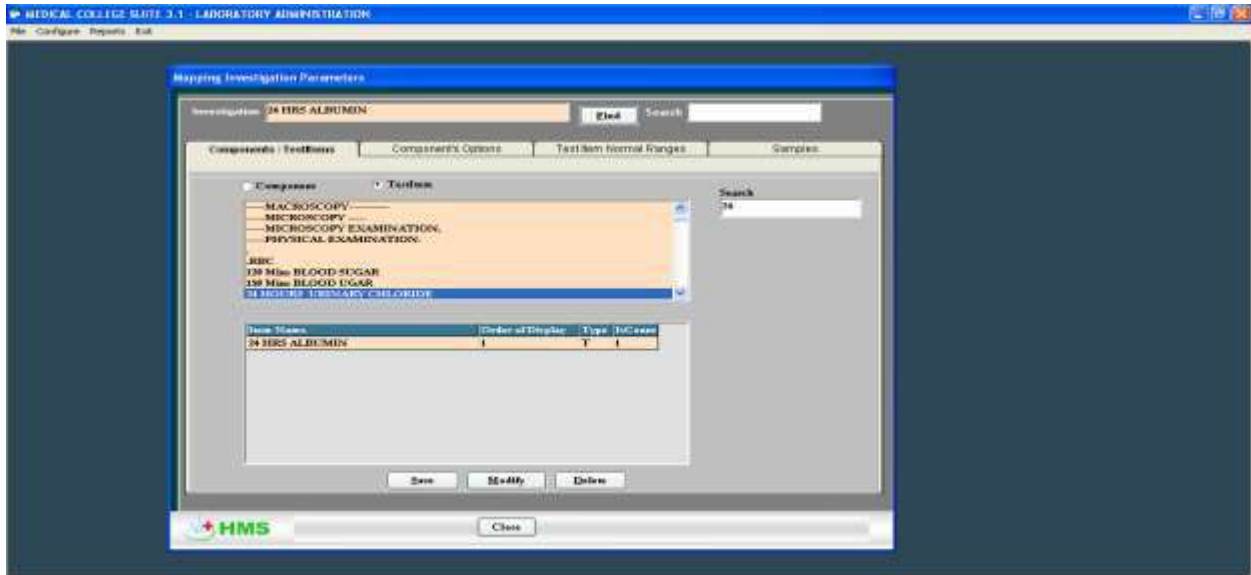

This is the main page of the Central Lab Module. From this Module we can Manage the Lab Information i.e., Normal Values, Option Values, Investigation Parameters.

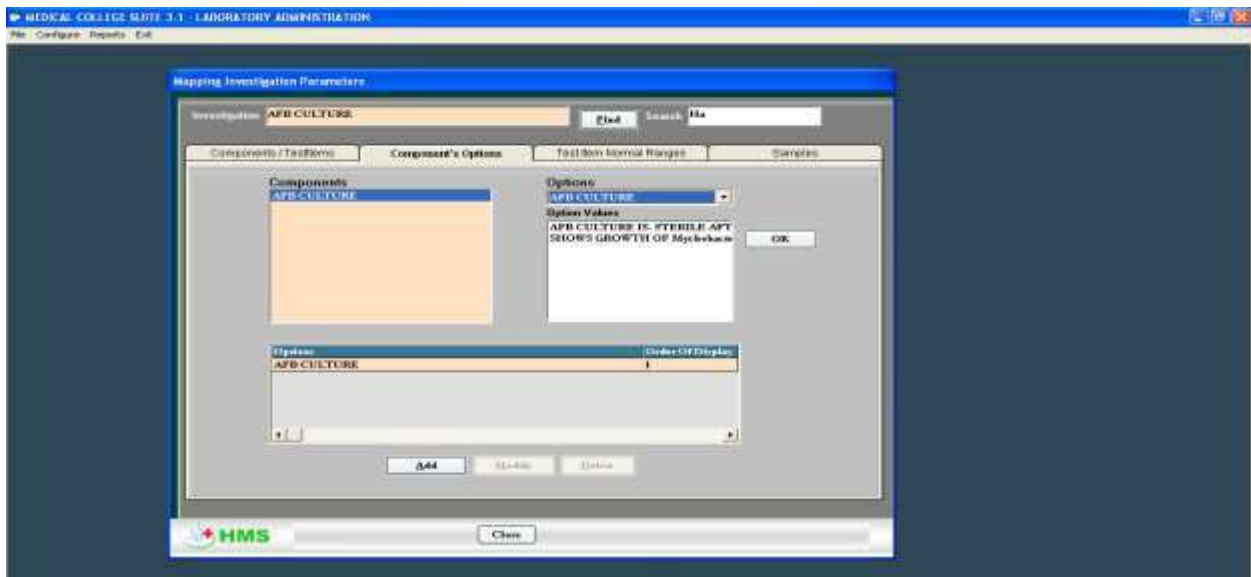

This Lab Masters form is used to Add or Modify the Components, Options, Samples, Test items and Units.

This form is used to create or modify Option Values for Investigations.

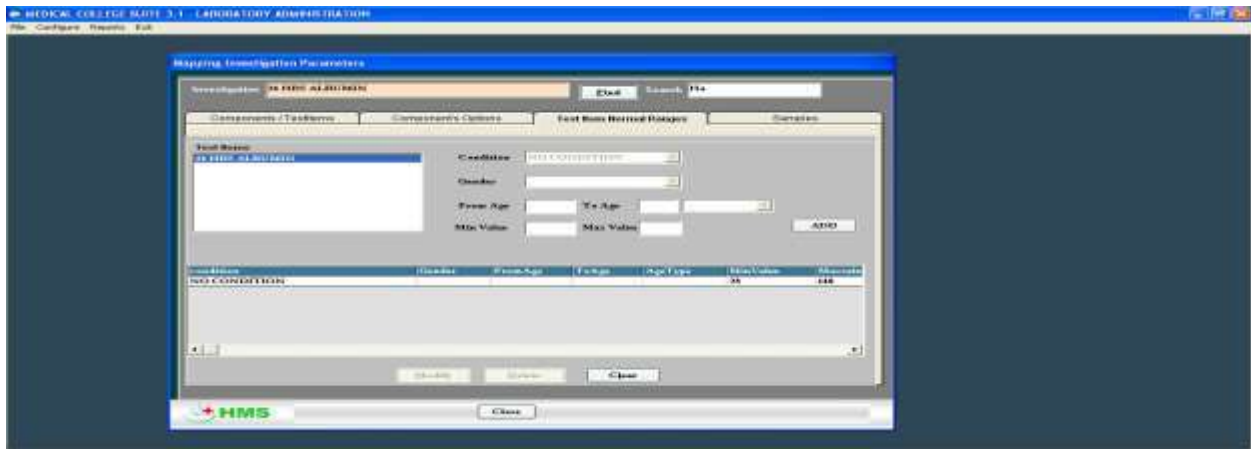

This form is used to create Parameters for Investigations. First we need to select the Investigation then select Component or Test item for that Investigation. Then set the Order of Display and Enter first Item as '1' and remaining as '0' in IsCount

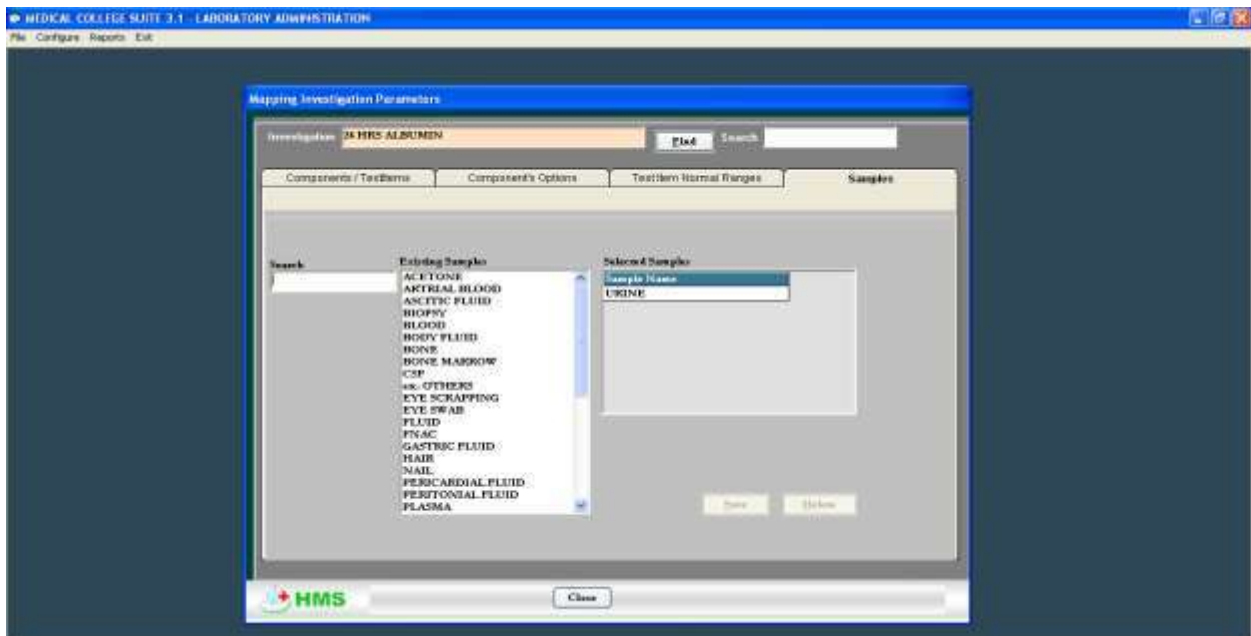

In this form select the component then select the Options and Option Values for that Component.

If it is Test Item then click TestItemNormalRanges.

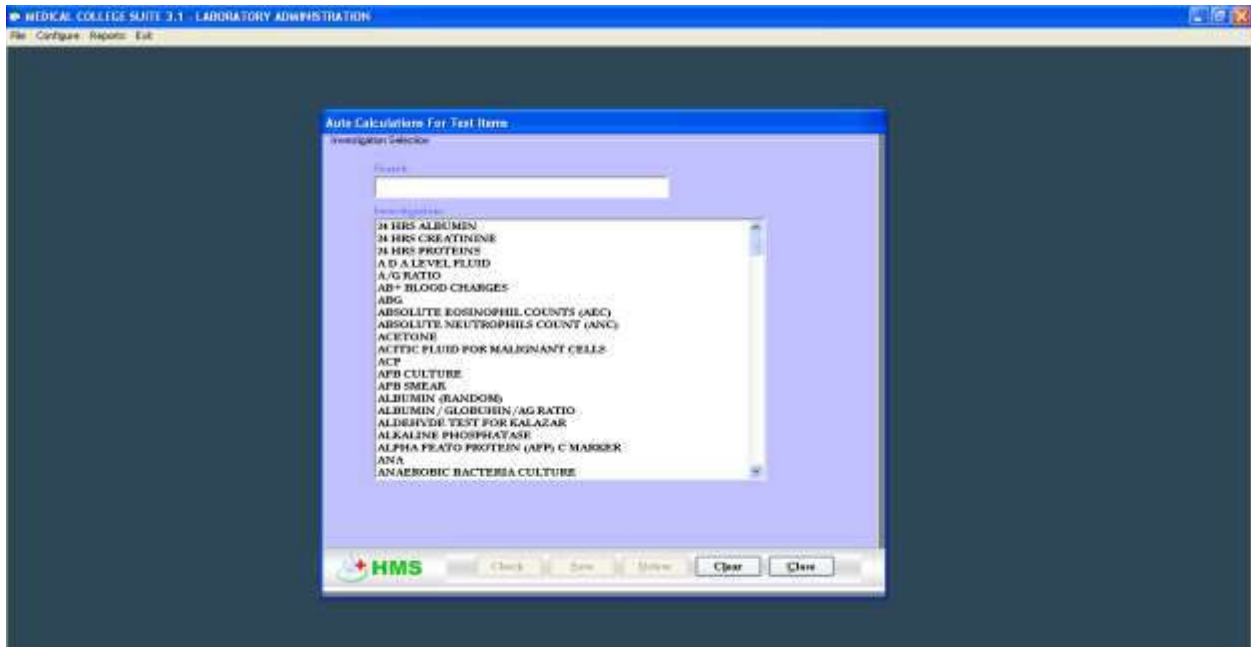

In this form select the Test Item. Then select Conditions for the range and enter the Minimum value and Maximum Values for Test Items then click add to save changes.

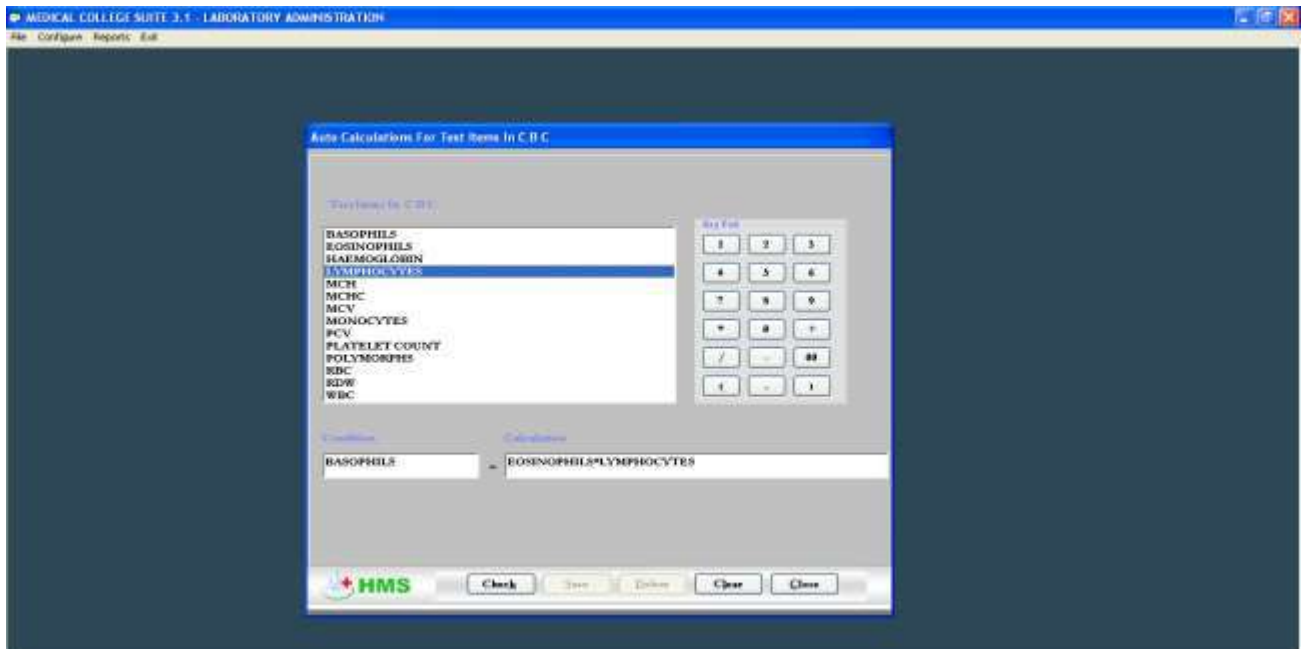

After selecting the Component values and Test item Ranges then move to Samples.

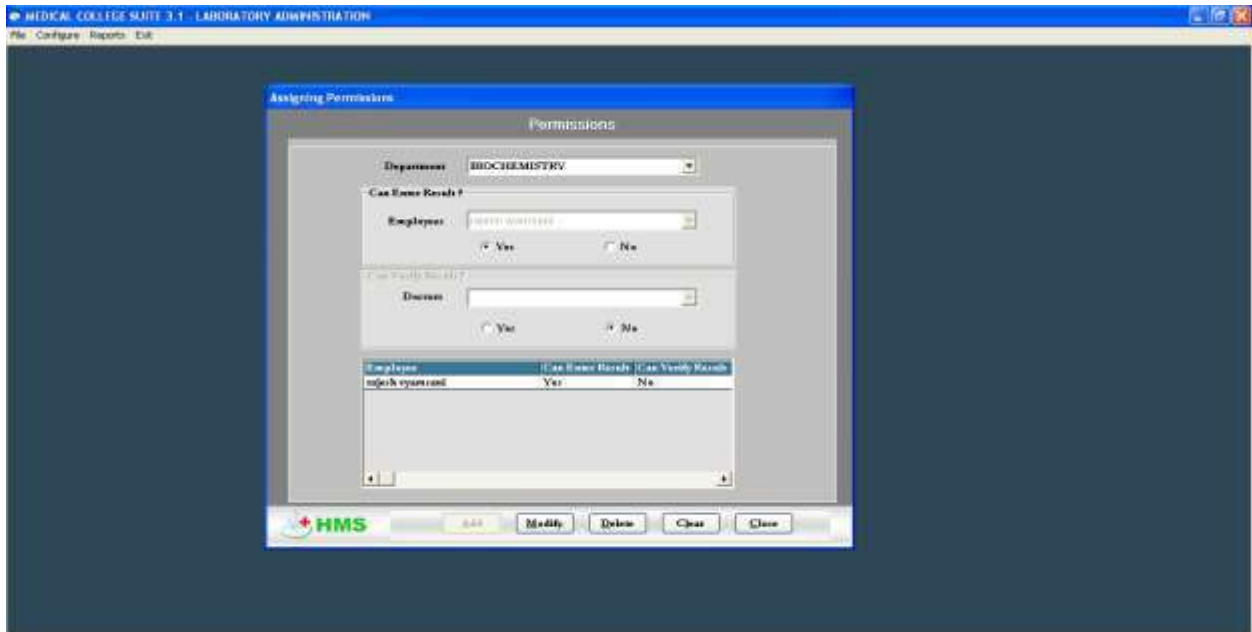

Here select the samples for that Investigation then click save.

This form is used to add calculation for test item means in any Investigation one test item value depends upon another test items then this form is used. For that select the Investigation then the following form will be opened.

In this form select formula for the test item and click check to add the formula.

This form is used to give the permissions to the Employees or Doctors to enter the details of reports.

This form is used to generate the reports of Lab Master Details. This form generates the report of the Components, Options, Samples, Test Items and Units.

This form is used to generate the Investigation Parameters of all Departments. By selecting the Department name and Investigations the reports will be generated.

This form is used to generate the report of NormalRanges for the Test Items. By selecting the Test Items report will be generated.

Lab Reports:

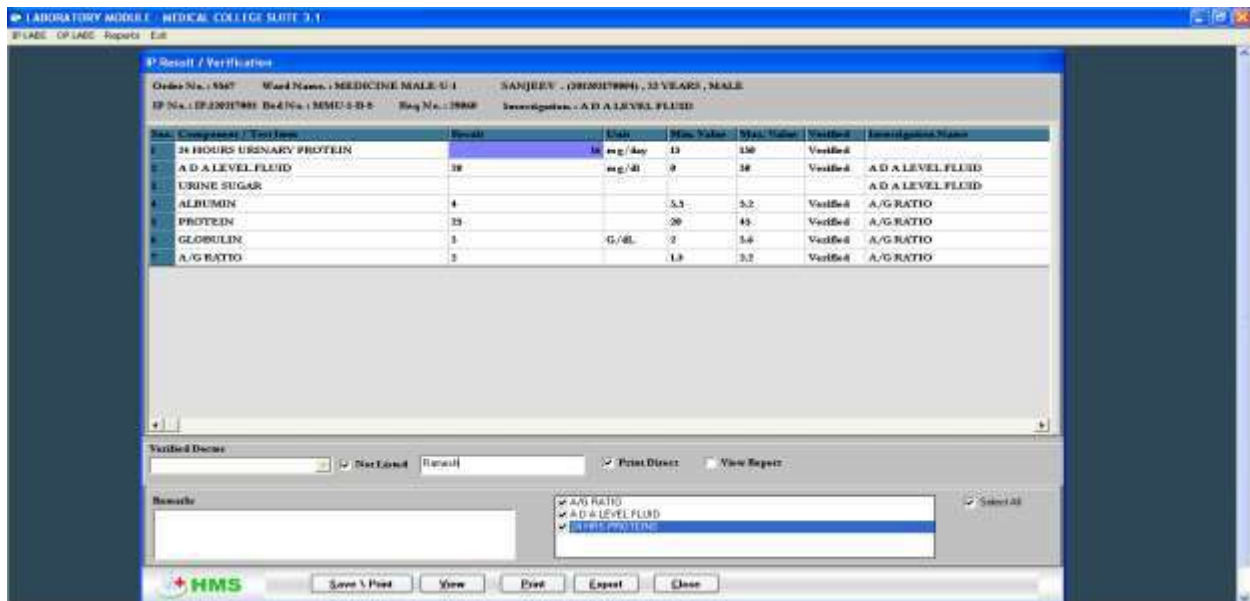

This is the main page of the Lab Reports Module. From this form we enter the values for the Investigation and gives report to the patient.

The screenshot displays the 'IP Labs' window from the 'LABORATORY MODULE - MEDICAL COLLEGE SUITE 3.1'. The interface includes a search area with date filters (From: 18 Feb 2012, To: 17 Feb 2012), search criteria fields for IP No., Order No., and Name, and buttons for 'Show Pending' and 'Show All'. Below this is a table with the following data:

Req No.	IP No.	Patient Name	Age	Sex	View Object	Req No.	Order No. (O)	Request Date
20040	IP.0001000	RANJITHA - (2010110004)	32 YEARS	MALE	MEDICINE MALE U	MMI-000	0007	17 Feb 2012

At the bottom of the window, there are status indicators for result verification: 'None of the Results Entered', 'Few Results Entered', 'None of the Results Verified', 'Few Results Verified', 'All Results Entered', and 'All Results Verified'. A 'Close' button is located at the bottom right.

This IP Labs form is used to enter values for the Investigations of In Patient. This form shows two Buttons and range in terms of Dates. By selecting the DateRange and Clicking the Show Pending Button the details of pending values are shown. The color is changed automatically according to the status the colors details are displayed in the bottom of the page. Then select the Investigation to enter Values. After clicking on the Investigation it will ask the Lab Number after giving the Lab number and the next will be displayed.

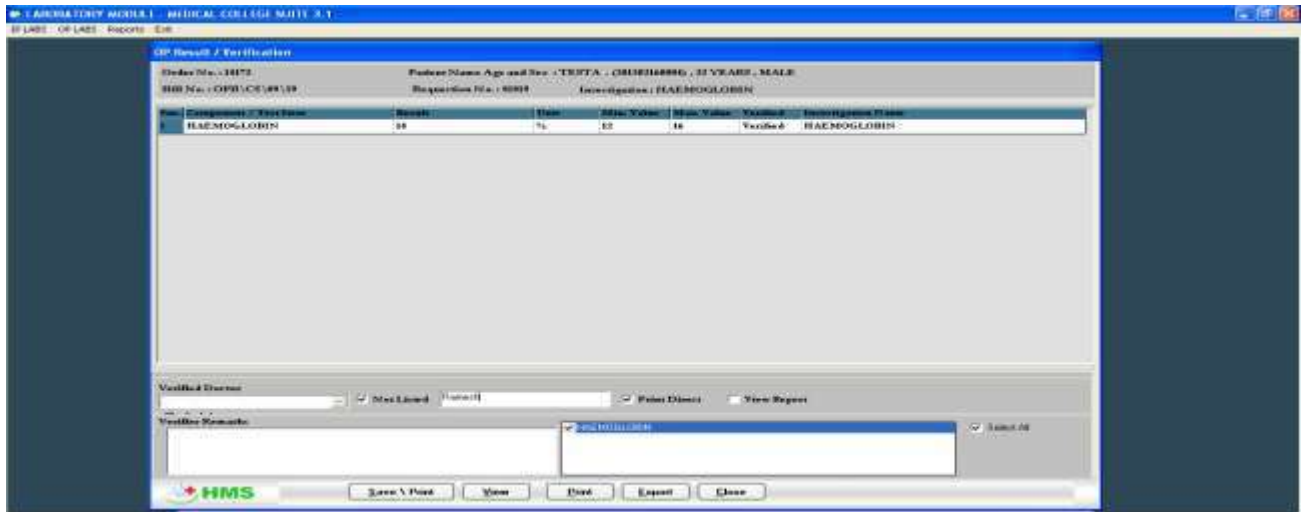

In this form the values are entered according to the test done by the Technicians or doctors. After entering the values select the doctor name if name is not there then clicks on Not Listed and write the name and click Save\Print Button. Then the Printout of the Report is Generated.

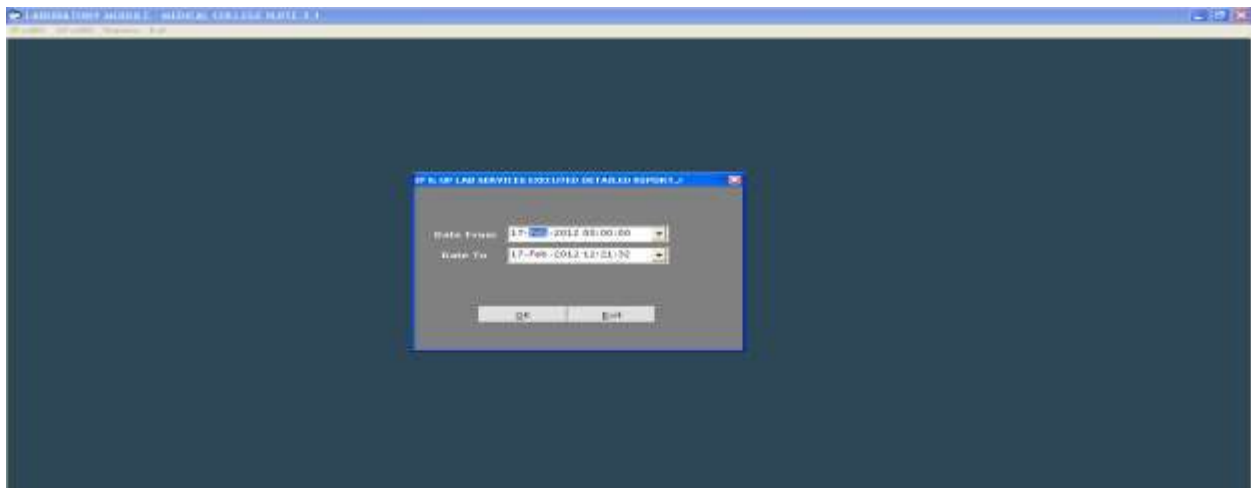

This OP Labs form is used to enter values for the Investigations of Out Patient. This form shows two Buttons and range in terms of Dates. By selecting the DateRange and Clicking the Show Pending Button the details of pending values are shown. The color is changed automatically according to the status the colors details are present in the bottom of the page. Then

select the Investigation to enter Values. After clicking on the Investigation it will ask the Lab Number after giving the Lab number the next form will be displayed.

In this form the values are entered according to the test done by the Technicians or doctors.. After entering the values select the doctor name if name is not there then clicks on Not Listed and write the name and click Save\Print Button. Then the Printout of the Report is generated.

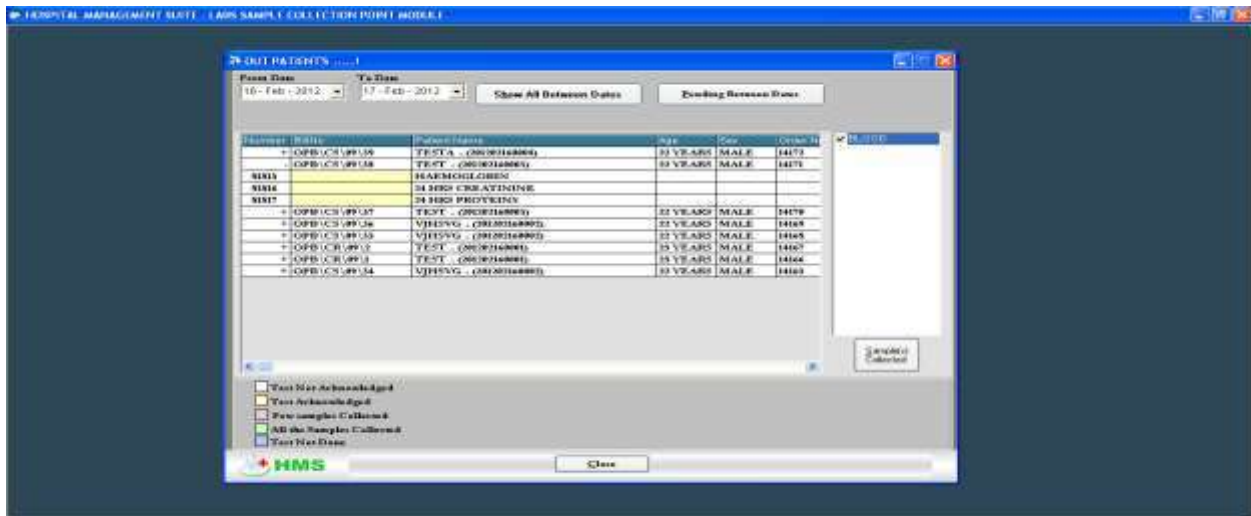

This Reports form is to create the Reports of the Investigations of the patients. Here by selecting of date Range this Reports are generated. These Reports has many types.

Classifications of Reports: Lab Services Executed, IP Labs Services Executed, OP Services Executed, Investigation Wise, IP Investigation Summary, OP Investigation Summary, Department Wise, IP Department Wise, OP Department Wise, Selected Departments, IP Selected Departments, OP Selected Departments, Service Type Wise, IP Service Type Wise, OP Service Type Wise, Investigation Wise Summary, IP Investigation Wise, OP Investigation Wise, IP OP Lab Reports.

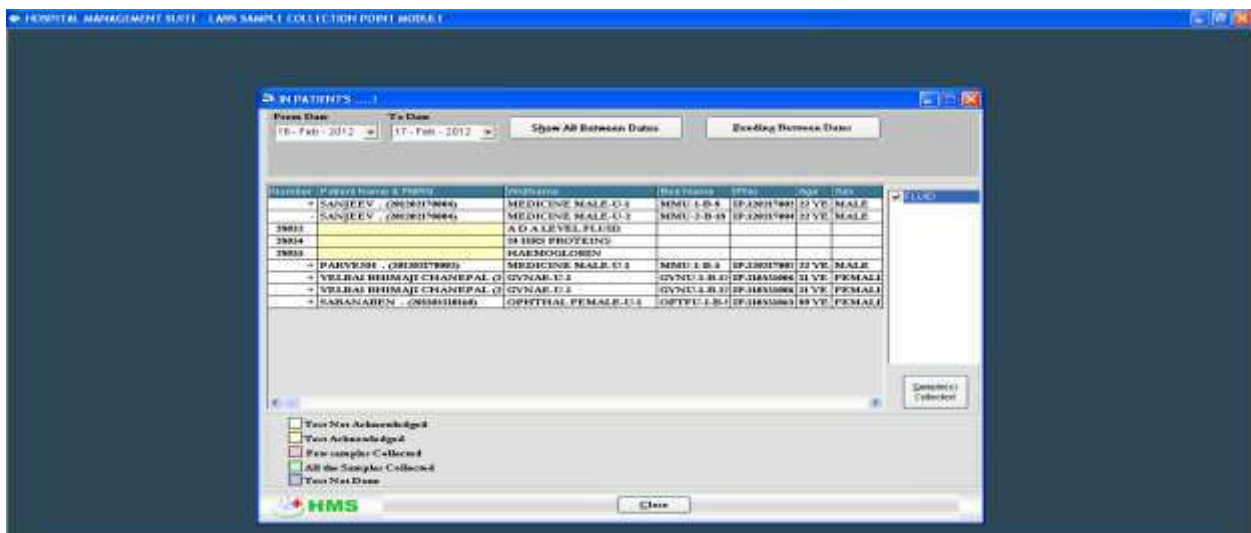

Lab Sample Collection:

This is Main page of the Lab Sample Collection Module. From this Module we can collect the Samples from both In Patient and Out Patient.

This Op Sample Collection form is used to collect the Samples from Out Patient. This Form shows two Buttons and Range in terms of Dates. By selecting date range and clicking the Show Pending Button it shows pending Samples for the Out Patient. Then click on Investigation to change the position of the sample. The status shows by the different colors shown in bottom of the form. By clicking on the Investigation the details of the samples are shown. Then select the sample and click on Sample Collected button for sample Collection.

This IP Sample Collection form is used to Collect the Samples from In Patient. This Form shows two Buttons and Range in case of Dates. By

selecting date range and clicking the Show Pending Button it shows pending Samples Details of the In Patient. Then click on Investigation to change the position of the sample. The status is showed by the different colors shown in bottom of the form. By clicking on the Investigation the details of the samples are shown. Then select the sample and click on Sample Collected button for sample Collection.

Radiology Console:

This form is the Main page of Radiology Console Module. This form is used to add or modify the Impressions of the Services.

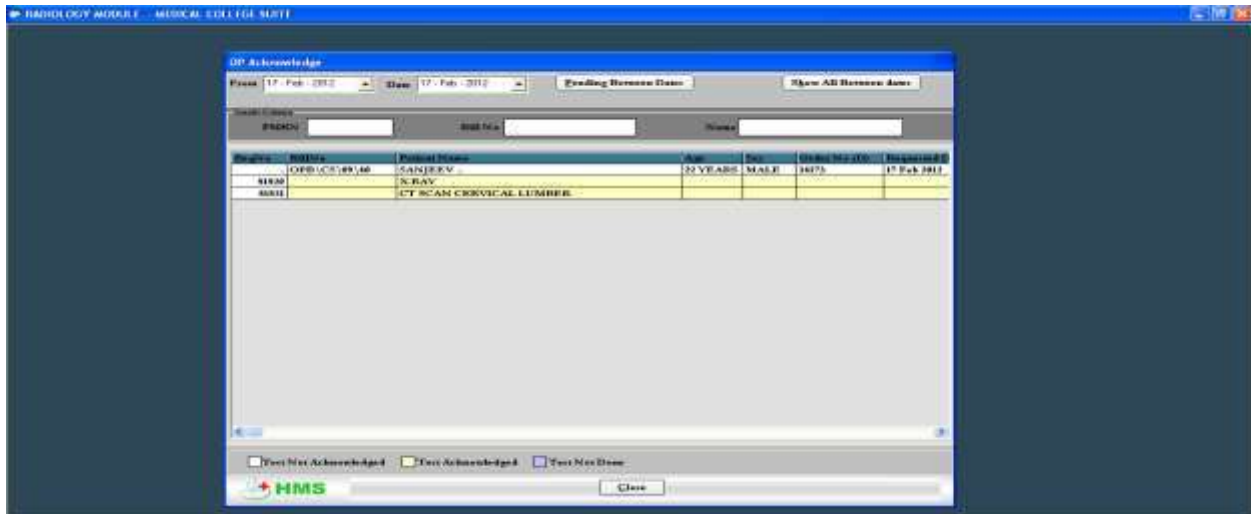

This form is used to Add or Modify the Impressions for the Investigation. Here we need to select the Investigation and Sex (Male/Female) then paste the Impressions in the Blank Space.

Radiology:

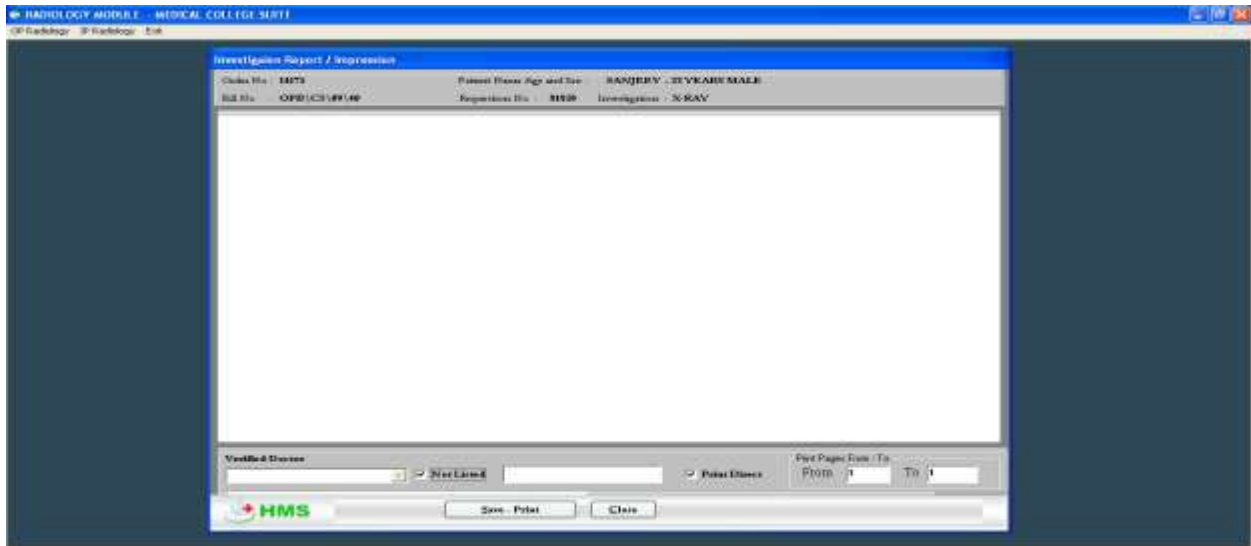

This is the main page of the Radiology module. From this page we can acknowledge the Radiology Investigation and Result also entered for both In Patient and Out Patient.

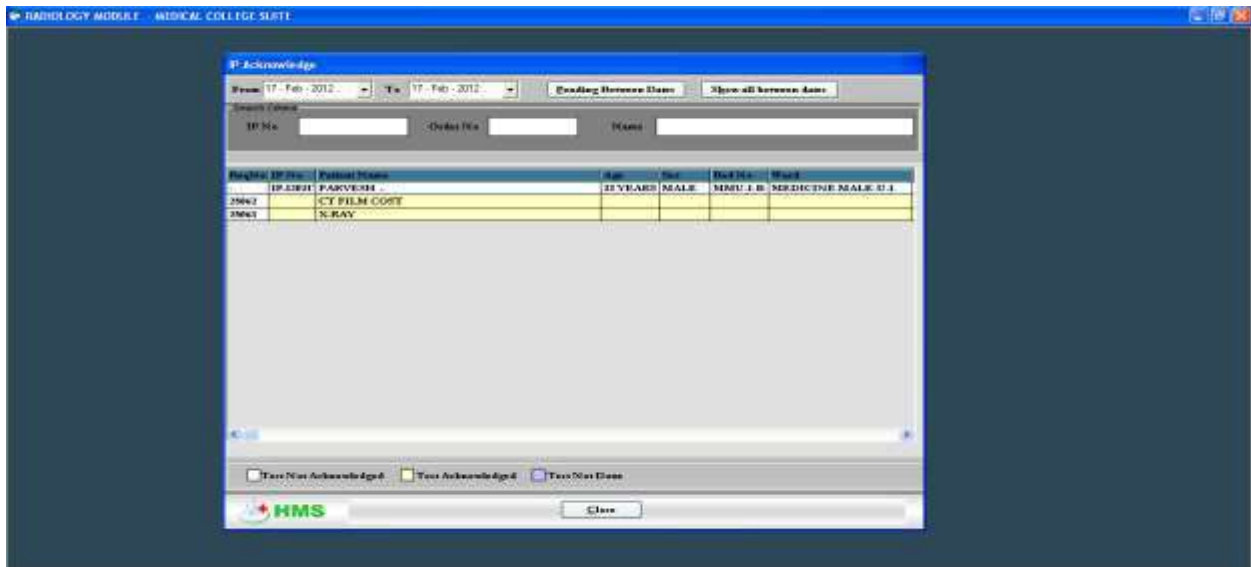

This OP Acknowledge form is used to acknowledge the Out Patient Investigation. This form shows two Buttons and Range in terms of Dates. After Selecting the From date and To Date click on the Show Pending button. It shows the pending acknowledgements. Then click on the investigation to acknowledge. Then the color will change accordingly. The color descriptions are available on the bottom of the page.

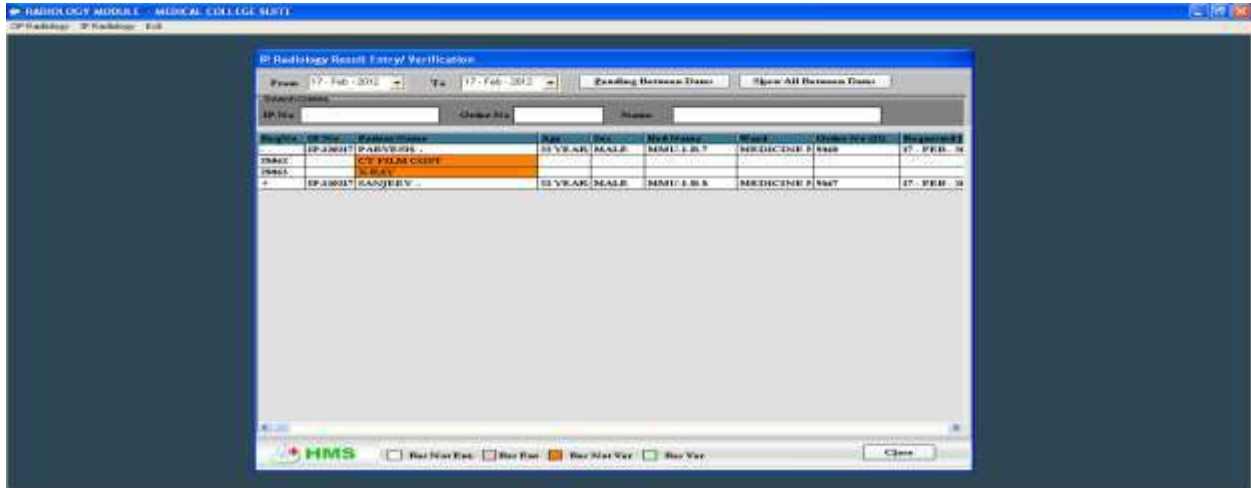

This OP Radiology Result Entry/ Verification form is used to enter the Results for the Investigations. This form shows two Buttons and Range in terms of Dates. By selecting the date Range click on the Show Pending Button. Then the Pending Investigations Information details are displayed. Then click on the Investigation to enter the Result. It asks the Lab number after entering the lab number the next form opens.

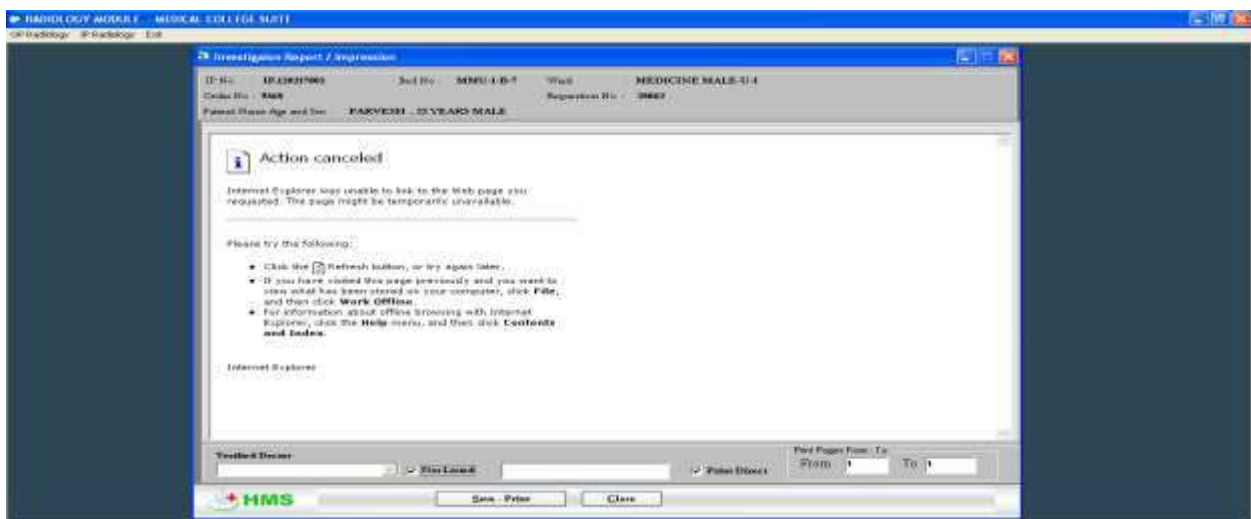

In this form the Result for the Investigation is entered. Then select the doctor name. If the doctor name is not available then click on Not Listed and enter the doctor name and click Save/Print. It generates the print out of the Report.

This IP Acknowledge form is used to Acknowledge the In Patient Investigation. This form shows two Buttons and Range in terms of Dates. After Selecting the From date and To Date click on the Show Pending button. It shows pending acknowledgements. Then click on the investigation to acknowledge. Then the color changes accordingly. The color descriptions are available on the bottom of the page.

This IP Radiology Result Entry/ Verification form is used to enter the Results for the Investigations. This form shows two Buttons and Range in terms of Dates. Select the date Range and click on Show Pending Button. Then the Pending Investigations Information details are displayed. Then click on the Investigation to enter the Result. It asks the Lab number after entering the lab number the next form opens.

In this form the Result for the Investigation is entered. Then select the doctor name. If the doctor name is not available then click on Not Listed and enter the doctor name and click Save/Print. It will generate the print out of the Report.

Reports:

This is the main page of the Reports Module. This form is used to generate the Reports of the Hospital with Classification of the MCI, Hospital and Other Reports.

These Reports are generated in many ways. We need to select the range in case of From date and To Date and this details are generated in Summary and Details.

Report Classifications:

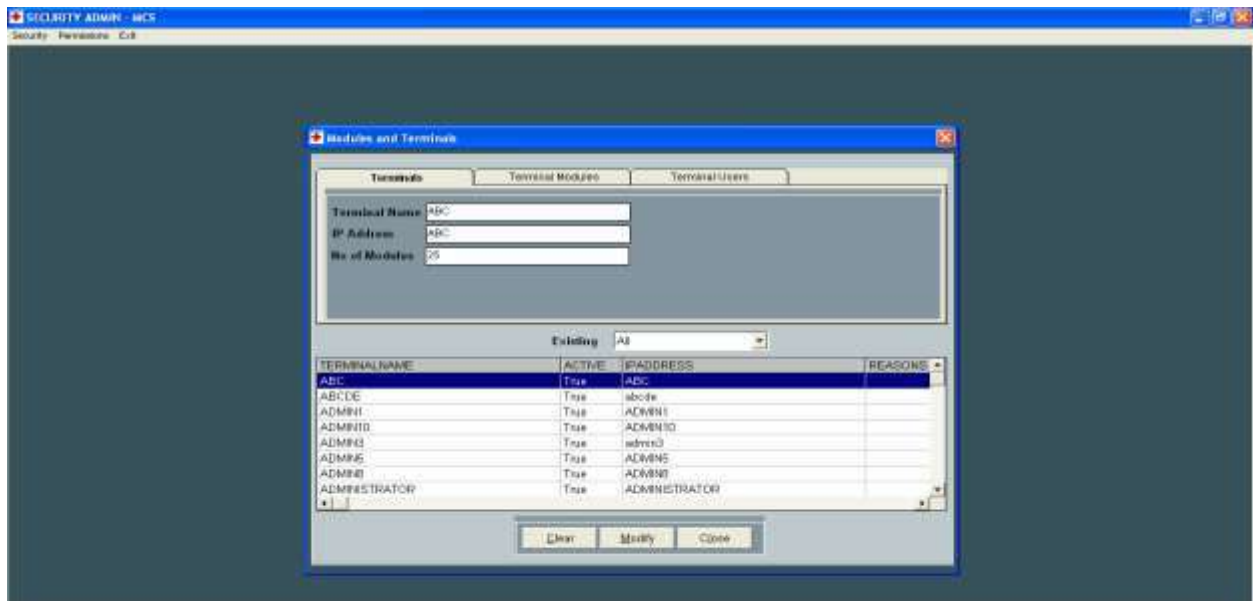

Registration Reports: Specialization Wise

Admission Reports: Specialization Wise, Specialization Wise Detail, Occupancy Report, Ward Wise on Bed Patients.

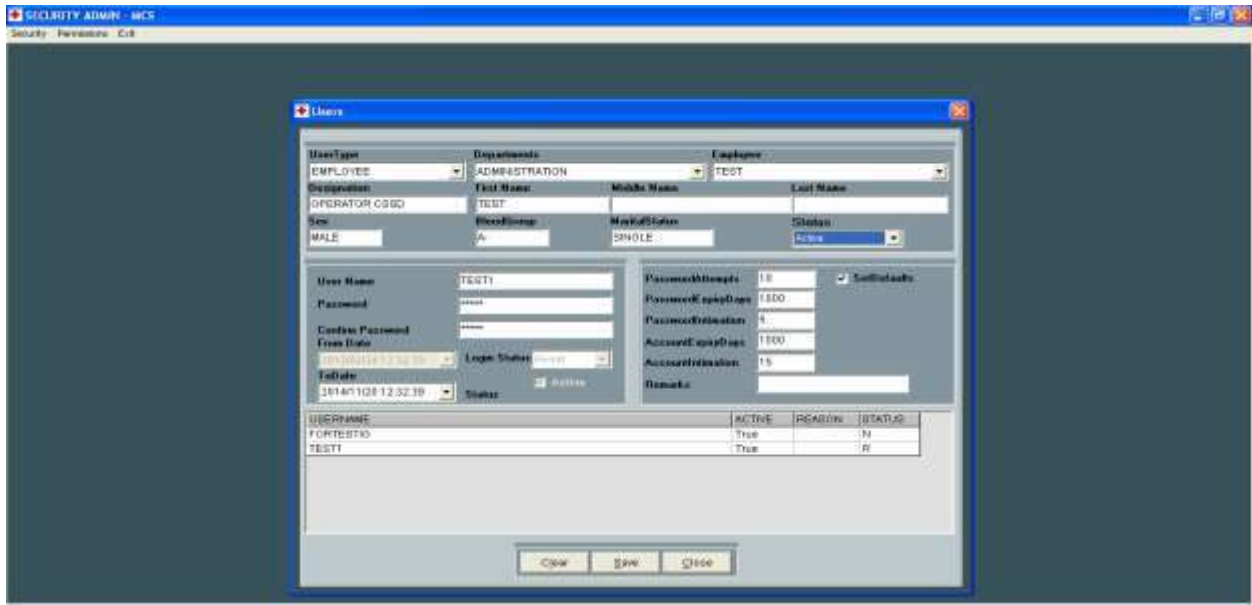

Security Console:

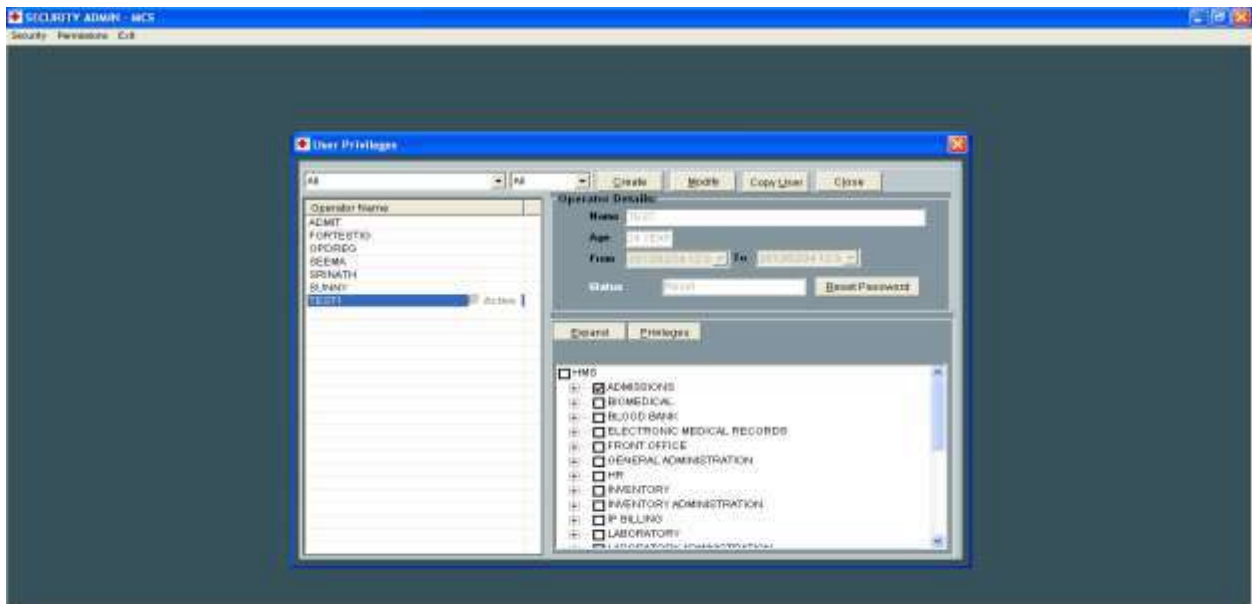

This form is the Main page of Security Console Module from this Module we can manage the Terminals Information.

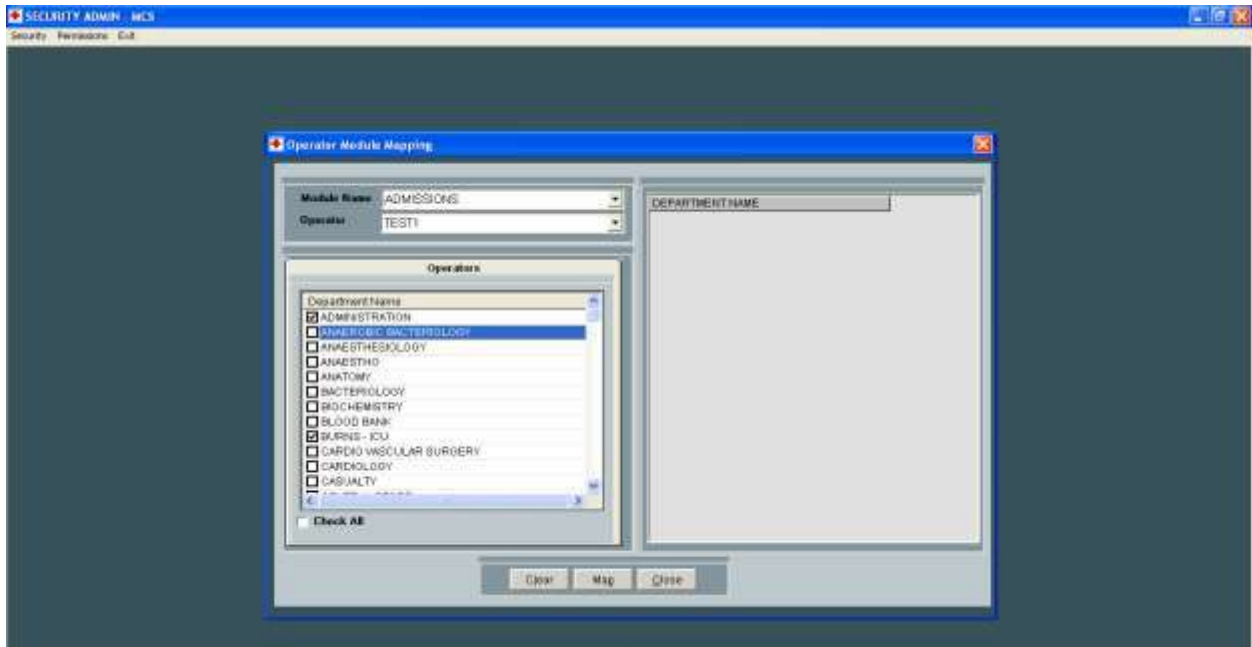

This form is used to create or modify the Terminal Information i.e., Terminal Name and IP Address.

This form is used to create new User information. To Create the user select the user type, Department and employee from the lists then enter the username, password, Confirm Password and click on SetDefaults and then Save.

This form is used to assign permissions for the user. Here we need to select the username then click the Modules in which you have to map the operators.

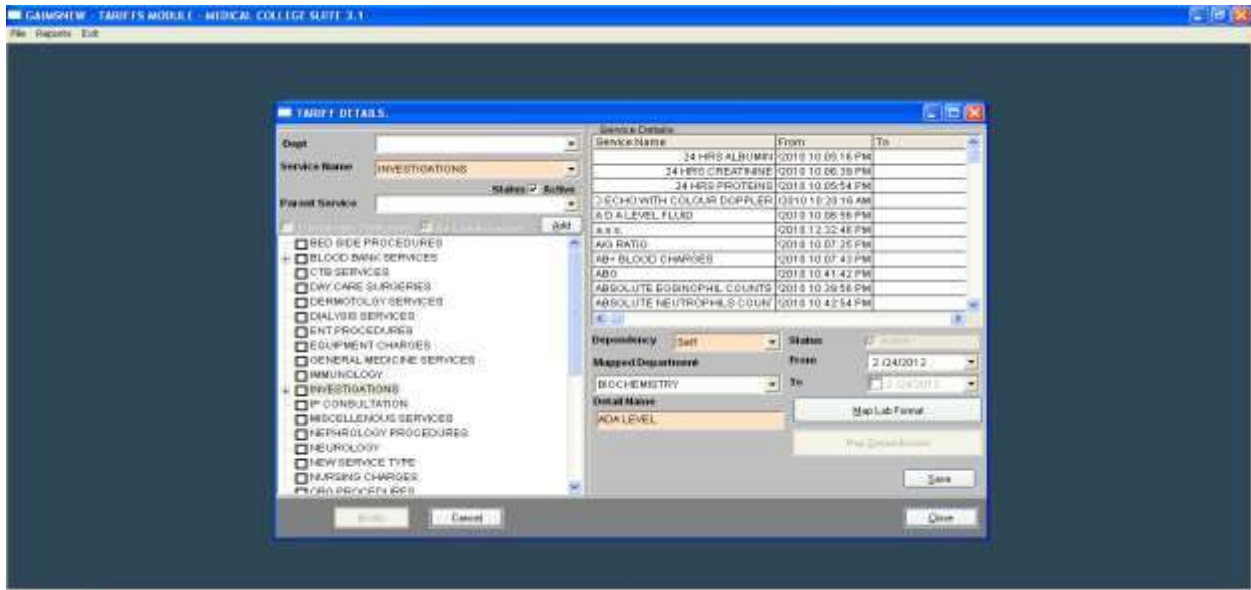

This form is used to Map the departments for the Operators.

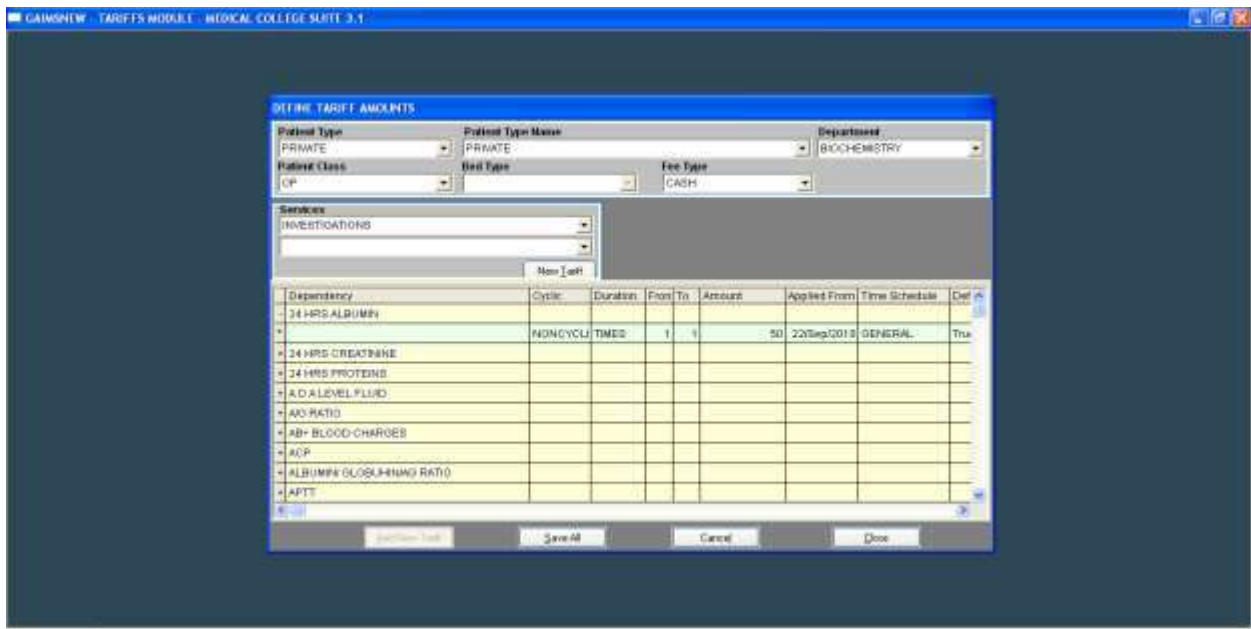

Tariff Console:

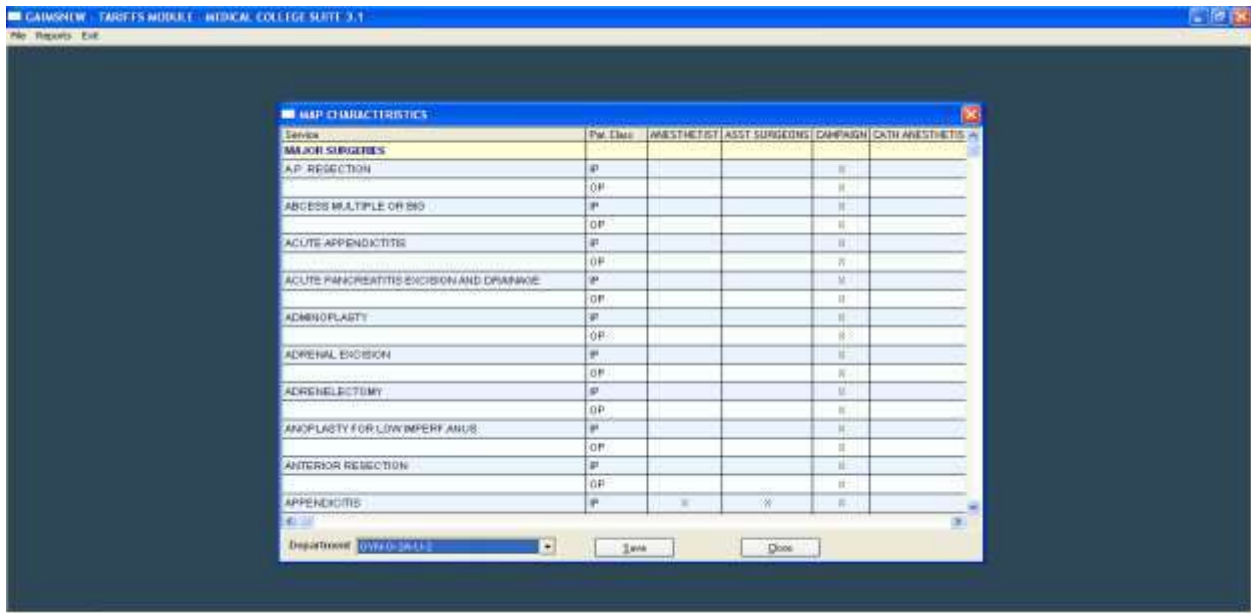

This form is the main page of the Tariff Console Module. By using this module we can create and modify the different Tariffs i.e., Investigations, Surgeries, Rates and so on.

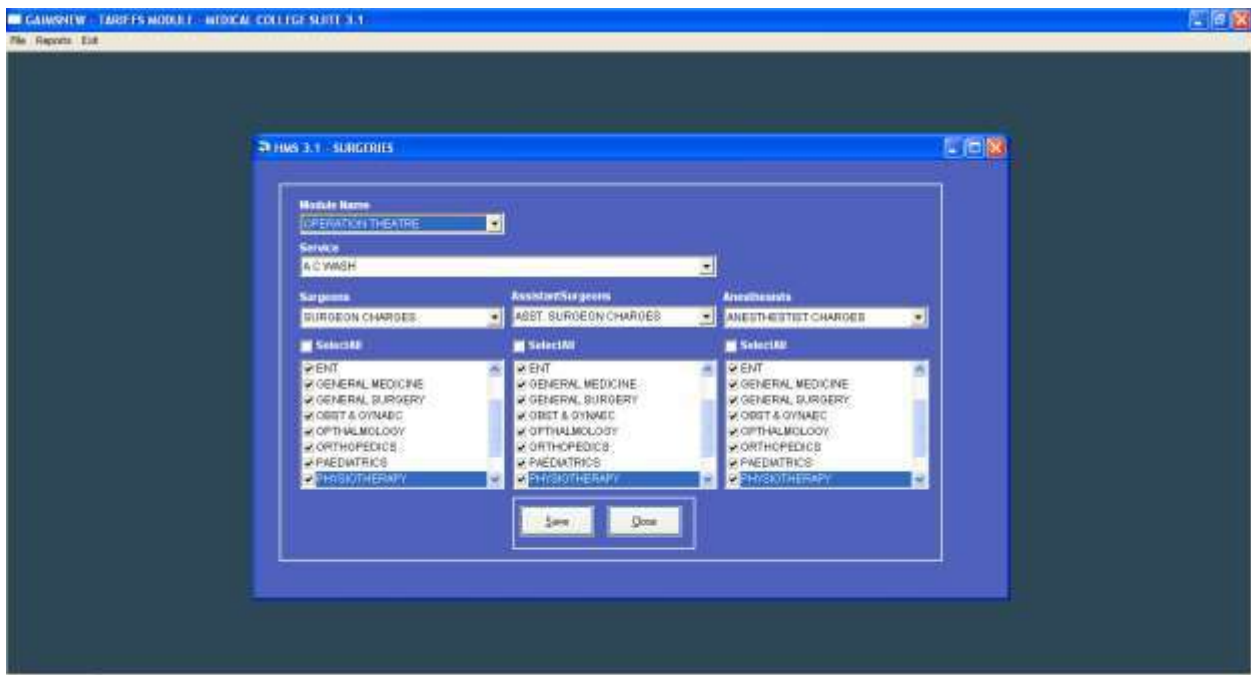

This form is used to create or modify the investigation or Surgery Names. First we need to select Service Name then it shows available tariffs in the list then click add and select the Dependency as Self then select the department and enter the Investigation or Surgery Name and click on save..

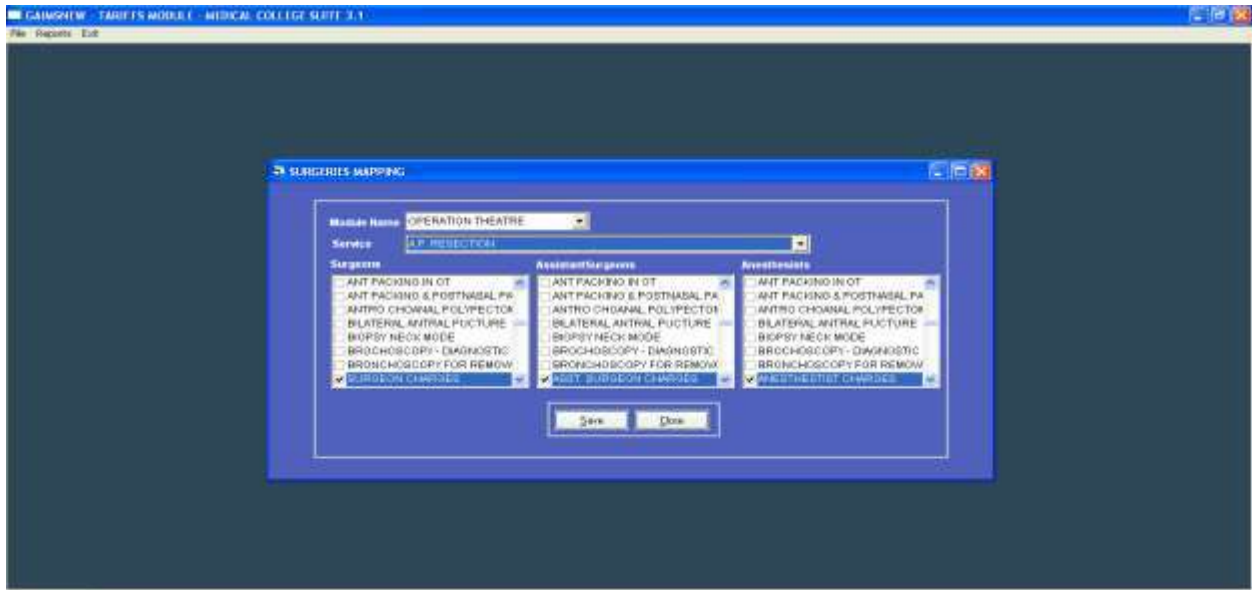

This form is used to enter Amount for the Tariff. We need to select Patient Type, Department, Patient Class, Bed Type (IP), Fee Type and Service type. Then it shows details then enter the Amount for the Service.

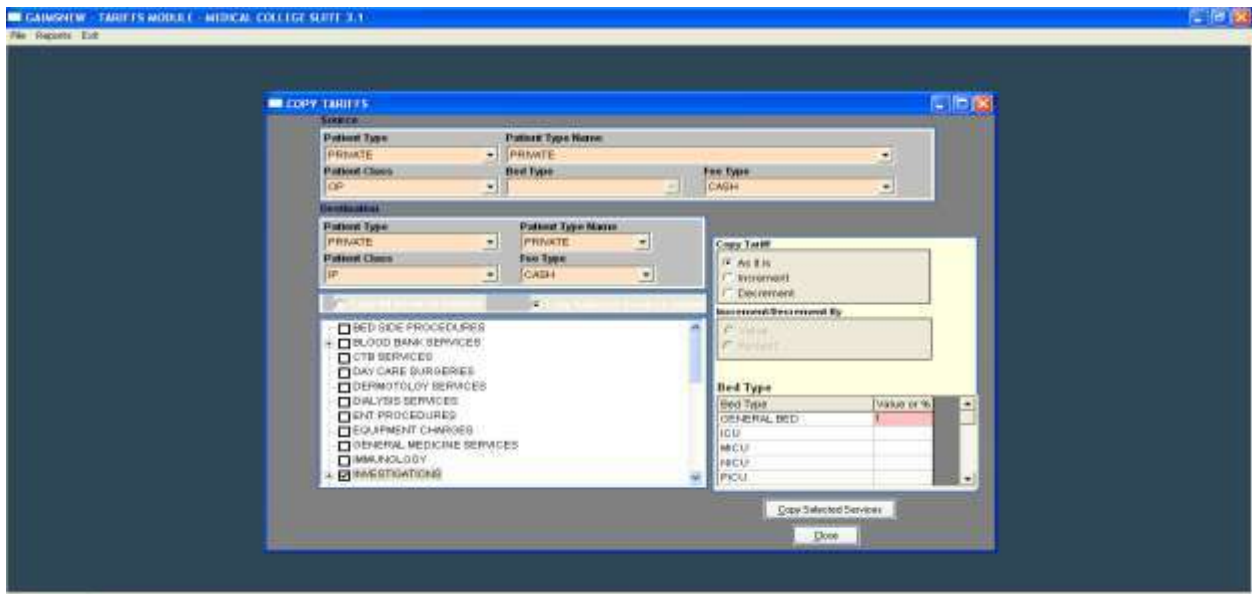

This form is used to Map the Surgeries for IP and OP. To Map for OP and IP, select the investigation and go to Surgeries that it is located in the end of the service name and click on it.

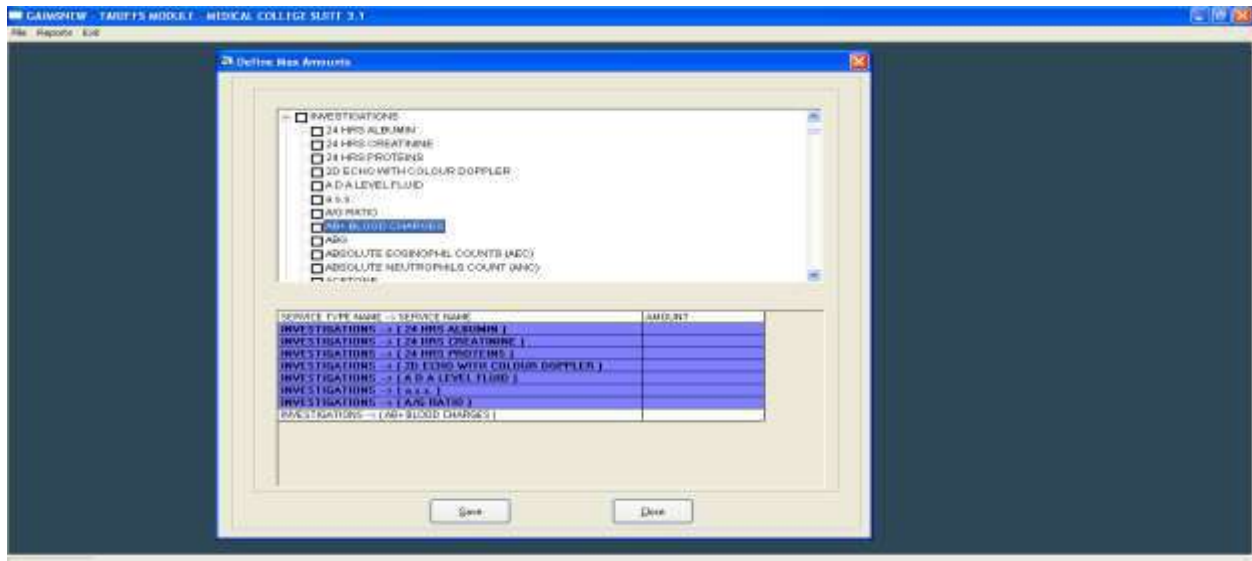

This form is used to Map the Surgeries to Departments.

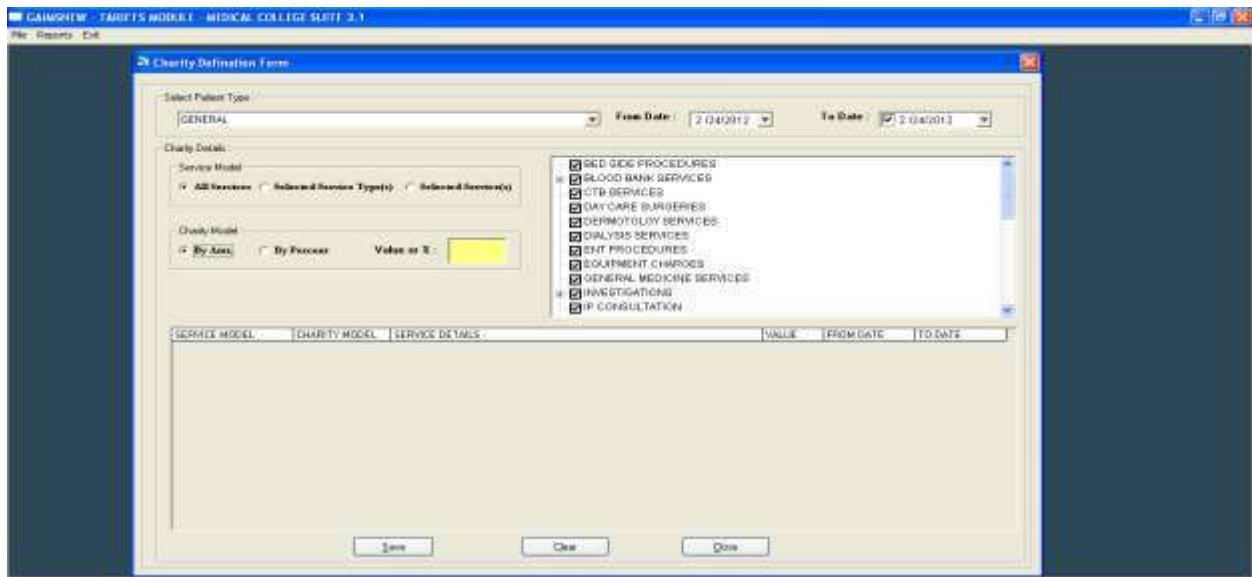

This form is used to assign Surgeons, Assistant Surgeons and Anesthetists to Surgeries.

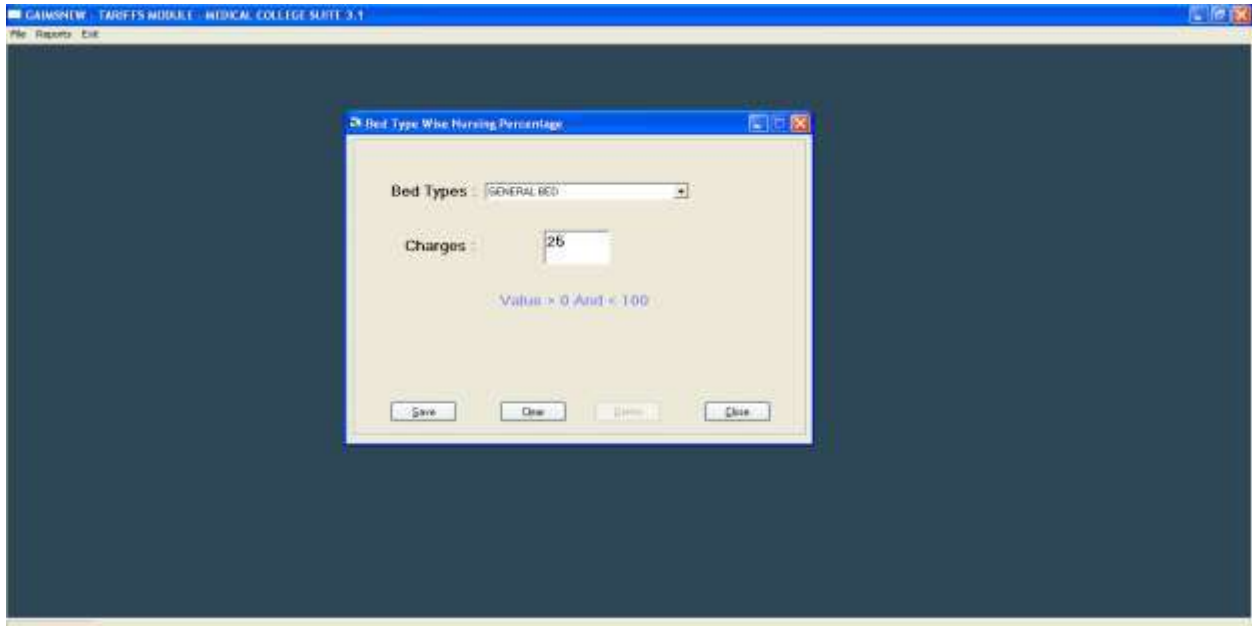

This form is used to Copy the Tariff Details. Select the Source and Destination of Patient Class and Select the Investigations or Surgeries and Click on Copy Selected Services.

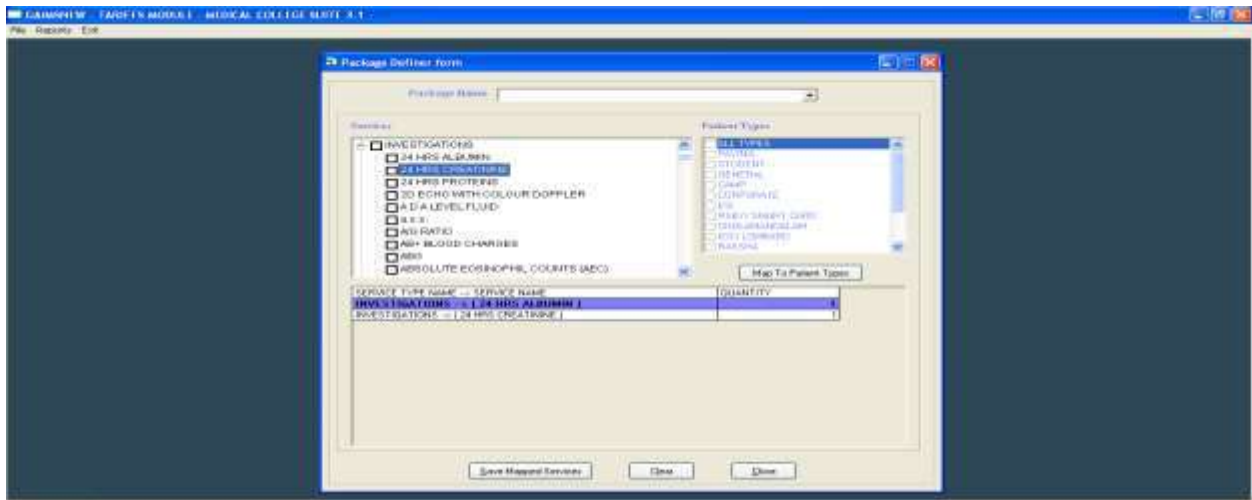

This form is used to define Maximum Amounts for Services. Select the Investigation and Enter the Maximum Amount and Click on Save.

This form is used to Define Charity Amount (Concession) for Services. Select the service model and in select the Charity Model i.e in By Amount or By Percent and enter in the Value and Click on save.

This form is used to Define Nursing Charges for the different Beds. Select Bed Type from the Bed Types and Enter Amount in the Charges and Click on Save.

This form is used to give the offers to the Investigations. Select the package Name and Select the investigation in which you are going to give the offer and select the patient Types and Click on Save Mapped Services.

This form is used to generate the Report of Tariffs in Particular Department.

Microsoft Office license-2016:

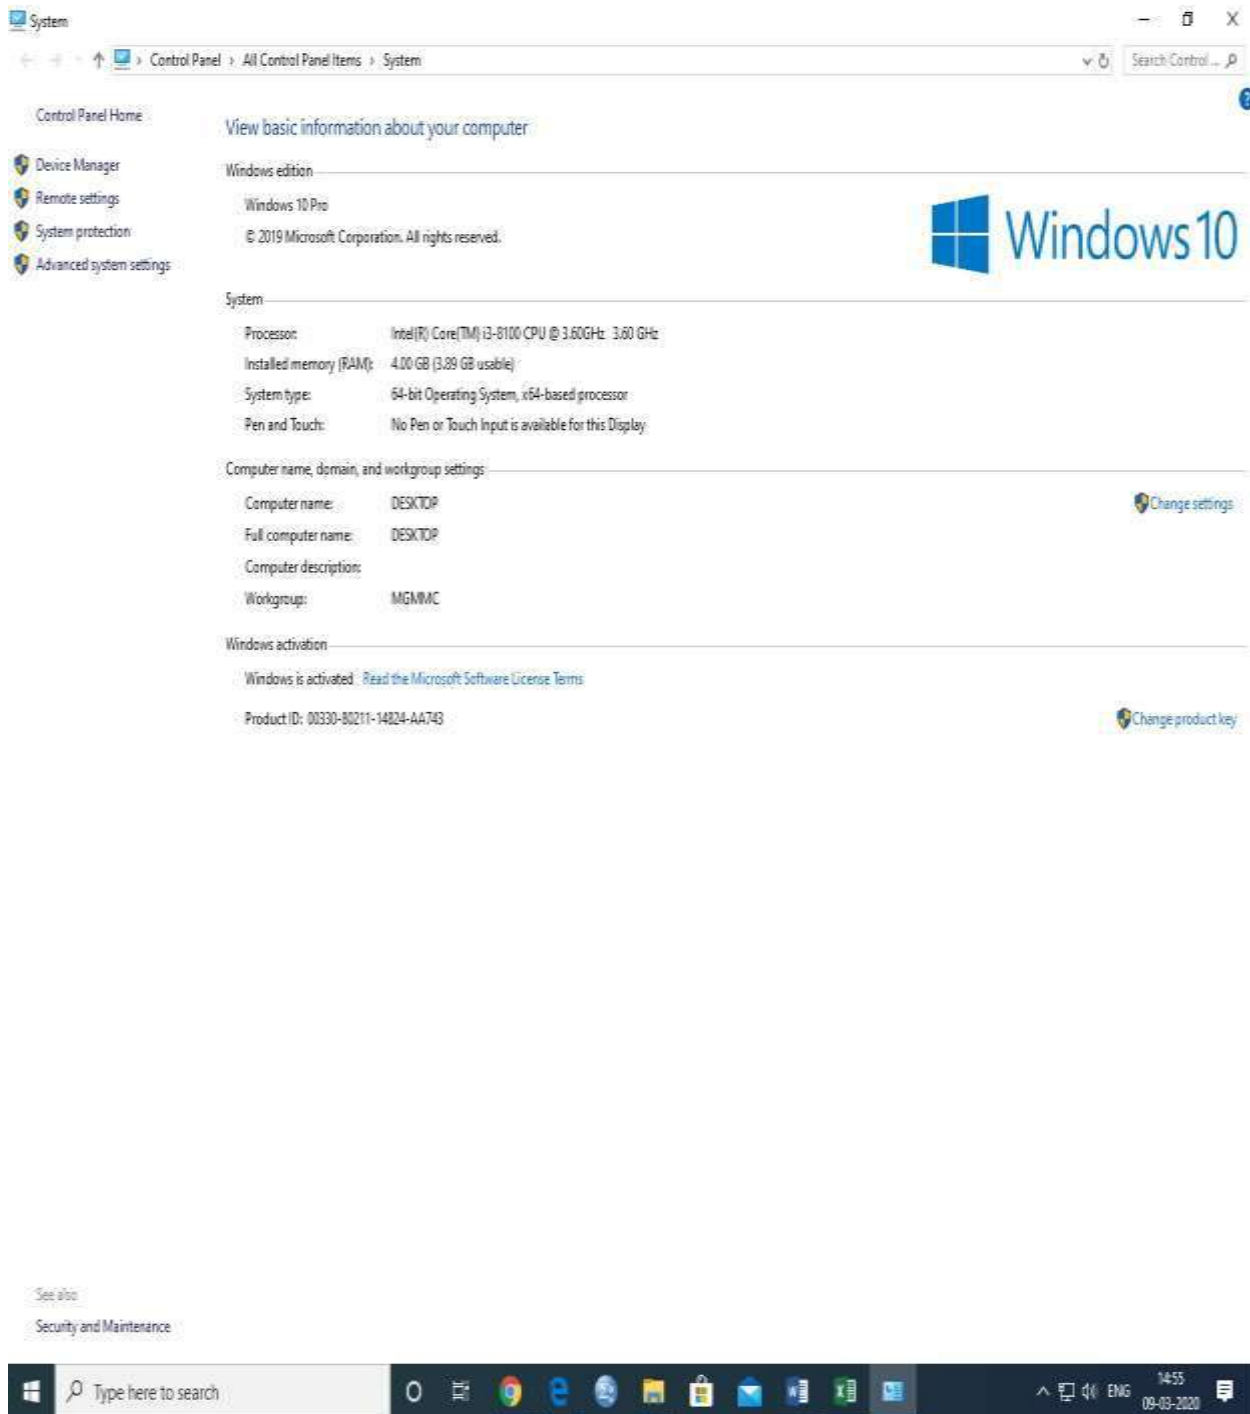

The screenshot shows the Microsoft Volume Licensing Service Center (VLSC) website. The browser address bar displays the URL: <https://www.microsoft.com/licensing/servicecenter/Downloads/DownloadAsKey.aspx>. The page content is organized into several sections:

- Filter:** A sidebar on the left with a search box and a list of categories: "All Products (11)" and "Office (11)".
- Product List:** A table listing various Office 2016 products. Each row includes a product name, a "Description" link, a "Download" link, and a "Key" link.
- Product Keys:** A section titled "Product Keys" with explanatory text and a link to "Product Activation and Key Information".
- Office 2016 Setup Keys:** A section listing specific setup keys for different Office 2016 editions.
- Office Standard 2016 License Table:** A table with columns for License ID, Organization, Key, Type, Activation or task, and Status. It contains one entry for a school license.
- Office Language Interface Pack 2016:** A section stating that this product does not require a product key.
- Office Multi Language Pack 2016:** A section stating that this product does not require a product key.
- Proofing Tools 2016:** A section stating that this product does not require a product key.

The Windows taskbar at the bottom shows the search bar with the text "Type here to search", the Start button, and several application icons. The system tray on the right indicates the time as 11:59 and the date as 23-06-2016.

Almashine:

The screenshot shows a web browser window with the URL alumni.mgmhuhs.com. The website header features the MGM logo (Maharaja Gurdit Singh) and a 'SIGN UP / LOGIN' button. A navigation menu includes 'SHARE CAREER PATH', 'EVENTS', 'NEWS & STORIES', 'BATCHMATES', 'FIND ALUMNI', 'CAREERS', and 'ABOUT'. The main content area displays a large photograph of a group of people, including students and faculty, holding a banner for 'RASHTRIYA EKTA DIVAS'. Below the image, the text reads: **MGM INSTITUTE OF HEALTH SCIENCES**. The text describes the university's commitment to excellence, accreditation by NAAC (Grade A), NABH, and NABL, and its focus on providing high-quality patient care and education. It also mentions that the university offers a variety of undergraduate, postgraduate, super specialty, and PhD degree programmes across various faculties and subjects.
