Event Report- MBBS Quiz 2024

Date: 25-07-2024

Title: UG Quiz 2024 (MBBS batch 2022)

Level: College-level event

Objectives: To encourage advanced learners, widen the knowledge and overall intellect of the undergraduates residents.

Content:

Quizzing is an extremely fun event which puts into test the knowledge of the participants, not just of their specialization but also other aspects of the medicine and their general knowledge. The entire faculty chipped in with interesting questions for the quiz. Audio questions were also included.

The plan is to include UGs of other colleges (regional level) as well for further events.

Outcome

It was a hugely successful event. Everyone including the participants and faculty had immense fun. The contest went down to the wire with two out of five teams neck to neck in points. Ultimately the winning team with the mentality of a sly tiger, pounced upon the questions in the final round and made a comeback win from behind edging out the favorites. It was a great experience for the students.
