COMPETENCY BASED MEDICAL EDUCATION

(CBME)

(with effect from 2019-2020 Batches)

Curriculum for

First M.B.B.S

Community Medicine

Amended upto AC - 42/2022, Dated 26/04/2022

Amended History

1. Approved as per BOM 57/2019, [Resolution no. 3.1.1.13], Dated 26/04/2019.
2. Amended upto AC-41/2021, [Resolution No. 4.4];Dated 27/08/2021
3. Amended upto AC-42/2022,[Resolution No. 3.35], [Resolution No. 3.36], [Resolution No. 3.37] dated 26/04/2022 (Incorporated at the end of Syllabus).

MGM INSTITUTE OF HEALTH SCIENCES, NAVI MUMBAI

GRADUATE ATTRIBUTES

A student graduating from MGM Institute of Health Sciences, Navi Mumbai, should attain the following attributes:

- 1 • Dynamic professionalism
- 2 • Exemplary leadership
- 3 • Effective communication skills
- 4 • Scholarly attitude
- 5 • Element of critical thinking
- 6 • Enthusiasm for research
- 7 • Social commitment
- 8 • Global competencies

Dynamic professionalism:

Abide by professional codes of conduct, demonstrate high personal standards of behaviour, be considerate, trustworthy and honest, act with integrity. Apply effective strategies to maintain their own physical, psychological, social and spiritual well-being. Should be able to apply profession-specific knowledge, clinical skills and professional attitudes in implementation of evidence-based protocols for optimal outcome.

Exemplary leadership:

Focuses on the qualities required to effectively manage a career, as a practitioner or academician, work effectively within a system aiming at quality improvement, fostering a spirit of team-building.

Effective communication skills:

Communicates effectively and humanely with all stakeholders, their families, colleagues, through a variety of means, gathers and conveys information respectfully, in a culturally acceptable and dignified manner.

Scholarly attitude:

Demonstrates a lifelong commitment to reflective learning, strives to maintain professional competence. Committed to learn, disseminate, apply and translate knowledge

Element of critical thinking:

Will develop a habit of inquiry, use the knowledge gained for dealing with complex situations foster an ambience conducive for effective learning with constructive criticism, exercise critical judgement in evaluating sources of information.

Enthusiasm for research:

Develop intellectual curiosity and embark upon opportunities to develop research capabilities. Imbibe the basic principles of research methodology and engage in ethical research.

Social commitment:

Inculcate values of self-awareness, empathy, mutual respect. Understand our obligation to society and foster an ability to work in a diverse cultural setting. Understand how one's actions can enhance the well-being of others.

Global competencies:

Team-building, communication, self-management, collaborative working, openness and respect for a range of perspectives.

Annexure – C – IV

CURRICULUM SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

Month	TM	HRs	Teaching Title	SLO	CC	Competency
SEP	SGT	3	Family study in relation with its composition & environment	1.To describe demographic profile of family and related factors influencing health. 2.To describe the environmental factors in family influencing health. 3.To enumerate medical problems in family.	CM02.1	Describe the steps and perform clinico socio-cultural and demographic assessment of the individual, family and community
SEP	L	1	Concept of Public Health	1.Describe the meaning of Health, Public Health and Community Medicine. 2.Describe the difference between Public Health Approach and Clinical Approach. 3.Describe the Core activities of Public Health. 4.Enumerate Public Health Achievements.	CM01.1	Define & Describe Concept of Public Health
SEP	L	1	Concept of Health	1. Explain the Operational Definition of Health and the concept of Positive Health 2. Describe the various Dimensions of Health 3. Give a brief account of the changing concepts of Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health
OCT	L	1	Spectrum of Health	1.Explain the concept of 'Standard of living', 'Level of living' and 'Quality of life' 2.Discuss various indices measuring the Quality of life with emphasis on PQLI & HDI 3.Discuss the concept of Spectrum of Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health
OCT	L	1	Determinants of Health	1.Enlist and describe the various Determinants of Health 2.Describe the Individual, Community, State and International responsibility towards protection and promotion of Health 3.Discuss the ecology and Right to Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health
OCT	L	1	Concept of Disease	1.Describe the concept of Disease 2.Distinguish the terms "Disease", "Illness" and "Sickness". 3.Discuss the concept of ' Spectrum of Disease' and 'Iceberg of Disease'.	CM01.3	Describe the characteristics of agent, host and environmental factors in health & disease and the multifactorial etiology of disease
NOV	L	1	Concept of Causation	1.Discuss the concept of "Germ Theory of Disease" and "Epidemiological triad" 2.Discuss the Natural History of Disease and Pre and Pathogenesis phases 3.Explain the Guidelines for defining "Risk factors" and "Risk groups"	CM01.4	Describe and discuss the natural history of disease
NOV	SGT	3	Role of Social Factors in Health & Disease	1.Define Family and Describe its types, functions & role in health & Disease 2.Describe the social factors & Cultural factors & their role in health and disease 3.Elicit the social & cultural factors affecting health & disease in the given example 4.Describe the method of assessment of socio - economic status 5.Determine socio - economic status in the given example	CM02.2	Describe Socio-cultural factors, family, its role in health and disease & demonstrate in a simulated environment the correct assessment of socio-economic status
NOV	L	1	Levels of Prevention & Application of Interventions	1.Enumerate levels of prevention of disease 2.Describe & explain in detail the levels of prevention of disease 3.Enlist the modes of intervention 4.Describe & explain in detail the modes of intervention 5.Distinguish the terms "Impairment", "Disability" and "Handicap"	CM01.5	Describe the application of intervention at various levels of Prevention
NOV	L	1	Poverty & Social Security Measures	1.Define Poverty & Describe its effect on health & disease 2.Describe Concept of Social Security measures and its application 3.Describe the measures taken for reduction of effects of poverty in health & disease	CM02.5	Describe Poverty and Social Security measures and its relationship to health & Disease
DEC	L	1	Health Services Philosophies	1.Discuss the characteristics and various levels of Health care in India 2.Explain the concept of Primary Health care in India 3.Explain the various components of Health system and the Health team concept 4.Discuss the concept of Health Services Research and its scope	CM01.5	Describe the application of intervention at various levels of Prevention
DEC	L	1	Community, Hospitals And Control Measures in Public Health	1.Explain the concept of Disease Control, Elimination and Eradication 2.Differentiate in role of Hospital Services & Community Services 3.Enumerate functions of Physician 4.Describe the concept of Community Diagnosis & Community Treatment	CM01.5	Describe the application of intervention at various levels of Prevention

CURRICULUM SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

Month	TM	HRs	Teaching Title	SLO	CC	Competency
DEC	L	1	M D Gs & S D Gs	1.Explain the concept of MDGs & SDGs 2.Enumerate health related goals of MDGs & SDGs 3.Describe MDGs & SDGs in context with India 4.Describe achievement in MDGs	CM01.7	Enumerate & Describe Health Indicators
DEC	L	1	Special Indicators of Health	1.Classify and Enumerate health indicators 2.Explain characteristics of indicators 3.Define HALE, DALY, QALY 4.Describe in detail mortality and morbidity indicators 5.Differentiate in Indicator & Index	CM01.7	Enumerate & Describe Health Indicators
JAN	L	1	Introduction to Demography	1.Describe the Demographic Cycle. 2.Describe demogrphic trends in World & India	CM09.1	Define & describe the principles of Demography, Demographic Cycle, Vital Statistics
JAN	SGT	3	Overview of Vaccines & Cold Chain	1.Define Vaccine and Classify Vaccines with examples 2.Describe concept of Cold Chain 3.Enumerate various cold chain equipments and describe their use 4.Demonstrate use of VVM (Vaccine Vial Monitor)	CM10.5	Describe Universal Immunization Program; Integrated Management of Neonatal and Childhood Illness (IMNCI) and other existing programs
JAN	L	1	Demographic profile of India	1.Describe the importance of knowing Demographic Profile 2.Describe Demographic Profile of India and its impact on health 3.Describe the conduction and findings of recent Census	CM01.8	Describe Demographic profile of India and discuss its impact on Health
JAN	SDL	1	Update of Socio - Economic Classification	1.Demonstrates how to use latest Socio-Economic Classification Scale	CM02.2	Describe Socio-cultural factors, family, its role in health and disease & demonstrate in a simulated environment the orrect assessment of socio-economic status
JAN	SGT	3	Health Promotion by Health Education, IEC & BCC	1. Describe the concept and benefits of Health Promotion Describe methods of Health Education 3. Demonstrate scribe the conduction and findings of recent Census	2. CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication
JAN	SDL	1	IEC BCC Tools - I	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication
FEB	SDL	1	IEC BCC Tools - II	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication
FEB	L	1	Principals & Practice of Health Education	1.Define the health education and describe the principles of health education. 2.Describe different approaches to health education. 3.Describe different models of health education.	CM04.1	Describe the methods of health education with their advantages and limitations
FEB	SGT	3	Status of MCH Care inIndia	1.Enumerate different issues in maternal & child health 2.Enlist common causes of maternal mortality in India 3.Enlist common causes of Infant mortality in India 4.Describe Current Status of MCH Care in India	CM10.1	Describe the current status of Reproductive, Maternal, Newborn & Child Health
FEB	L	1	Administration & Organisation of Health Education	1.Describe and identify appropriate method of communication in given situation. 2.Enumerate different aids used in health education. 3.Describe Importance of Counselling and GATHER approach.	CM04.2	Describe the methods of organizing health promotion and education and counselling activites at individual family and community settings
FEB	L	1	Types ofCommunication & Barriers of Communication	1.Describe communication process. 2.Enumerate & Describe types of Communication. 3.Enumerate & Describe Communication Barriers.	CM04.1	Describe the methods of health education with their advantages and limitations
MAR	L	1	Nutrients and Nutritional requirements	1.Describe common sources of various nutrients. 2.Describe changing nutrional requirements in various age groups 3.Describe changing nutrional requirements in various physiological conditions.	CM05.1	Describe common sources of various nutrients and special nutrional requirements according to age, sex, activity, physiological conditions

CURRICULUM SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

Month	TM	HRs	Teaching Title	SLO	CC	Competency
MAR	SDL	1	IEC BCC Tools - MCH	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication
MAR	SDL	1	IEC BCC Tools - Nutrition	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication
APR	L	1	Introduction to Epidemiology	1.Define Epidemiology 2.Demonstrate understanding of Distribution & Determinants 3.Describe concept of Epidemiology with example	CM07.1	Define Epidemiology and describe and enumerate the principles, concepts and uses
APR	L	1	Introduction to Infectious disease Epidemiology	1.Enumerate and Describe various modes of disease transmission 2.Describe Incubation period, Epidemic & Endemic, Prevalence & Incidence 3.Enumerate & Describe various preventive measures	CM07.2	Enumerate, describe & discuss the modes of transmission and measures for prevention & control of communicable & non-communicable diseases
MAY	SGT	3	Parasitic Diseases prevalent in India	1.Define parasite with examples of common parasitic infection in India. 2.Describe the factors influencing parasitic diseases. 3.Describe measures of prevention and control of parasitic diseases.	CM08.1	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases
JUN	SGT	3	Role of Nutrition in Health & Disease	1.Enumerate the major nutritional problems of Public Health Importance. 2.Describe Protein Energy Malnutrition and various preventive measures 3.Describe the prevention and control of Vitamin A disorders, Iodine deficiency disorders and Nutritional anaemia.	CM05.3	Define & Describe Common Nutrition related health Disorders and their control & Management
JUN	SGT	3	Communicable Diseases prevalent in India	1.Define communicable disease and enlist the common ones prevalent in India. 2.Describe types of communicable disease. 3.Describe the factors influencing disease transmission 4.Describe measures for prevention and control of communicable disease..	CM08.1	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases
JUL	SGT	3	Non Communicable Diseases prevalent in India	1.Define non-communicable disease and enlist the common ones prevalent in India. 2.Describe risk factors influencing the development of non-communicable disease. 3.Describe measures for prevention and control of non-communicable disease.	CM08.2	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for non-communicable diseases

Mahatma Gandhi Mission's
MEDICAL COLLEGE
Department of Community Medicine

15.7.2020
~~Annexure-11A~~
Annexure-62
of BOM-62/2020

**COMPREHENSIVE PLAN OF INTERNAL ASSESSMENT IN COMMUNITY MEDICINE
AS PER CBME CURRICULUM OF MEDICAL COUNCIL OF INDIA
PROPOSED FOR IMPLEMENTATION BY MGMTS**

PHASE – I First Professional (First M.B.,B.S.)

Assessment Pattern

1. One Internal Assessment Exam will be conducted in First Year approximately one month prior to First Year Prelim Examinations.
2. Both Theory and Practical Exams will be conducted as per the Competency Guidelines.
3. Theory Exam will be of 50 Marks (1/4th of University Pattern of 200 Marks)
Time: 2 Hrs.
Paper pattern:-
Section A - 10 Multiple Choice Questions of 1 Mark Each - Total 10 Marks
Section B - Q. 1 - 1 out of 2 Long Answer Questions - 10 Marks
Q. 2 - 6 out of 8 Short Answer Questions - 30 Marks (5 Each)
4. Practical Exam will be of 25 Marks (1/4th of University Pattern of 100 Marks)
Marks distribution for Practical Exam -
Viva Voce - 20 Marks
Logbook - 05 Marks
5. Appropriate proportion of marks obtained will be included in Internal assessment for final University Examination of IIIrd MBBS – Part I

Already Approved by BOS / AC / BOM from Academic Year – 2019-20

Assessment (First Professional)	Term End Theory Exam. Marks	End of Posting Theory Exam. Marks	Term End Practical Exam. Marks	End of Posting Practical Exam. Marks
Year End Assessment	50	NA	25	NA
TOTAL	50		25

MGM INSTITUTE OF HEALTH SCIENCES, NAVI MUMBAI

ANNEXURE4

COMMUNITY MEDICINE

A student learning

COMMUNITY MEDICINE from MGM Institute of Health Sciences, Navi Mumbai, should attain the following graduate attributes:

- 1 • Dynamic professionalism
- 2 • Exemplary leadership
- 3 • Effective communication skills
- 4 • Scholarly attitude
- 5 • Element of critical thinking
- 6 • Enthusiasm for research
- 7 • Social commitment
- 8 • Global competencies

Goal

To ensure that the medical graduate has acquired broad public health competencies needed to solve health problems of the community with emphasis on health promotion, disease prevention, cost-effective interventions and follow up.

Objective

At the end of the course the graduate doctors should be able to:

- Conceptualize people as the focus of the lifetime service of a doctor and be ready to help always and specially in time of need, minimize the suffering of people and have the ability to “think globally and act locally”;
- Apply the basic epidemiological principles to investigation of diseases, outbreaks, health promotion and disease prevention;
- Contribute to health systems’ performance as a member of the health team in the generation and efficient utilization of human and logistic resources;
- Foster healthy lifestyles in the individual and the community level to prevent environmental degradation and to promote social harmony;
- Identify the health needs of populations and population subgroups through planning, intervention, monitoring and evaluation and provide patient-centred comprehensive primary health care including referral, continuing care and follow-up.

CO1. Describe the health care delivery system including rehabilitation of the disabled in the country.

CO2. Describe the National Health Programmed with emphasis on maternal and child health programmed, family welfare planning and population control.

CO3. List epidemiological methods and describe their application to communicable and non- communicable diseases in the community or hospital situation.

CO4. Apply biostatistical methods and techniques

CO5. Outline the demographic pattern of the country and appreciate the roles of the individual, family, community and socio-cultural milieu in health and disease.

- CO6. Describe the health information systems.
- CO7. Enunciate the principles and components of primary health care and the national health policies to achieve the goal of 'Health for All'.
- CO8. Identify the environmental and occupational hazards and their control.
- CO9. Describe the importance of water and sanitation in human health.
- CO10. To understand the principles of health economics, health administration, health education in relation to community.
- CO11. Use epidemiology as a scientific tool to make rational decisions relevant to community and individual patient intervention.
- CO12. Collect, analyse, interpret and present simple community and hospital-based data.
- CO13. Diagnose and manage common health problems and emergencies at the individual, family and community levels keeping in mind the existing health care resources and in the context of the prevailing socio-cultural beliefs.
- CO14. Diagnose and manage maternal and child health problems and advise a couple and the community on the family planning methods available in the context of the national priorities.
- CO15. Diagnose and manage common nutritional problems at the individual and community level.
- CO16. Plan, implement and evaluate a health education programme with the skill to use simple audio-visual aids.
- CO17. Interact with other members of the health care team and participate in the organisation of health care services and implementations of national health programmes.
- CO18. Develop capabilities of synthesis between cause of illness in the environment or community and individual health and respond with leadership qualities to institute remedial measures for this.

Duration

The community medicine curriculum will be taught throughout the 1st, 2nd, 3rd professional year of undergraduate period, and also in the internship incorporating both vertical and horizontal integration.

COMPETENCIES IN COMMUNITY MEDICINE

CODE: CM

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
COMMUNITY MEDICINE									
Topic: Concept of Health and Disease		Number of competencies: (10)			Number of procedures that require certification:(NIL)				
CM1.1	Define and describe the concept of Public Health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.2	Define health; describe the concept of holistic health including concept of spiritual health and the relativeness & determinants of health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.3	Describe the characteristics of agent, host and environmental factors in health and disease and the multi factorial etiology of disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.4	Describe and discuss the natural history of disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.5	Describe the application of interventions at various levels of prevention	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.6	Describe and discuss the concepts, the principles of Health promotion and Education, IEC and Behavioral change communication (BCC)	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.7	Enumerate and describe health indicators	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.8	Describe the Demographic profile of India and discuss its impact on health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM1.9	Demonstrate the role of effective Communication skills in health in a simulated environment	S	SH	Y	DOAP sessions	Skill Assessment		AETCOM	
CM1.10	Demonstrate the important aspects of the doctor patient relationship in a simulated environment	S	SH	Y	DOAP sessions	Skill Assessment		AETCOM	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Topic: Relationship of social and behavioural to health and disease Number of competencies: (5) Number of procedures that require certification: (NIL)									
CM2.1	Describe the steps and perform clinico socio-cultural and demographic assessment of the individual, family and community	S	SH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce/ Skill assessment			
CM2.2	Describe the socio-cultural factors, family (types), its role in health and disease & demonstrate in a simulated environment the correct assessment of socio-economic status	S	SH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce/ Skill assessment			
CM2.3	Describe and demonstrate in a simulated environment the assessment of barriers to good health and health seeking behavior	S	SH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce/ Skill assessment			
CM2.4	Describe social psychology, community behaviour and community relationship and their impact on health and disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM2.5	Describe poverty and social security measures and its relationship to health and disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
Topic: Environmental Health Problems Number of competencies: (8) Number of procedures that require certification: (NIL)									
CM3.1	Describe the health hazards of air, water, noise, radiation and pollution	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, ENT	
CM3.2	Describe concepts of safe and wholesome water, sanitary sources of water, water purification processes, water quality standards, concepts of water conservation and rainwater harvesting	K	KH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce			
CM3.3	Describe the aetiology and basis of water borne diseases /jaundice/hepatitis/ diarrheal diseases	K	KH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce		Microbiology, General Medicine, Pediatrics	
CM3.4	Describe the concept of solid waste, human excreta and sewage disposal	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CM3.5	Describe the standards of housing and the effect of housing on health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM3.6	Describe the role of vectors in the causation of diseases. Also discuss National Vector Borne disease Control Program	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Microbiology	
CM3.7	Identify and describe the identifying features and life cycles of vectors of Public Health importance and their control measures	S	SH	Y	Lecture, Small group discussion, DOAP session	Written / Viva voce/ Skill assessment		Microbiology	
CM3.8	Describe the mode of action, application cycle of commonly used insecticides and rodenticides	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Pharmacology	
Topic: Principles of health promotion and education Number of competencies: (3) Number of procedures that require certification: (NIL)									
CM4.1	Describe various methods of health education with their advantages and limitations	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM4.2	Describe the methods of organizing health promotion and education and counselling activities at individual family and community settings	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM4.3	Demonstrate and describe the steps in evaluation of health promotion and education program	S	SH	Y	Small group session, DOAP session	Written / Viva voce/ Skill assessment			
Topic: Nutrition Number of competencies: (08) Number of procedures that require certification: (NIL)									
CM5.1	Describe the common sources of various nutrients and special nutritional requirements according to age, sex, activity, physiological conditions	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, Pediatrics	
CM5.2	Describe and demonstrate the correct method of performing a nutritional assessment of individuals, families and the community by using the appropriate method	S	SH	Y	DOAP sessions	Skill Assessment		General Medicine, Pediatrics	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CM5.3	Define and describe common nutrition related health disorders (including macro-PEM, Micro-iron, Zn, iodine, Vit. A), their control and management	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, Pediatrics	
CM5.4	Plan and recommend a suitable diet for the individuals and families based on local availability of foods and economic status, etc in a simulated environment	S	SH	Y	DOAP sessions	Skill Assessment		General Medicine, Pediatrics	
CM5.5	Describe the methods of nutritional surveillance, principles of nutritional education and rehabilitation in the context of socio-cultural factors.	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, Pediatrics	
CM5.6	Enumerate and discuss the National Nutrition Policy, important national nutritional Programs including the Integrated Child Development Services Scheme (ICDS) etc	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Pediatrics	
CM5.7	Describe food hygiene	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Microbiology
CM5.8	Describe and discuss the importance and methods of food fortification and effects of additives and adulteration	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Pediatrics	
Topic: Basic statistics and its applications		Number of competencies: (04)			Number of procedures that require certification: (NIL)				
CM6.1	Formulate a research question for a study	K	KH	Y	Small group discussion, Lecture, DOAP sessions	Written / Viva voce/ Skill assessment		General Medicine, Pediatrics	
CM6.2	Describe and discuss the principles and demonstrate the methods of collection, classification, analysis, interpretation and presentation of statistical data	S	SH	Y	Small group, Lecture, DOAP sessions	Written / Viva voce/ Skill assessment		General Medicine, Pediatrics	
CM6.3	Describe, discuss and demonstrate the application of elementary statistical methods including test of significance in various study designs	S	SH	Y	Small group discussion, Lecture, DOAP sessions	Written / Viva voce/ Skill assessment		General Medicine, Pediatrics	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CM6.4	Enumerate, discuss and demonstrate Common sampling techniques, simple statistical methods, frequency distribution, measures of central tendency and dispersion	S	SH	Y	Small group discussion, Lecture, DOAP sessions	Written / Viva voce/ Skill assessment		General Medicine, Pediatrics	
Topic: Epidemiology Number of competencies: (09) Number of procedures that require certification: (NIL)									
CM7.1	Define Epidemiology and describe and enumerate the principles, concepts and uses	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM7.2	Enumerate, describe and discuss the modes of transmission and measures for prevention and control of communicable and non-communicable diseases	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM7.3	Enumerate, describe and discuss the sources of epidemiological data	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM7.4	Define, calculate and interpret morbidity and mortality indicators based on given set of data	S	SH	Y	Small group, DOAP sessions	Written/ Skill assessment		General Medicine	
CM7.5	Enumerate, define, describe and discuss epidemiological study designs	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM7.6	Enumerate and evaluate the need of screening tests	S	SH	Y	Small group discussion, DOAP sessions	Written/ Skill assessment		General Medicine	
CM7.7	Describe and demonstrate the steps in the Investigation of an epidemic of communicable disease and describe the principles of control measures	S	SH	Y	Small group discussion, DOAP sessions	Written/ Skill assessment		General Medicine	Microbiology
CM7.8	Describe the principles of association, causation and biases in epidemiological studies	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM7.9	Describe and demonstrate the application of computers in epidemiology	S	KH	Y	Small group discussion, DOAP sessions	Written			

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Topic: Epidemiology of communicable and non- communicable diseases		Number of competencies:(7)			Number of procedures that require certification:(NIL)				
CM8.1	Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine, Pediatrics	Microbiology, Pathology
CM8.2	Describe and discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for Non Communicable diseases (diabetes, Hypertension, Stroke, obesity and cancer etc.)	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine	
CM8.3	Enumerate and describe disease specific National Health Programs including their prevention and treatment of a case	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine, Pediatrics	
CM8.4	Describe the principles and enumerate the measures to control a disease epidemic	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine, Pediatrics	
CM8.5	Describe and discuss the principles of planning, implementing and evaluating control measures for disease at community level bearing in mind the public health importance of the disease	K	KH	Y	Small group discussion, Lecture	Written / Viva voce		General Medicine, Pediatrics	
CM8.6	Educate and train health workers in disease surveillance, control & treatment and health education	S	SH	Y	DOAP sessions	Skill assessment			
CM8.7	Describe the principles of management of information systems	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
Topic: Demography and vital statistics		Number of competencies: (07)			Number of procedures that require certification: (NIL)				
CM9.1	Define and describe the principles of Demography, Demographic cycle, Vital statistics	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM9.2	Define, calculate and interpret demographic indices including birth rate, death rate, fertility rates	S	SH	Y	Lecture, Small group discussion, DOAP sessions	Skill assessment		Obstetrics & Gynaecology, Pediatrics	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CM10.7	Enumerate and describe the basis and principles of the Family Welfare Program including the organization, technical and operational aspects	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM10.8	Describe the physiology, clinical management and principles of adolescent health including ARSH	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM10.9	Describe and discuss gender issues and women empowerment	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
Topic: Occupational Health Number of competencies: (05) Number of procedures that require certification: (NIL)									
CM11.1	Enumerate and describe the presenting features of patients with occupational illness including agriculture	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM11.2	Describe the role, benefits and functioning of the employees state insurance scheme	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM11.3	Enumerate and describe specific occupational health hazards, their risk factors and preventive measures	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM11.4	Describe the principles of ergonomics in health preservation	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
CM11.5	Describe occupational disorders of health professionals and their prevention & management	K	KH	Y	Small group discussion, Lecture	Written / Viva voce			
Topic: Geriatric services Number of competencies: (04) Number of procedures that require certification: (NIL)									
CM12.1	Define and describe the concept of Geriatric services	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine	
CM12.2	Describe health problems of aged population	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine	
CM12.3	Describe the prevention of health problems of aged population	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CM12.4	Describe National program for elderly	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine	
Topic: Disaster Management Number of competencies: (04) Number of procedures that require certification: (NIL)									
CM13.1	Define and describe the concept of Disaster management	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Surgery, General Medicine	
CM13.2	Describe disaster management cycle	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Surgery, General Medicine	
CM13.3	Describe man made disasters in the world and in India	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Surgery, General Medicine	
CM13.4	Describe the details of the National Disaster management Authority	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Surgery, General Medicine	
Topic: Hospital waste management Number of competencies: (03) Number of procedures that require certification: (NIL)									
CM14.1	Define and classify hospital waste	K	KH	Y	Lecture, Small group discussion, visit to hospital	Written / Viva voce			Microbiology
CM14.2	Describe various methods of treatment of hospital waste	K	KH	Y	Lecture, Small group discussion, visit to hospital	Written / Viva voce			Microbiology
CM14.3	Describe laws related to hospital waste management	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Microbiology
Topic: Mental Health Number of competencies: (03) Number of procedures that require certification: (NIL)									
CM15.1	Define and describe the concept of mental Health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Psychiatry	
CM15.2	Describe warning signals of mental health disorder	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Psychiatry	
CM15.3	Describe National Mental Health program	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Psychiatry	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Topic: Health planning and management		Number of competencies: (04)			Number of procedures that require certification: (NIL)				
CM16.1	Define and describe the concept of Health planning	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM16.2	Describe planning cycle	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM16.3	Describe Health management techniques	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM16.4	Describe health planning in India and National policies related to health and health planning	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
Topic: Health care of the communitiy		Number of competencies:(05)			Number of procedures that require certification: (NIL)				
CM17.1	Define and describe the concept of health care to community	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM17.2	Describe community diagnosis	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM17.3	Describe primary health care, its components and principles	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM17.4	Describe National policies related to health and health planning and millennium development goals	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM17.5	Describe health care delivery in India	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
Topic: International Health		Number of competencies: (2)			Number of procedures that require certionat(NIL)				
CM18.1	Define and describe the concept of International health	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM18.2	Describe roles of various international health agencies	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Topic: Essential Medicine		Number of competencies: (3)			Number of procedures that require certification: (NIL)				
CM19.1	Define and describe the concept of Essential Medicine List (EML)	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Pharmacology
CM19.2	Describe roles of essential medicine in primary health care	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Pharmacology
CM19.3	Describe counterfeit medicine and its prevention	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Pharmacology
Topic: Recent advances in Community Medicine		Number of competencies: (04)			Number of procedures that require certification: (NIL)				
CM20.1	List important public health events of last five years	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM20.2	Describe various issues during outbreaks and their prevention	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM 20.3	Describe any event important to Health of the Community	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
CM 20.4	Demonstrate awareness about laws pertaining to practice of medicine such as Clinical establishment Act and Human Organ Transplantation Act and its implications	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			
<p>Column C: K- Knowledge, S – Skill, A - Attitude / professionalism, C- Communication. Column D: K – Knows, KH - Knows How, SH - Shows how, P- performs independently, Column F: DOAP session – Demonstrate, Observe, Assess, Perform. Column H: If entry is P: indicate how many procedures must be done independently for certification/ graduation</p>									
Intergration									
Physiology									
PY9.6	Enumerate the contraceptive methods for male and female. Discuss their advantages & disadvantages	K	KH	Y	Lectures, Small group discussion	Written/ Viva voce		Obstetrics & Gynaecology, Community Medicine ₁	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Biochemistry									
BI8.5	Summarize the nutritional importance of commonly used items of food including fruits and vegetables.(macro-molecules & its importance)	K	KH	Y	Lectures, Small group discussions	Written/ Viva voce		Community Medicine, General Medicine, Pediatrics	
Pathology									
PA12.1	Enumerate and describe the pathogenesis of disorders caused by air pollution, tobacco and alcohol	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			Community Medicine
PA26.5	Define and describe the etiology, types, exposure, environmental influence, pathogenesis, stages, morphology, microscopic appearance and complications of Occupational lung disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, Community Medicine	
PA26.7	Define and describe the etiology, types, exposure, genetics environmental influence, pathogenesis, morphology, microscopic appearance and complications of mesothelioma	K	KH	N	Lecture, Small group discussion	Written / Viva voce		General Medicine, Community Medicine	
Microbiology									
MI1.3	Describe the epidemiological basis of common infectious diseases	K	KH	Y	Lecture	Written/ Viva voce			Community Medicine
MI8.4	Describe the etiologic agents of emerging Infectious diseases. Discuss the clinical course and diagnosis	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		General Medicine, Community Medicine	Community Medicine
MI8.5	Define Healthcare Associated Infections (HAI) and enumerate the types. Discuss the factors that contribute to the development of HAI and the methods for prevention	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		General Medicine, Community Medicine	
MI8.6	Describe the basics of Infection control	K	KH	Y	Lecture, Small group discussion	Written / Viva voce			

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
MI8.7	Demonstrate Infection control practices and use of Personal Protective Equipments (PPE)	S	P	Y	DOAP session	Skill assessment	3 each in (Hand hygiene & PPE)	General Surgery	Community Medicine
MI8.16	Describe the National Health Programs in the prevention of common infectious disease (for information purpose only as taught in CM)	K	K	Y	Lecture	Written / Viva voce			
Pharmacology									
PH1.55	Describe and discuss the following National Health programmes including Immunisation, Tuberculosis, Leprosy, Malaria, HIV, Filariasis, Kala Azar, Diarrhoeal diseases, Anaemia & nutritional disorders, Blindness, Non-communicable diseases, Cancer and Iodine deficiency	K	KH	Y	Lecture	Written / Viva voce			Community Medicine
Forensic Medicine & Toxicology									
FM2.33	Demonstrate ability to use local resources whenever required like in mass disaster situations	A & C	KH	Y	Lecture, Small group discussions	Written/ Viva voce		Community Medicine	
Dermatology, Venereology & Leprosy									
DR9.1	Classify, describe the epidemiology, etiology, microbiology pathogenesis and clinical presentations and diagnostic features of Leprosy	K	KH	Y	Lecture, Small group discussions	Written / Viva voce		General Medicine	Microbiology, Community Medicine
DR9.5	Enumerate the indications and describe the pharmacology, administration and adverse reaction of pharmacotherapies for various classes of leprosy based on national guidelines	K	KH	Y	Lecture, Small group discussions	Written / Viva voce		General Medicine	Pharmacology, Community Medicine
DR9.6	Describe the treatment of Leprosy based on the WHO guidelines	K	KH	Y	Lecture, Small group discussions	Written / Viva voce		General Medicine	Pharmacology, Community Medicine
Ophthalmology									
OP9.4	Enumerate, describe and discuss the causes of avoidable blindness and the National Programs for Control of Blindness (including vision 2020)	K	KH	Y	Lecture, Small group discussions	Written / Viva voce			Community Medicine

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
Psychiatry									
PS19.1	Describe the relevance, role and status of community psychiatry	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PS19.2	Describe the objectives strategies and contents of the of the National Mental Health Programme	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PS19.4	Enumerate and describe the salient features of the prevalent mental health laws in India	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PS19.5	Describe the concept and principles of preventive psychiatry and mental health promotion (positive mental health); and community education	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
General Medicine									
IM2.1	Discuss and describe the epidemiology, antecedents and risk factors for atherosclerosis and ischemic heart disease	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Pathology, Physiology, Community Medicine	
IM4.3	Discuss and describe the common causes, pathophysiology and manifestations of fever in various regions in India including bacterial, parasitic and viral causes (e.g. Dengue, Chikungunya, Typhus)	K	K	Y	Lecture, Small group discussion	Written		Microbiology, Community Medicine	
IM9.15	Describe the national programs for anemia prevention	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Pharmacology, Community Medicine	
IM12.12	Describe and discuss the iodisation programs of the government of India	K	KH	Y	Lecture, Bedside clinic	short note		Community Medicine	
IM14.4	Describe and discuss the impact of environmental factors including eating habits, food, work, environment and physical activity on the incidence of obesity	K	K	Y	Lectures, Small group discussions	short note/ Viva voce		Pathology, Community Medicine	
IM24.18	Describe the impact of the demographic changes in ageing on the population	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
IM25.1	Describe and discuss the response and the influence of host immune status, risk factors and comorbidities on zoonotic diseases (e.g. Leptospirosis, Rabies) and non-febrile infectious disease (e.g. Tetanus)	K	K	Y	Lecture, Small group discussion	Written		Microbiology, Community Medicine	
IM25.2	Discuss and describe the common causes, pathophysiology and manifestations of these diseases	K	K	Y	Lecture, Small group discussion	Written		Microbiology, Community Medicine	
IM25.4	Elicit document and present a medical history that helps delineate the aetiology of these diseases that includes the evolution and pattern of symptoms, risk factors, exposure through occupation and travel	S	SH	Y	Bedside clinic, DOAP session	Skill assessment		Community Medicine	
IM25.13	Counsel the patient and family on prevention of various infections due to environmental issues	C	SH	Y	DOAP session	Skill assessment		Community Medicine, General Medicine	
Obstetrics & Gynaecology									
OG1.1	Define and discuss birth rate, maternal mortality and morbidity	K	KH	Y	Lecture, Small group discussions	Short notes		Community Medicine	
OG1.2	Define and discuss perinatal mortality and morbidity including perinatal and neonatal mortality and morbidity audit	K	KH	Y	Lecture, Small group discussions	Short notes		Community Medicine	Pediatrics
OG8.1	Enumerate describe and discuss the objectives of antenatal care, assessment of period of gestation; screening for high-risk factors	K	KH	Y	Small group discussions, Bedside clinics, Lecture	Written / Viva voce/ Skill assessment		Community Medicine	
OG19.2	Counsel in a simulated environment, contraception and puerperal sterilisation	S/A/C	SH	Y	DOAP session	Skill assessment		Community Medicine	
OG21.1	Describe and discuss the temporary and permanent methods of contraception, indications, technique and complications; selection of patients, side effects and failure rate including OC, male contraception, emergency contraception and IUCD	K	KH	Y	Lecture, Small group discussions, Bedside clinics	Written / Viva voce/ Skill assessment		Community Medicine	
OG33.3	Describe and demonstrate the screening for cervical cancer in a simulated environment	K/S	SH	Y	DOAP session	Skill assessment		Community Medicine	
Pediatrics									

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
PE3.5	Discuss the role of the child developmental unit in management of developmental delay	K	K	N	Lecture, Small group discussion	Written/ Viva voce		Community Medicine	
PE3.7	Visit a Child Developmental unit and observe its functioning	S	KH	Y	Lecture, Small group discussion	Log book Entry		Community Medicine	
PE8.1	Define the term Complementary Feeding	K	K	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine	
PE8.2	Discuss the principles the initiation, attributes , frequency, techniques and hygiene related to complementary feeding including	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PE8.3	Enumerate the common complimentary foods	K	K	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PE8.4	Elicit history on the Complementary Feeding habits	S	SH	Y	Bedside clinics, Skills lab	Skill Assessment		Community Medicine	
PE8.5	Counsel and educate mothers on the best practices in Complimentary Feeding	A/C	SH	Y	DOAP session	Document in Log Book		Community Medicine	
PE9.1	Describe the age related nutritional needs of infants, children and adolescents including micronutrients and vitamins	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine, Biochemistry	
PE9.2	Describe the tools and methods for Assessment and classification of Nutritional status of infants, children and adolescents	K	KH	Y	Lecture, Small group discussion,	Written / Viva voce		Community Medicine	
PE9.4	Elicit, Document and present an appropriate nutritional history and perform a dietary recall	S	SH	Y	Bedside clinic, Skill Lab	Skill Assessment		Community Medicine	
PE9.5	Calculate the age related Calorie requirement in Health and Disease and identify gap	S	SH	Y	Bedside clinics, Small group discussion	Skill assessment		Community Medicine	
PE9.6	Assess and classify the nutrition status of infants, children and adolescents and recognize deviations	S	SH	Y	Bedside clinic, Small group discussion	Skill Assessment		Community Medicine	
PE9.7	Plan an appropriate diet in Health and disease	S	SH	N	Bedside clinic, Small group discussion	Document in logbook		Community Medicine	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
PE10.4	Identify children with under nutrition as per IMNCI criteria and plan referral	S	SH	Y	DOAP session	Document in log book		Community Medicine	
PE17.1	State the vision and outline the goals, strategies and plan of action of NHM and other important national programs pertaining to maternal and child health including RMNCH A+, RBSK, RKSK, JSSK mission Indradhanush and ICDS	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine	
PE17.2	Analyse the outcomes and appraise the monitoring and evaluation of NHM	K	KH	Y	Debate	Written/ Viva voce		Community Medicine	
PE18.1	List and explain the components, plans, outcomes of Reproductive child health (RCH) program and appraise the monitoring and evaluation	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	Obstetrics & Gynaecology
PE18.2	Explain preventive interventions for Child survival and safe motherhood	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine	Obstetrics & Gynaecology
PE18.3	Conduct Antenatal examination of women independently and apply at-risk approach in antenatal care	S	SH	Y	Bedside clinics	Skill station		Community Medicine	Obstetrics & Gynaecology
PE18.4	Provide intra-natal care and conduct a normal Delivery in a simulated environment	S	SH	Y	DOAP session, Skills lab	Document in Log Book		Community Medicine	Obstetrics & Gynaecology
PE18.6	Perform Postnatal assessment of newborn and mother, provide advice on breast feeding, weaning and on family planning	S	SH	Y	Bedside clinics, Skill Lab	Skill Assessment		Community Medicine	Obstetrics & Gynaecology
PE18.8	Observe the implementation of the program by Visiting the Rural Health Centre	S	KH	Y	Bedside clinics, Skill Lab	Document in log book		Community Medicine	Obstetrics & Gynaecology
PE19.1	Explain the components of the Universal immunization Program and the sub National Immunization Programs	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine, Microbiology	
PE19.2	Explain the epidemiology of Vaccine preventable diseases	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine, Microbiology	
PE19.3	Vaccine description with regard to classification of vaccines, strain used, dose, route, schedule, risks, benefits and side effects, indications and contraindications	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Community Medicine, Microbiology	
PE19.4	Define cold chain and discuss the methods of safe storage and handling of vaccines	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine, Microbiology	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
PE19.5	Discuss immunization in special situations – HIV positive children, immunodeficiency, preterm , organ transplants, those who received blood and blood products, splenectomised children, Adolescents, travellers	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine, Microbiology	
PE19.8	Demonstrate willingness to participate in the National and sub national immunisation days	A	SH	Y	Lecture, Small group discussion	Document in Log Book		Community Medicine	
PE19.12	Observe the Administration the UIP vaccines	S	SH	Y	DOAP session	Document in Log Book		Community Medicine	
PE29.5	Discuss the National anaemia Control program	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
PE34.3	Discuss the various regimens for management of Tuberculosis as per National Guidelines	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Microbiology, Community Medicine, Pharmacology	Respiratory Medicine
PE34.4	Discuss the preventive strategies adopted and the objectives and outcome of the National Tuberculosis Control Program	K	KH	Y	Lecture, Small group discussion	Written/ Viva voce		Microbiology, Community Medicine, Pharmacology	Respiratory Medicine
General Surgery									
SU7.1	Describe the Planning and conduct of Surgical audit	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
SU7.2	Describe the principles and steps of clinical research in surgery	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
Respiratory Medicine									
CT1.1	Describe and discuss the epidemiology of tuberculosis and its impact on the work, life and economy of India	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
CT1.4	Describe the epidemiology, the predisposing factors and microbial and therapeutic factors that determine resistance to drugs	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine, Microbiology, Pharmacology	

Number	COMPETENCY The student should be able to	Domain K/S/A/C	Level K/KH/ SH/P	Core Y/N	Suggested Teaching learning method	Suggested Assessment method	Number required to certify P	Vertical Integration	Horizontal Integration
CT1.15	Prescribe an appropriate antituberculosis regimen based on the location of disease, smear positivity and negativity and co-morbidities based on current national guidelines including directly observed tuberculosis therapy (DOTS)	K	SH	Y	Bedside clinic, Small group discussion, Lecture	Skill assessment		Pharmacology, Community Medicine	
CT1.16	Describe the appropriate precautions, screening, testing and indications for chemoprophylaxis for contacts and exposed health care workers	K	KH	Y	Bedside clinic, Small group discussion	Written		Community Medicine	
CT1.18	Educate health care workers on national programs of Tuberculosis and administering and monitoring the DOTS program	C	SH	Y	DOAP session	Skill assessment		Community Medicine	
CT2.24	Recognise the impact of OAD on patient's quality of life, well being, work and family	A	KH	Y	Small group discussion, Bedside clinic	Observation by faculty		Community Medicine	
CT2.25	Discuss and describe the impact of OAD on the society and workplace	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
CT2.26	Discuss and describe preventive measures to reduce OAD in workplaces	K	KH	Y	Lecture, Small group discussion	Written / Viva voce		Community Medicine	
CT2.27	Demonstrate an understanding of patient's inability to change working, living and environmental factors that influence progression of airway disease	A	KH	Y	Small group discussion, Bedside clinic	Observation by faculty		Community Medicine	

**CONTENTS IN COMMUNITY MEDICINE
SYLLABUS**

SN	TOPIC HEAD	TOPIC	SUB TOPIC	COMPETENCY
1	MAN AND MEDICINE: TOWARDS HEALTH FOR ALL	MEDICINE IN ANTIQUITY	PRIMITIVE MEDICINE	CM 1.1 - 1.10
			INDIAN MEDICINE	CM 1.1 - 1.10
			CHINESE MEDICINE	CM 1.1 - 1.10
			EGYPTIAN MEDICINE	CM 1.1 - 1.10
			MESOPOTAMIAN MEDICINE	CM 1.1 - 1.10
			GREEK MEDICINE	CM 1.1 - 1.10
			ROMAN MEDICINE	CM 1.1 - 1.10

SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

SNO	Teaching Title	SLO	CC	Competency	TM
1	Family study in relation with its composition & environment	1.To describe demographic profile of family and related factors influencing health. 2.To describe the environmental factors in family influencing health. 3.To enumerate medical problems in family.	CM02.1	Describe the steps and perform clinico socio-cultural and demographic assessment of the individual, family and community	SGT 01
2	Concept of Public Health	1.Describe the meaning of Health, Public Health and Community Medicine. 2.Describe the difference between Public Health Approach and Clinical Approach. 3.Describe the Core activities of Public Health. 4.Enumerate Public Health Achievements.	CM01.1	Define & Describe Concept of Public Health	L 01
3	Concept of Health	1. Explain the Operational Definition of Health and the concept of Positive Health 2. Describe the various Dimensions of Health 3. Give a brief account of the changing concepts of Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health	L 02
4	Spectrum of Health	1.Explain the concept of 'Standard of living', 'Level of living' and 'Quality of life' 2.Discuss various indices measuring the Quality of life with emphasis on PQLI & HDI 3.Discuss the concept of Spectrum of Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health	L 03
5	Determinants of Health	1.Enlist and describe the various Determinants of Health 2.Describe the Individual, Community, State and International responsibility towards protection and promotion of Health 3.Discuss the ecology and Right to Health	CM01.2	Define Health; Describe the concept of holistic health including concept of spiritual health and relativness & determinants of health	L 04
6	Concept of Disease	1.Describe the concept of Disease 2.Distinguish the terms "Disease", "Illness" and "Sickness". 3.Discuss the concept of ' Spectrum of Disease' and 'Iceberg of Disease'.	CM01.3	Describe the characteristics of agent, host and environmental factors in health & disease and the multifactorial etiology of disease	L 05
7	Concept of Causation	1.Discuss the concept of "Germ Theory of Disease" and "Epidemiological triad" 2.Discuss the Natural History of Disease and Pre and Pathogenesis phases 3.Explain the Guidelines for defining "Risk factors" and "Risk groups"	CM01.4	Describe and discuss the natural history of disease	L 06
8	Role of Social Factors in Health & Disease	1.Define Family and Describe its types, functions & role in health & Disease 2.Describe the social factors & Cultural factors & their role in health and disease 3.Elicit the social & cultural factors affecting health & disease in the given example 4.Describe the method of assessment of socio - economic status 5.Determine socio - economic status in the given example	CM02.2	Describe Socio-cultural factors, family, its role in health and disease & demonstrate in a simulated environment the correct assessment of socio-economic status	SGT 02
9	Levels of Prevention & Application of Interventions	1.Enumerate levels of prevention of disease 2.Describe & explain in detail the levels of prevention of disease 3.Enlist the modes of intervention 4.Describe & explain in detail the modes of intervention 5.Distinguish the terms "Impairment", "Disability" and "Handicap"	CM01.5	Describe the application of intervention at various levels of Prevention	L 07
10	Poverty & Social Security Measures	1.Define Poverty & Describe its effect on health & disease 2.Describe Concept of Social Security measures and its application 3.Describe the measures taken for reduction of effects of poverty in health & disease	CM02.5	Describe Poverty and Social Security measures and its relationship to health & Disease	L 08
11	Health Services Philosophies	1.Discuss the characteristics and various levels of Health care in India 2.Explain the concept of Primary Health care in india 3.Explain the various components of Health system and the Health team concept 4.Discuss the concept of Health Services Research and its scope	CM01.5	Describe the application of intervention at various levels of Prevention	L 09
12	Community, Hospitals And Control Measures in Public Health	1.Explain the concept of Disease Control, Elimination and Eradication 2.Differentiate in role of Hospital Services & Community Services 3.Enumerate functions of Physician 4.Describe the concept of Community Diagnosis & Community Treatment	CM01.5	Describe the application of intervention at various levels of Prevention	L 10
13	M D G s & S D G s	1.Explain the concept of MDGs & SDGs 2.Enumerate health related goals of MDGs & SDGs 3.Describe MDGs & SDGs in context with India 4.Describe achievement in MDGs	CM01.7	Enumerate & Describe Health Indicators	L 11

SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

SNO	Teaching Title	SLO	CC	Competency	TM
14	Special Indicators of Health	1.Classify and Enumerate health indicators 2.Explain characteristics of indicators 3.Define HALE, DALY, QALY 4.Describe in detail mortality and morbidity indicators 5.Differentiate in Indicator & Index	CM01.7	Enumerate & Describe Health Indicators	L 12
15	Introduction to Demography	1.Describe the Demographic Cycle. 2.Describe demogrphic trends in World & India	CM09.1	Define & describe the principles of Demography, Demographic Cycle, Vital Statistics	L 13
16	Overview of Vaccines & Cold Chain	1.Define Vaccine and Classify Vaccines with examples 2.Describe concept of Cold Chain 3.Enumerate various cold chain equipments and describe their use 4.Demonstrate use of VVM (Vaccine Vial Monitor)	CM10.5	Describe Universal Immunization Program; Integrated Management of Neonatal and Childhood Illness (IMNCI) and other existing programs	SGT 03
17	Demographic profile of India	1.Describe the importance of knowing Demographic Profile 2.Describe Demographic Profile of India and its impact on health 3.Describe the conduction and findings of recent Census	CM01.8	Describe Demographic profile of India and discuss its impact on Health	L 14
18	Update of Socio - Economic Classification	1.Demonstrates how to use latest Socio-Economic Classification Scale	CM02.2	Describe Socio-cultural factors, family, its role in health and disease & demonstrate in a simulated environment the orrect assessment of socio-economic status	SDL 01
19	Health Promotion by Health Education, IEC & BCC	1. Describe the concept and benefits of Health Promotion 2. Describe methods of Health Education 3. Demonstrate scribe the conduction and findings of recent Census	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication	SGT 04
20	IEC BCC Tools - I	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication	SDL 02
21	IEC BCC Tools - II	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication	SDL 03
22	Principals & Practice of Health Education	1.Define the health education and describe the principles of health education. 2.Describe different approaches to health edcuation. 3.Describe different models of health education.	CM04.1	Describe the methods of health education with their advantages and limitations	L 15
23	Status of MCH Care inIndia	1.Enumerate different issues in maternal & child health 2.Enlist common causes of maternal mortality in India 3.Enlist common causes of Infant mortality in India 4.Describe Current Status of MCH Care in India	CM10.1	Describe the current status of Reproductive, Maternal, Newborn & Child Health	SGT 05
24	Administration & Organisation of Health Education	1.Describe and identify appropriate method of communication in given situation. 2.Enumerate different aids used in health education. 3.Describe Importance of Counselling and GATHER approach.	CM04.2	Describe the methods of organizing health promotion and education and counselling activites at individual family and community settings	L 16
25	Types ofCommunication & Barriers of Communication	1.Describe communication process. 2.Enumerate & Describe types of Communication. 3.Enumerate & Describe Communication Barriers.	CM04.1	Describe the methods of health education with their advantages and limitations	L 17
26	Nutrients and Nutritional requirements	1.Describe common sources of various nutrients. 2.Describe changing nutrional requirements in various age groups 3.Describe changing nutrional requirements in various physiological conditions.	CM05.1	Describe common sources of various nutrients and special nutrional requirements according to age, sex, activity, physiological conditions	L 18
27	IEC BCC Tools - MCH	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication	SDL 04
28	IEC BCC Tools - Nutrition	1.Demonstrates use of IEC Tools & BCC Techniques	CM01.6	Describe & Discuss the Concepts, the principles of Health promotion and Education, IEC and Behavioural Change Communication	SDL 05
29	Introduction to Epidemiology	1.Define Epiedmiology 2.Demonstrate understanding of Distribution & Determinants 3.Describe concept of Epidemiology with example	CM07.1	Define Epidemiology and describe and enumerate the principles, concepts and uses	L 19
30	Introduction to Infectious disease Epidemiology	1.Enumeret and Describe various modes of disease transmission 2.Describe Incubation period, Epidemic & Endemic, Prevalance & Incidence 3.Enumerate & Describe various preventive measures	CM07.2	Enumerate, describe & discuss the modes of transmission and measures for prevention & control of communicable & non-communicable diseases	L 20

SYLLABUS OF COMMUNITY MEDICINE FOR FIRST PROFESSIONAL YEAR AS PER MCI GUIDELINES FOR CBME

SNO	Teaching Title	SLO	CC	Competency	TM
31	Parasitic Diseases prevalent in India	1. Define parasite with examples of common parasitic infection in India. 2. Describe the factors influencing parasitic diseases. 3. Describe measures of prevention and control of parasitic diseases.	CM08.1	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	SGT 06
32	Role of Nutrition in Health & Disease	1. Enumerate the major nutritional problems of Public Health Importance. 2. Describe Protein Energy Malnutrition and various preventive measures 3. Describe the prevention and control of Vitamin A disorders, Iodine deficiency disorders and Nutritional anaemia.	CM05.3	Define & Describe Common Nutrition related health Disorders and their control & Management	SGT 07
33	Communicable Diseases prevalent in India	1. Define communicable disease and enlist the common ones prevalent in India. 2. Describe types of communicable disease. 3. Describe the factors influencing disease transmission 4. Describe measures for prevention and control of communicable disease..	CM08.1	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for communicable diseases	SGT 08
34	Non Communicable Diseases prevalent in India	1. Define non-communicable disease and enlist the common ones prevalent in India. 2. Describe risk factors influencing the development of non-communicable disease. 3. Describe measures for prevention and control of non-communicable disease.	CM08.2	Describe & Discuss the epidemiological and control measures including the use of essential laboratory tests at the primary care level for non-communicable diseases	SGT 09

Mahatma Gandhi Mission's
MEDICAL COLLEGE

Department of Community Medicine

**COMPREHENSIVE PLAN OF INTERNAL ASSESSMENT IN COMMUNITY MEDICINE
AS PER CBME CURRICULUM OF MEDICAL COUNCIL OF INDIA**

1. One Internal Assessment Exam will be conducted in First Year approximately one month prior to First Year Prelim Examinations.
2. Both Theory and Practical Exams will be conducted as per the Competency Guidelines.
3. Theory Exam will be of 50 Marks (1/4th of University Pattern of 200 Marks)
Time: 2 Hrs.
Paper pattern:-
Section A - 10 Multiple Choice Questions of 1 Mark Each - Total 10 Marks
Section B - Q. 1 - 1 out of 2 Long Answer Questions - 10 Marks
 Q. 2 - 6 out of 8 Short Answer Questions - 30 Marks (5 Each)
4. Practical Exam will be of 25 Marks (1/4th of University Pattern of 100 Marks)
Marks distribution for Practical Exam -
Viva Voce - 20 Marks
Logbook - 05 Marks
5. Appropriate proportion of marks obtained will be included in Internal assessment for final University Examination of IIIrd MBBS – Part I

Assessment (First Professional)	Term End Theory Exam. Marks	End of Posting Theory Exam. Marks	Term End Practical Exam. Marks	End of Posting Practical Exam. Marks
Year End Assessment	50	NA	25	NA
TOTAL	50		25	

Resolution No. 3.35 of Academic Council (AC-42/2022): Resolved to approve the recommended list of books for UG student CBME batch (Department of Community Medicine) for theory & Practical:

(P.T.O)

SN	Title of Book / Authors /Editors	Author / Editor	Current Edition
01	Park's Textbook of Preventive & Social Medicine	K. Park	26 th /2021
02	IAPSM's Textbook of Community Medicine	AM Kadri	2 nd / 2021
03	Text Book of Community Medicine	Rajvir Bhalwar, Puja Dudeja	4 th / 2021
04	Text Book of Community Medicine Preventive & Social Medicine	Sunder Lal	7 th / 2022
05	Epidemiology And Management for Health Care	PV Sathe, PP Doke	6 th / 2022
06	Comprehensive textbook of Biostatistics & Research Methodology	S. Kartikeyan, RM Chaturvedi	1 st / 2016
07	Golden Notes for Preventive and Social Medicine	Patel Parimal	2 nd / 2020
08	Short Notes in Community Medicine	P V D Shetty	3 rd / 2022
09	Practical & Viva in Community Medicine	J Kishore	4 th / 2021
10	National Health Programs of India	J Kishore	14 th / 2022
11	Question Bank in Community Medicine	J Kishore	2 nd / 2021
12	Practical Guide: Qualitative Methods in Health and Educational Research	Amol Dongre Pradeep Deshmukh	1 st / 2021
12	PSM Residency Made Easy (RME)	Dr Krishan Rajbhar Dr. Ashish Kumar Sharma	1 st /2022

Resolution No. 3.37 of Academic Council (AC-42/2022): Resolved to approve the Broad distribution of topics for Theory Paper 1 and Paper 2 for Community Medicine in the UG programme (CBME):

Paper I

- History of Public Health
- Concept of Health & Disease
- Epidemiology
- Screening of Disease
- Epidemiology of Communicable Diseases
- Epidemiology of Non-Communicable Diseases
- National Health Programs related to Communicable & Non-Communicable Diseases
- Genetics & Health
- Mental Health
- Environment & Health
- Biomedical Waste Management
- Health information and Basic Medical Statistics

Paper II

- Reproductive Maternal and Child Health & National Health Programs related to it
- Demography & Family Planning
- Nutrition and National Health Programs related to it
- Medicine & Social Sciences
- Tribal Health
- Disaster Management
- Occupational Health
- Communication for Health Education
- Health planning & Management
- Health Care of Community
- International Health
- Recent Advances
