Nexus 2023 Report

We the students of MGM Medical College – Batch of 2019 organised our first ever undergraduate medical conference Nexus 2023. It spanned over 3 days – 16, 17, 18th of June 2023. It included workshops organised by various departments and events and competitions that were open to students across all batches of medical colleges across the city.

This idea was conceptualised in August of 2022, and over the past year we have worked hard to make our vision a reality

We sincerely thank Dean sir for guiding us and allowing us to carry this vision out and providing us with such excellent resources and amenities

The final years – batch of 2019 was the organising batch comprising the core team and the heads but students across all batches of MGM Medical College were a part of the organising and volunteering team. Participants and attendees – students across all batches - thoroughly enjoyed all three days and viewed them as a valuable and enjoyable hands on learning experience

Organising Secretaries – Tejaswini Pethe, Saloni Tandon, Abhipsha Acharya

There were six workshops – each spanning three hours and six events across the three days. We had participation from colleges like HBT Medical College, MGM Medical College Aurangabad along with our own college

Each attendee received a delegate kit, certificate with each event and workshop. Refreshments were provided by the college on all three days to attendees and faculty, comprising of breakfast, lunch and beverages.

We thank Dr Rita Khadkikar, Dr Anjali Sabnis, Dr Sameer Kadam, Dr Jayshree Ghanekar, Dr Vishwas Sathe, Dr Sushil Kumar and Dr Vijay Kamale for their guidance and support and valuable insight from start to finish without which any of this would not have been possible.
