About The Founder

Mrunali Kulkarni

Mrunali is the **Founder & CEO** of Vision International. Her background in Commerce and her initial job profile of working in Human Resources took a sudden turn when she realized that from the age of 14, all she really wanted to do was to start a venture of her own. Mrunali's passion is actually “**being passionate**”! No kidding - A passion for doing good to others, a passion for simplifying conversations with her students, a passion of being true to herself.

From being known as EM's Overseas back in 2012 at launch - to **Vision International** currently, Mrunali has come a long way. She believes in the end-to-end **self counselling** approach which basically means spending all (almost) her time looking at student needs, nurturing each student so they can achieve their education goals and ensuring they have **everything** they need before they depart for higher education.

She truly believes in "Winners are not born, they are **self-made**" and fosters the same principle amongst everyone she deals with. In her free time, she enjoys long drives, sipping her favorite smoothie at a sea-facing coffee shop, talking gibberish with her tiny nephew, speaking for hours on the phone with her can-barely-count-on-fingertips close friends and experimenting with **new** recipes in the kitchen!
