 2. **Adopts measurable criteria to identify advance learners:** students securing more than 75% marks as **advance learners**.
 3. **Remedial measures for slow performers:**
Formal:
 1. These students are followed at the department level by faculty member.
 2. The remedial classes are conducted regularly in addition to regular classes for low performers by displaying time table and taking attendance.
 3. Their performances are evaluated by conducting internal examinations periodically.
 4. **Mentorship:** Mentors are assigned to all students in batches of 8-10. Slow performers receive special attention from mentors and subject experts through close interactions. Regular interactive sessions, lab and hands on skill sessions are taken to overcome difficulties in a continuous manner.
 5. **Parent- teachers Meeting (PTM):** They are regularly held subject wise wherein, the strength and weaknesses, attendance and academic performances are discussed with appropriate counseling and remedial measures.
- **Outcome measures:** The outcome of slow performers in class tests, internal examinations, Preliminary examinations and summative assessments are analyzed to ascertain/ co-relate their consistency in improvement.

Students' Progress details and outcome measures:

- Course: Pharmacology
- Assessment: Formative assessment: (3 Nos.) written and Practical's
- Remedial classes
- Mentorship
- Parents teacher meeting
