OFFICIAL SELECTION LETTER

MSAI/SCOPE2022/S230

November 2021

To whomsoever it may concern,

This is to confirm that following student is selected to participate in our medical student exchange program:

**Given Name :** Tarushi  
**Last Name :** Bhattacharya  
**Passport Number:** S1282638  
**Sex:** Female

Medical Students Association of India (MSAI) in collaboration with our counterpart organization of the host country, will arrange for a medical clerkship at one of the universities or affiliated hospitals for four weeks for the student. They will be provided accommodation and at least one meal per day at no extra cost. They will be placed under the supervision of a chief doctor at the department and will not receive any salary. The student is expected to resume their undergraduate medical studies after returning from the stated period of clerkship.

**Host Organization and Country :** Brazil (DENEM)  
**Period:** April 2022-March 2023

Medical student association of India (MSAI) is a non-government organization run for and by Indian medical students, who provide their services on a voluntary basis. It was founded in October 2011. MSAI-India is a registered society dedicated to work for medical students' welfare across the country. MSAI is also the National Member Organization (NMO) of the International Federation of Medical Students Association (IFMSA), which is the world's largest student organization representing more than 1.3 million medical students worldwide. It is also a non-government organization which is the main organization making this exchange possible with the help of its Standing Committee On Professional Exchanges (SCOPE).

We urge all authorities to be cooperative and helpful in order for this medical student to acquire a visa for the arranged clerkship and within reasonable time.

I remain available for any clarification or further information regarding the student's clerkship. Confident in your understanding, I send my best regards and gratitude in advance.

**MEDICAL STUDENT PERFORMANCE EVALUATION**

For

**VAIBHAVI VIKAS JAYWANT**

SEPTEMBER 2022

**IDENTIFYING INFORMATION**

**VAIBHAVI VIKAS JAYWANT** was enrolled for the M.B.B.S course (Bachelor of Medicine and Bachelor of Surgery) from July 2009 to August 2016 at the Mahatma Gandhi Mission's Medical College and Hospital affiliated to the Mahatma Gandhi Mission's Institute of Health Sciences, Navi Mumbai, India.

**NOTEWORTHY CHARACTERISTICS**

- **Vaibhavi Vikas Jaywant** completed her Higher Secondary School in Sciences, Mathematics, and English from a reputed educational institute. She fosters strong collaborative teamwork as an essential component of all her relationships, whether along with peers or patients. Vaibhavi has inherent values of striving for perfection and efficiency in all jobs undertaken, which perpetuates her desire to provide quality, patient-centered care.
- **Vaibhavi Vikas Jaywant** had a consistently good academic record at medical college, and her conduct as a student and intern has been commendable. During her clinical rotations, she displayed an unwavering commitment to excellent patient care with a visible dedication to learning new skills and expanding her knowledge. She was a quick learner, grasping the critical points efficiently and consistently shouldering additional responsibilities. She enthusiastically participated in all aspects of patient care - from history taking and physical examination to treatment and follow-up care. In addition to academic excellence, she demonstrated exemplary compassion towards all patients during her outpatient clinics and inpatient hospital services.
- **Vaibhavi Vikas Jaywant** has demonstrated excellent leadership qualities. She was a natural team leader and takes initiative in building collaborative teams that create a positive learning environment for her peers and junior medical students. **Vaibhavi Vikas Jaywant** has displayed a keen interest in guiding junior medical students for academic and professional development. Her juniors speak highly of her passion for teaching. Not only does she keep herself updated with the latest evidence-based practices, but she also strives to advance the field of medicine by participating in debates conducting research work, and constantly seeking new opportunities and learning experiences. She was an ambitious, dedicated student and cares deeply about providing the best healthcare to her patients.
- **Vaibhavi Vikas Jaywant** has completed her medical education without interruption and passed all the examinations in the first attempt. Since she wanted to pursue clinical experience in USA, she postponed her graduation certificate collection by one year i.e., 2016.

Dear Sir/ Madam,

Please find attached the completed template of the transcript which MGM used for graduates in my batch. I have filled in all my details that is available to me.

Also please find attached my marksheets of all 3 years of MBBS, internship completion certificate, and college leaving certificate as a proof of Birth.

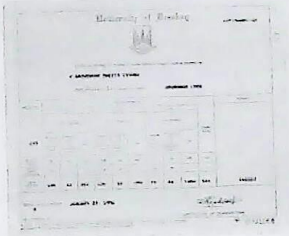

I need the transcript by December 7 th because my immigration process will not proceed until I send them a copy of my transcript.

Also email me the details of the payment process and the fees associated with the issuance of the transcript. It will take 3-4 working days for me to send the international wire transfer.

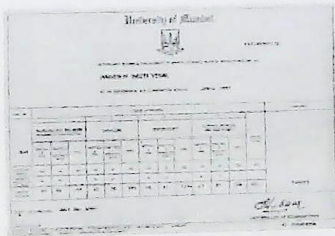

Thanks and Regards  
Sweeta Nagvenkar, MD

To,  
The Dean,  
MGM Medical College,  
Navi Mumbai.

Dear Sir,

I, Ira Shukla, was a student of MGM Medical College from Aug 2014 to Aug 2020.

I am in the process of applying for a Master's and/or Doctoral programs in the US for the fall 2023 intake. As a part of the application process I need to send my transcripts to some colleges.

I had taken 2 transcripts in August 2022, but now need additional copies of the same. Request you to kindly issue me 7 copies of the transcripts.

Find attached:

1. Payment receipt for 7 copies (Rs.7000).
2. Transcripts issued to me in August 2022 for your reference. (I need additional copies of the same).

Regards  
Ira Shukla

## LETTER OF RECOMMENDATION

### TO WHOMEVER MAY CONERN

Prof. and Director, Rinkle Malani of MGM School of Physiotherapy, Aurangabad would like to introduce and recommend Samiksha khemani for further education at your Prestigious University. I've known her since she graduated and taught her muscle strengthening in her second year, and musculoskeletal evaluation and manipulation skills, X-ray in her third year. Also, I oversaw her directly in her critical care duties. She provided care to a large number of patients at a hospital connected to her college during her critical care rotations. She even offered to assist and provide COVID-19 treatments to patients. The medical staff praised her for her exceptional clinical performance. She always suggested trying out a different treatment method since she was so curious.

Throughout her course, she gave numerous seminars. She has excellent communication skills. She was equally interested in extracurricular activities throughout her course as she was in academics. She served on the planning committee for a college festival. She did a fantastic job, which speaks to her other strengths in teamwork, planning, and execution.

She said she wanted to improve her skills and obtain a master's degree in Australia. I was overjoyed to hear this and supported her. She decided to pursue this Master's degree because she had creative ideas and a strong desire to learn new things. She will receive the proper guidance from such a renowned university, and I have no doubt that she will develop into a dedicated physiotherapy professional.

## LETTER OF RECOMMENDATION

Prof. and Principal, Rinkle Malani of MGM School of Physiotherapy, Aurangabad would like to introduce and recommend Saloni Shah for further education at your Prestigious University. I've known her since her graduation days and have taught her massage in her first year, joint biomechanics, basic principles of joint design, classification of joints, osteokinematics and arthrokinematics, the concave-convex rule, joint function, kinetics and kinematics, muscle strengthening, electrotherapy in her second year, and musculoskeletal evaluation and manipulative skills, X-ray in her third year. In addition, I directly supervised her in her critical care postings. During her critical care rotations, she treated a lot of patients at a hospital affiliated with her college. She even volunteered to help and treat patients with COVID-19. The medical staff praised her for her exceptional clinical performance. She always suggested trying out a different treatment method since she was so curious.

Her communication skills are excellent with a very effective fluency in English. Along with academics, she was equally interested in co-curricular activities throughout her course. She was a part of the organizing committee for one of the college fests. She did excellent work which indicates her other qualities like planning, implementation and team spirit.

She informed me that she wanted to enhance her capabilities and get a master's degree in Australia. I was overjoyed to hear this and supported her. Her innovative ideas and desire to learn something new inspired her to pursue this Master's degree. I am confident that such a famous university will provide her with suitable mentoring and turn her into a passionate physiotherapy practitioner.

### Letter of Recommendation

Miss Dnyana Sameer AMBEKAR, has been under my guidance for the subjects of physiotherapy, as part of her undergraduate course at MGM school of Physiotherapy, Aurangabad Maharashtra.

I found her committed, proactive and diligent. She also played pivotal role in the organization of several events at college level by actively participating it. Carrying a brief idea of her over-all skill set, I feel delighted while writing this letter of recommendation in her support.

Dnyana, always followed discipline attending the offered courses and extra lectures for gaining the working knowledge on current practices in physiotherapy.

During the unfortunate period of COVID epidemic, she actively supported assisting MGM hospital out patient's department treating the patients

We found Dnyana proactively asking questions to gain knowledge during the course work she finished.

The desired course she is willing to complete, is an ideal combination of management and supporting humanity towards relief of pain. Hence in my opinion, Master in Physiotherapy stream, would help her to achieve professional goals she has set.

Reviewing her personality improvement over the years, I find her to be a capable candidate for this course. Thus, I would highly recommend her to acceptance at your esteemed university without any reservations and maximum financial support feasible.

I wish all the best to Dnyana in her endeavor achieving the set goals.

Thanking you,

Sincerely,

Name: Dr. Rinkle Malani
