**Report of IIC Event Conducted by MGM SBS, on Calendar activity namely
My Story – Motivational Session by Successful Entrepreneur under Quarter 1**

Name of the Event:	<u>My Story – Motivational Session by Successful Entrepreneur</u>
Purpose of the event:	To motivate the student in the institute for familiarizing about the process of entrepreneurial journey from scratch to profitable business establishment.
Mode of Event:	Offline
Date of the event:	7 th September, 2023
Time of the event:	11.30 am to 1 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	148

Proceedings of the event:

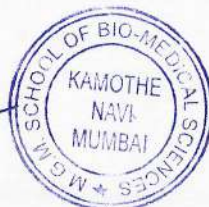

Objective: The event aimed to inspire and motivate students by featuring the success story of Mr. Sri Harsh, a former student of MGM SBS and the Founder of startup company Hypothalamus which is specific towards development of disease specific meals for hospital admitted students. Sri Harsh shared his journey from being a student to becoming a successful entrepreneur, emphasizing his innovative venture in providing disease-specific foods to hospitalized patients.

Proceedings of the event:

The session was started by address of Director MGMSBS, Kamothe, Navi Mumbai by introduction of Mr. Sri Harsh and sharing small story about him as he had dropped out from his studies with MGMSBS to pursue his fashion of entrepreneurship and she suggested students to take inspiration from him on his decision making ability.

- Sri Harsh, an alumnus of MGM SBS, shared his entrepreneurial journey, illustrating the challenges he encountered and the milestones he achieved. He briefed students about his

Signature

company Hypothalamus focuses on the development and delivery of disease-specific foods tailored to patients admitted in hospitals. Sri Harsh highlighted the significance of personalized nutrition in healthcare.

- **Funding Success:** Sri Harsh also told the story of securing a substantial funding amount of 50 lacs for his business idea, indicating the viability and potential of his venture.

He also shared the story of Hypothalamus which has established connections with over 100 hospitals as service providers through an online ordering app, showcasing the scalability and impact of the business model.

Conclusion: The My Story - Motivational Session by Sri Harsh, organized by MGM SBS, provided valuable insights and inspiration to students, encouraging them to embark on their entrepreneurial journey with confidence. The event underscored the significance of innovation, determination, and strategic vision in achieving success in the business world.

Event Name: Embrace Zebrafish – International conference on adoption of Zebrafish Model

Date & Time: 27th and 28th October 2023

Location:.

Sr. No.	Event Title & Venue Details	Program Coordinators (Team members name)	Total No. of Participants
1	Embrace Zebrafish – International conference on adoption of Zebrafish Model	As per brochure	155 registered delegates + speakers and coordinators from the host institute

Short event report

Together with the support of the non-profit Zebrafish Foundation India, ZEBCOG-Zebrafish Laboratory, Department of Medical Biotechnology, MGM School of Biomedical Sciences, MGMIHS, and the Department of Biotechnology, Pillai College of Arts, Commerce, and Science—a unique conference “Embrace Zebrafish – International conference on adoption of Zebrafish Model”, for two days was organized at Navi Mumbai.

The International Conference was an incredible success! Held on October 27th and 28th at Navi Mumbai, it brought together experts and enthusiasts from around the world to explore the versatile applications of the **Zebrafish model**.

The event featured a stellar line-up of International and National speakers actively involved in zebrafish research. We had 150 + registrations from Reputed institutes like Indian Institute of Technology, Delhi, Indian Institute of Technology (IIT), Mumbai, Indian Institute of Technology, Roorkee, DRDO, Ministry of Defence, Govt. of India Delhi, BAMU, Anna University, NMIMS and many more institutes in addition to in-house delegates.

Attendees enjoyed engaging lectures given by International speakers from **Taiwan (Gendanio), Belgium & France** and from National institutes like **ICMR-NITM Belagavi and Dr.Reddy's Institute of Life Sciences Hyderabad and MGMIHS**.

The highlight of the conference was the Live demonstration of the microinjection techniques, Hands on experience with dissecting micro scope, breeding etc., Microscopy, different oral feeding techniques at the **ZEBCOG - Zebrafish Laboratory** at the MGM School of Biomedical Sciences, which houses a state-of-the-art zebrafish laboratory for **research, training, and consultancy**. The students gained insights into the advantages of using Zebrafish models in **interdisciplinary research**, which offer several advantages.

The conference was not just about learning but also about networking and knowledge sharing, promoting collaboration and innovation within the budding zebrafish research community.

Short event report

Dr. Neha Joshi delivered a guest lecture titled "Diet Assessment Methods: From Sunrise to Sunset Your Nutritional Odyssey" to MSc first- and second-year Clinical Nutrition students and faculty. The lecture focused on various techniques used to evaluate dietary intake and nutritional status. It covered both traditional and modern methods of diet assessment, such as food frequency questionnaires, 24-hour dietary recalls, food diaries, and the use of digital tracking apps. Dr. Joshi emphasized the importance of accurately capturing nutritional data to assess dietary habits, nutrient deficiencies, and overall health throughout different phases of the day, aligning with the theme of monitoring nutrition from morning to night.

**Report of IIC Event Conducted by MGM SBS, on Calendar activity namely
Exposure and field visit to MSME under Quarter 2**

Name of the Event: **Exposure and field visit for problem identification**

Purpose of the event: To motivate the student in the institute for familiarizing about the industrial workflow process and brainstorming them for up gradation of skill requirements of industry for future carrier prospect.

Mode of Event: Offline Industrial MSME Visit

Date of the event: 18th December, 2023

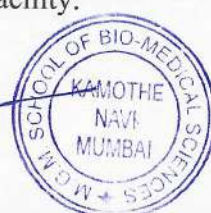

Time of the event: 7 am to 6 pm

Organized by: MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.

No of Attendees: 48

Proceedings of the event:

- One Day field exposure visit Programme was organized by MGMSBS, Navi Mumbai in Co-ordination with "Abhinav Healthcare, Nehroli, Wada" On **18 December 2023** to demonstrate various industrial activities and processes for production of ayurvedic formulations starting from raw material selection, logistics, processing of raw materials, product formulations, packaging and dispatch along with the quality assurance and quality control.
- The experts from the "Abhinav Healthcare, Nehroli, Wada" had demonstrated the detailed workflow of activities to the participating students as listed follows;
 1. **Raw Material Selection:** Participants witnessed the meticulous process of selecting raw materials, highlighting the importance of quality sourcing for effective formulation.
 2. **Logistics:** The visit included a tour of the logistics operations, showcasing the efficient handling and transportation of raw materials within the facility.

3. **Processing:** Attendees observed the processing of raw materials, gaining firsthand knowledge of the techniques and equipment used in Ayurvedic formulation production.
4. **Product Formulations:** The program featured demonstrations of the formulation process, illustrating the blending of ingredients to create Ayurvedic products.
5. **Packaging:** Participants were briefed on packaging methodologies, focusing on maintaining product integrity and compliance with industry standards.
6. **Dispatch:** The visit concluded with insights into the dispatch procedures, highlighting the organization's commitment to timely and efficient delivery.
7. **Quality Assurance and Control:** Throughout the program, emphasis was placed on quality assurance and control measures, underscoring the importance of adherence to regulatory guidelines and standards.

Conclusion: The one-day field exposure visit program organized by MGMSBS in collaboration with Abhinav Healthcare provided participants with valuable insights into the industrial activities and processes associated with Ayurvedic formulation production under IIC Calendar event programme. The comprehensive overview, coupled with practical demonstrations, contributed to enhancing understanding and appreciation for the intricacies involved in producing high-quality Ayurvedic products.

Short event report

On the 1st and 2nd of January 2024, the Department of Medical Biotechnology, MGM SBS, successfully organized two Industrial Visits and Hands-on Training sessions at the Central Drug Standards Control Organization (CDSCO), FDA Lab, located at Mumbai Central. The primary objective of the visit was to provide students with an opportunity to observe, interact with, and operate sophisticated instruments used in pharmaceutical quality control and regulatory compliance.

A group of 08 students, comprising 06 Master's students and 02 PhD students, undertook a comprehensive training program Focused on **chromatographic techniques, particularly High-Performance Thin-Layer Chromatography (HPTLC)**, the visit aimed to enrich their understanding of **regulatory standards and pharmaceutical quality control**. The **hands-on experience**, guided by experts, empowered the students with practical skills and insights relevant to their academic pursuits. The diverse educational backgrounds within the group fostered collaborative learning, enhancing their collective knowledge in the dynamic field of drug analysis and regulatory compliance.

1	<i>Lecture #01 "Potential of the Humble Zebrafish in decoding behavior"</i>	Dr.Himanshu Gupta	58
	00000		

Short event report

ZEBCOG-The Zebrafish Collaborative Group, MGMSBS, MGMIHS Navi Mumbai, successfully conducted its Lecture #01 "Potential of the Humble Zebrafish in decoding behavior" on 14th February 2024 under its Guest lecture series entitled "Unravelling the secrets of Zebrafish".

👉 The incredibly enlightening talk was conducted by **Dr. Amrutha Swaminathan, Scientist IISER-Thiruvananthapuram**, on the Potential of Humble Zebrafish in decoding behavior! 🌟 The session was incredibly informative and educational, shedding light on the fascinating world of Zebrafish research and its implications for understanding behavior. From exploring neural circuits to deciphering social interactions, the insights gained from studying these tiny fish are truly remarkable.

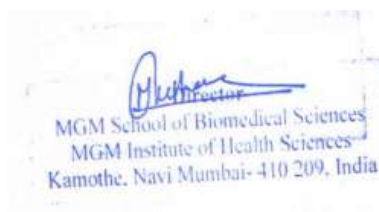

Key learnings:

1. **Neural Circuitry:** Zebrafish offer a unique opportunity to study the intricacies of neural circuitry and brain function, providing valuable insights into human behavior.
2. **Social Dynamics:** By observing zebrafish in group settings, researchers can unravel the complexities of social behavior, offering valuable parallels to human social interactions.
3. **Genetic Manipulation:** The ease of genetic manipulation in zebrafish allows researchers to investigate the genetic basis of behavior, paving the way for potential breakthroughs in understanding and treating neurological disorders.

Overall, this seminar has deepened our knowledge and appreciation for the humble **Zebrafish** and its immense potential in advancing our understanding of behavior. Kudos to the speakers for an engaging and thought-provoking session!

**Report of IIC Event Conducted by MGM SBS, on Important Day Celebration
on National Startup Day under Quarter 2**

Name of the Event:	<u>Importance of National Startup Day Celebration</u>
Purpose of the event:	To motivate the student in the institute for familiarizing about the importance of National Startup Day and Spreading awareness about the innovation ecosystem in education
Mode of Event:	Offline
Date of the event:	22 th February, 2024
Time of the event:	12.30 am to 1.30 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	15

Proceedings of the event:

The celebration of the National Startup Day at MGM School of Biomedical Sciences in Kamothe, Navi Mumbai, was an insightful event aimed at fostering entrepreneurial spirit among students and highlighting the significance of startups in today's economy. The event featured Dr. Raman Yadav as the distinguished speaker, whose expertise and insights into the startup ecosystem greatly enriched the attendees' understanding.

Event Details: The event commenced with a warm welcome extended to all attendees, comprising students, faculty members, and esteemed guests. Dr. Yogesh Patil, a respected faculty member at MGM School of Biomedical Sciences, took the stage to introduce the keynote speaker, Dr. Raman Yadav. Dr. Patil's introduction shed light on Dr. Yadav's illustrious career in fostering innovation and entrepreneurship, particularly within the academic realm.

Keynote Address: Dr. Raman Yadav's keynote address captivated the audience as he delved into the intricacies of startup culture and its pivotal role in driving economic growth and innovation. Drawing from his extensive experience as the Convenor of IIC MGMIHS, Dr. Yadav elucidated the challenges and opportunities inherent in the startup ecosystem. He emphasized the

need for a conducive environment that nurtures creativity, risk-taking, and collaboration, essential ingredients for startup success.

Interactive Session: Following the keynote address, an interactive session ensued, allowing attendees to pose questions and engage in meaningful discussions with Dr. Yadav. The exchange of ideas and perspectives further enriched the learning experience, with participants gaining valuable insights into various aspects of entrepreneurship and startup management.

Vote of Thanks: As the event drew to a close, Dr. Priyanka Parikh, a respected faculty member at MGM School of Biomedical Sciences, extended a heartfelt vote of thanks to all participants, especially Dr. Yadav, for his enlightening discourse. Dr. Parikh expressed gratitude to everyone who contributed to the success of the event, underscoring the importance of collaborative efforts in promoting entrepreneurial endeavors within the academic community.

Conclusion: The celebration of National Startup Day at MGM School of Biomedical Sciences served as a testament to the institution's commitment to fostering innovation and entrepreneurship among its students. Through engaging discussions and expert insights, the event succeeded in inspiring the next generation of startup enthusiasts to embark on their entrepreneurial journey with zeal and determination.

Report of IIC Event Conducted by MGM SBS, on Self Driven Activity
Calendar activity namely Brain Storming Session on Prototype Development
under Quarter 2

Name of the Event:	<u>Brain Storming Session on Prototype Development</u>
Purpose of the event:	To motivate the student in the institute for familiarizing about the process of prototype development from problem identification to prototype development in form of solution.
Mode of Event:	Offline
Date of the event:	26 th February, 2024
Time of the event:	11.30 am to 1 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	20

Proceedings of the event:

MGM School of Biomedical Sciences organized a dynamic self-driven activity focused on demystifying the process of prototype development, from problem identification to solution creation. This event, spearheaded by Dr. Raman P Yadav, Convenor of the Institution's Innovation Council (IIC), in collaboration with MGM SBS Kamothe Navi Mumbai, aimed to instill the essence of innovation among the participants. The session was tailored for a group of 20 students, fostering an environment conducive to self-directed learning and exploration.

Event Highlights:

The self-driven activity commenced with an introductory session led by Dr. Raman P Yadav, who underscored the significance of self-motivation and initiative in the journey of innovation. Through thought-provoking discussions and real-world examples, participants were inspired to take ownership of their learning and embrace the challenges inherent in the innovation process.

R. Yadav

Dr. Yadav seamlessly transitioned into the core of the activity, where he elucidated the step-by-step process of prototype development, emphasizing the pivotal role of problem identification. Participants were encouraged to critically analyze existing challenges within the biomedical sciences domain and identify opportunities for innovation.

Dr. Yogesh Patil, a seasoned expert in biomedical engineering, complemented the session by providing practical insights into the technical aspects of prototype development. His collaborative efforts with Dr. Yadav enriched the learning experience, bridging the gap between theory and practice.

In a self-driven exploration session, participants were given the autonomy to delve into the process of prototype development, guided by mentors who provided support and guidance as needed. Armed with newfound knowledge and inspiration, students embarked on a journey of ideation, design, testing, and refinement, culminating in the creation of innovative prototypes.

Conclusion:

The Self-Driven Activity on Prototype Development at MGM School of Biomedical Sciences exemplifies the transformative potential of hands-on learning and self-directed exploration. By fostering a culture of self-motivation and innovation, this activity has equipped participants with the tools and mindset necessary to tackle real-world challenges with confidence and creativity.

**Report of IIC Event Conducted by MGM SBS, on Calendar activity namely
Mentoring Event – Expert talk on Mentorship Support under Quarter 3**

Name of the Event:	<u>Expert talk on Mentorship Support</u>
Purpose of the event:	To motivate the student in the institute for familiarizing about the process of innovation and entrepreneurship for profitable business establishment.
Mode of Event:	Offline
Date of the event:	21 st May, 2024
Time of the event:	11.30 am to 1 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	148
Proceedings of the event:	

Introduction

The Institution's Innovation Council (IIC) organized an insightful and inspiring session titled "Expert Talk on Mentorship Support" to motivate Bachelors students of MGM SBS by familiarizing them with the process of innovation and entrepreneurship. The session was conducted by Dr. Yogesh Patil, Assistant Professor at MGM School of Biomedical Sciences, Kamothe, Navi Mumbai, who shared his expertise and experiences in the field.

Objectives

The primary objectives of the session were to:

1. Introduce students to the concepts of innovation and entrepreneurship.
2. Provide guidance on establishing profitable business ventures.
3. Highlight the importance of mentorship in achieving entrepreneurial success.
4. Encourage students to develop innovative ideas and transform them into viable businesses.

Session Highlights

Dr. Neelam Yerram, the event coordinator, commenced the session with a warm welcome and a brief introduction to the speaker, Dr. Yogesh Patil. She highlighted Dr. Patil's achievements and contributions to the field of biomedical sciences and entrepreneurship.

Key Points Discussed by Dr. Yogesh Patil:

- 1. Introduction to Innovation and Entrepreneurship:**
 - Definition and significance of innovation in today's competitive market.
 - The role of entrepreneurship in economic growth and job creation.
- 2. The Process of Innovation:**
 - Steps involved in the innovation process, from idea generation to commercialization.
 - Importance of research and development (R&D).
 - Protecting intellectual property (IP) through patents and copyrights.
- 3. Building a Profitable Business:**
 - Key elements of a successful business model.
 - Strategies for market analysis and identifying customer needs.
- 4. Role of Mentorship:**
 - How mentors can guide aspiring entrepreneurs through challenges.
 - Finding and establishing a productive mentor-mentee relationship.
- 5. Funding and Resources:**
 - Various funding options available for startups, including venture capital, angel investors, and grants.
 - Utilization of incubators and accelerators for business growth.

Interactive Session:

The session included an interactive segment where students could ask questions and share their ideas. Dr. Patil provided insightful answers and encouraged students to think creatively and pragmatically about their entrepreneurial aspirations.

Conclusion

Dr. Neelam Yerram concluded the session by thanking Dr. Yogesh Patil for his valuable insights and practical advice. She emphasized the importance of such expert talks in inspiring and equipping students with the knowledge and tools necessary for successful entrepreneurship.

**Report of IIC Event Conducted by MGM SBS, Kamothe, Navi Mumbai on
Calendar activity namely Demo Exhibition of Prototypes of Innovative Ideas
under Quarter 4**

Name of the Event:	<u>Demo Exhibition of Prototypes of Innovative Ideas</u>
Purpose of the event:	To motivate the students in the institute towards developing prototypes for innovative approaches.
Mode of Event:	Offline
Date of the event:	7 th June, 2024
Time of the event:	11.00 am to 1.00 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	20
Proceedings of the event:	

Introduction

MGM School of Biomedical Sciences, Kamothe, Navi Mumbai has conducted a IIC activity entitled "**Demo Exhibition of Prototypes of Innovative Ideas**" to motivate Bachelor's and Master's students of MGMSBS by encouraging them to develop prototypes on innovative approaches.

Objectives

The objectives of the session were to:

1. Encourage students to develop innovative solution-oriented prototypes and transform them into viable products.

Received:
By *Dr. P. Madh.*
22/08/2024

Session Highlights

A Demo Exhibition Competition on Prototypes of Innovative Ideas was conducted at MGM School of Biomedical Sciences, Navi Mumbai. The event started with inauguration by Hon'ble dignitaries, Dr. Shashank Dalvi (Vice Chancellor, MGMIHS, Navi Mumbai), Dr. Chandramani Pathak (Research Director, MGMIHS, Navi Mumbai), and Dr. Mansee Thakur (Director, MGMSBS, MGMIHS, Navi Mumbai).

The judges for the competition were Dr. Kapil Thakur (Heartfulness Zonal Coordinator), Dr. Santosh Gawali (HOD & Professor, Department of Biochemistry, MGM Medical College & Hospital, Navi Mumbai), and Dr. Jigna Pathak (Professor, Department of Oral Pathology, MGM Dental College, Navi Mumbai). There were a total of 19 models, including both teams and individuals were presented by undergraduate and post graduate students. Winners of the competitions were awarded with trophies and certificates of achievement, while all participants received certificates of participation, recognizing their efforts and contributions to the event.

Short event report

The Department of Medical Biotechnology MGM SBS recently hosted an expert talk and demonstration as part of an Industry-Academia collaboration, featuring the Rapid PCR system of TAKARA Bio, specifically the DTI Fast Speed Thermal Cycler.

The session was conducted by Mr. Abhishekh Phake, Product and Application Specialist from TAKARA Bio, and was targeted at M.Sc. second-year Medical Biotechnology students. Under the supervision of Dr. Mansee Thakur, Head of the Department, and coordinated by Dr. Yogesh Patil, Assistant Professor, the event provided students with a detailed understanding of the advanced features and operational capabilities of the DTI Fast Speed Thermal Cycler, emphasizing its applications in rapid and efficient PCR assays. The session not only enhanced the students' practical knowledge but also fostered closer ties between academia and industry.

Report of IIC Event Conducted by MGM SBS, on Self Driven Activity namely Brain Storming Session on Journey of Startup by Alumni Student under Quarter 4

Name of the Event:	<u>Brain Storming Session on Journey of Startup by Alumni Student</u>
Purpose of the event:	To motivate the student in the institute for familiarizing about the process of starting a new venture and problems encountered during the process.
Mode of Event:	Offline
Date of the event:	6 th , August, 2024,
Time of the event:	1.30 pm to 2.30 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	150+
Proceedings of the event:	

MGM School of Biomedical Sciences, Kamothe, Navi Mumbai, organized a self-driven IIC activity titled "Brainstorming Session on Startup Journey by Alumni Entrepreneur of MGM SBS" for first-year UG and PG students. The session was conducted by Ms. Akshata Rakshe, a distinguished alumna of the Department of Medical Biotechnology at MGM SBS. Ms. Rakshe is the co-founder of Vissia Enterprise and Vissia Consultancy, a company she launched a year ago, which has remarkably achieved a revenue of ₹40 lakhs within its first year.

Director

MGM School of Biomedical Sciences
MGM Institute of Health Sciences

22/08/2024

Session Highlights:

The event began with an introduction by Dr. Mansee Thakur, Director of MGM SBS, who spoke about Ms. Rakshe's academic journey during her master's program at MGM SBS. Dr. Thakur highlighted her outstanding performance and contributions during her time at the institution. Following this, Dr. Thakur introduced Ms. Rakshe to the audience and handed over the session to her.

Ms. Akshata Rakshe shared her entrepreneurial journey, focusing on the key skills she has developed over the past two years. She detailed the challenges she faced while starting her business and the strategies she employed to overcome them. Ms. Rakshe emphasized the importance of acquiring entrepreneurial skills such as resilience, effective networking, and continuous learning. She also provided the students with practical advice on how to cultivate an entrepreneurial mindset. Ms. Rakshe encouraged students to take bold steps in their careers and to consider entrepreneurship as a viable and rewarding option. Her insights and experiences served as a source of inspiration for the students, motivating them to explore the possibility of starting their own businesses.

Conclusion:

The session was highly engaging, with students actively participating in the discussion, asking questions, and seeking guidance from Ms. Rakshe. The event concluded with a vote of thanks delivered by Dr. Yogesh Patil, Assistant Professor of Medical Biotechnology. Dr. Patil expressed his gratitude to Ms. Rakshe for sharing her valuable experiences and inspiring the next generation of entrepreneurs. The brainstorming session was successful in sparking interest in entrepreneurship among the students, in line with the IIC's objective to promote innovation and entrepreneurial thinking within the institution.

Report of IIC Event Conducted by MGM SBS, Kamothe, Navi Mumbai on Calendar activity namely– Exposure and Field Visit for Problem Identification to Rural Primary Healthcare Center under Quarter 4

Name of the Event:	<u>Exposure and Field Visit for Problem Identification to Rural Primary Healthcare Center, Koproli.</u>
Purpose of the event:	To familiarize the students with the working of rural primary health care centers and involvement of Anganwadi workers and Identification of their problems in order to enrich PHC.
Mode of Event:	Offline
Date of the event:	8 th August, 2024
Time of the event:	11:00 am to 2:00 pm
Organized by:	MGM School of Biomedical Sciences, MGMIHS, Kamothe, Navi Mumbai.
No of Attendees:	17

Proceedings of the event:

Introduction

The Institution's Innovation Council (IIC) organized an insightful visit to the PHC at Koproli to familiarize M.Sc. Students of MGM SBS with the working and services provided at various PHCs. The event was headed by Dr. Priyanka Pareek, HOD & Associate Professor at Department of Clinical Nutrition, MGM School of Biomedical Sciences, Navi Mumbai.

Objectives

The primary objectives of the session were to:

1. To understand the working of healthcare facilities at rural areas and identify areas for improvement.
2. To gain hands-on experience in rural healthcare settings and understand local health challenges.
3. To learn about the role of Anganwadi workers at Rural PHCs and Challenges they face.

Director

MGM School of Biomedical Sciences
MGM Institute of Health Sciences
Kamothe, Navi Mumbai, 410 209, T. N.

Received
By
22/08/2024

Session Highlights

Dr. Priyanka Pareek, the event coordinator, commenced the session with an introduction between the students and the employees and ASHA workers present at the PHC center. The event was followed by a group discussion on various problems and challenges for implementation of guidelines for National Health Mission at PHC.

Key Points Discussed during the event:

1. **Working of Rural Primary Healthcare Centers:**
 - Facilities and Government health programs provided at PHCs.
 - Schedule of OPDs and Vaccinations throughout the week.
 - Infrastructure and locality of PHCs.
 - Training and awareness workshops conducted regularly.
2. **Role of Anganwadi workers on the grass root level:**
 - Anganwadi workers as government employees for effective implementation of government policies.
 - Providing home visits and guidance to the needy.

The workers had also stated the problems they face on daily basis for implementation of policies related to above mentioned points.

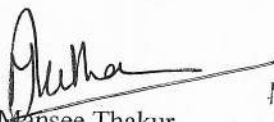

Interactive Session:

The session was an interactive event where both the students and Anganwadi workers could ask questions and share their knowledge. Dr. Pareek provided insightful answers and encouraged the students to think practically about the improvements that could be planned further.

Conclusion

Dr. Priyanka Pareek concluded the session by thanking the Medical officer of PHC center to give us permission to visit PHC, also to employees and ASHA workers. She also emphasized the importance of such visits to the aspiring students to help them better serve their patients in the community.

Lecture Report

Preamble:

The MGM Centre of Human Movement Science, MGM School of Physiotherapy, MGM Institute of Health Sciences, Navi Mumbai, organized a lecture on 'On-Field Management of Sports Emergencies' on 3rd July, 2024.

Mode: Offline

Attendees: 15 Physiotherapy students –

- B.P.T (SEM VII Sports elective) students, MGM School of Physiotherapy, Navi Mumbai- 12
- M.P.T students (Sports MPT SEM IV), MGM School of Physiotherapy, Navi Mumbai- 3

Resource Person

- Dr. Vivek Bhanushali (PT), Sports Physiotherapist, Director of KEYPHYSIO Academy, KEYPHYSIO Advance & Sports Rehabilitation Centre, Mumbai

Objective:

- To equip students with essential skills and knowledge of on-field injuries and their assessment.
- To effectively handle sports injuries and emergencies on the field.

Summary:

- Session commenced by Dr. Veda Hadawale (PT) (Assistant Prof. MGMSOPNM) introducing Dr. Vivek Bhanushali (PT) to the students.
- Dr. Vivek Bhanushali conducted an insightful session on the 'On-field Management of Sports Emergencies', focusing on critical areas such as- Basic Life Support, Kinesiotaping, and the management of various sports-related conditions.
- The session was designed to equip students with essential skills and knowledge for handling sports injuries and emergencies effectively.

- Dr. Vivek Bhanushali (PT) stressed the significance of quick intervention in cases of sports injuries and provided a hands-on demonstration of cardio-pulmonary resuscitation (CPR).
- In addition to the hands-on demonstration, he discussed the benefits and guiding principles of Kinesiotaping.
- Dr. Vivek Bhanushali (PT) discussed common injuries such as muscle strains, ligament sprains and fractures.
- Rehabilitation and safe return-to-play guidelines were explained by Dr. Vivek Bhanushali (PT) to the students.
- The session concluded with the interactive Q & A session with the students.

Value Added Course - 3D Gait Analysis

Preamble:

A 16-hour value added course on 3D Gait analysis was organized by MGM Centre of Human Movement Science. MGM School of Physiotherapy, MGM Institute of Health Sciences, Navi Mumbai on 24/08/2024 and 31/08/2024

Mode: Offline practice and demonstration sessions at MGM CHMS

Attendees: BPT Semester VI batch and BPT Interns batch (2023- 2024)

No. of attendees enrolled – 99

No. of attendees completing the value added course – 86

Resource Person:

Dr. Rajani Mullerpatan, Prof- Director, MGM School of Physiotherapy, NM

Dr. Bela Agarwal, Professor, MGM School of Physiotherapy, NM

Dr. Triveni Shetty, Associate Prof., MGM School of Physiotherapy, NM

Dr. Akhila Natesan (PT), Asst.Prof., MGM School of Physiotherapy, NM

Dr. Victoria Kuttan (PT), Asst. Prof., MGM School of Physiotherapy, NM

Dr. Sayali Khedekar (PT), Asst. Prof., MGM School of Physiotherapy, NM

Objective:

- Understand theories of movement control and loading.
- Understand the basic principles of 3D motion analysis for gait.
- Understand the procedure for capturing and interpreting gait using 2D motion analysis
- Able to integrate and apply the above to analyze movement problems encountered in patient population

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed to be University u/s 3 of UGC Act, 1956)

Grade 'A++' Accredited by NAAC

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Summary:

Day 1:

- Pre reading material along with a link to download the necessary software to understand the 2D motion analysis was posted prior to the workshop.
- Session commenced by posting a pre workshop evaluation questionnaire. The participants were evaluated for baseline knowledge of the topic through a pre-evaluation quiz.
- Following which a brief introduction about the historical perspective of movement science was presented by Dr. Victoria Kuttan (PT).
- Dr. Triveni Shetty and Dr. Sayali Khedekar (P.T) conducted an interactive theoretical session on basics of gait.
- A group activity was conducted in which each group was allotted different topics (i.e phases of gait, temporospatial parameters, kinematics and kinetics). Each group was allotted 10 minutes to prepare a brief presentation on their respective topic.
- The participants were taken through a tour of MGM Centre of Human Movement Science informing them about the various lab facilities and equipment's in detail by Dr. Victoria Kuttan (PT) and Dr. Triveni Shetty.

Figure 1. Dr. Triveni Shetty and Dr. Sayali Khedekar (P.T) conducting an interactive discussion on gait analysis using the 3D motion analysis system

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Day 2:

- A brief demonstration of system preparation of 3D VICON system, participant preparation and capture was done Dr. Akhila Natesan (PT) and Dr. Triveni Shetty.
- Interpretation of graphical reports and the outputs generated from 3D system was discussed with examples of gait pattern of a healthy individual and pathological gait of patients with crouch gait pattern and toe walking pattern.
- Participants were briefed about the various methods for capturing gait from observational gait analysis to 2D and 3D analysis by Dr. Akhila Natesan (PT).
- The theoretical session comprised of information about various software's available for 2-D analysis and guidelines to be followed while capturing a video for 2D analysis.
- A practical demonstration for recording video and analyzing it using Kinovea (2-D gait analysis software) was conducted.
- After the virtual demonstration of 2D analysis, a practice session was arranged for the participants. The participants captured videos of isolated joint motion and gait, uploaded the captured videos and practiced 2D analysis by sharing their screen under the guidance of Dr. Akhila Natesan (PT) and Dr. Triveni Shetty.
- Post workshop evaluation and feedback was sought from all participants on a structured questionnaire google form.

MGM SCHOOL OF PHYSIOTHERAPY

Sector-1, Kamothe, Navi Mumbai – 410209

Preamble:

A 40-hour course on 'Functional Ergonomics' was organized by MGM School of Physiotherapy, MGM Institute of Health Sciences, Navi Mumbai from 1st January to 31st of January 2024

Mode: Offline

Attendees: Interns (2023-2024) of MGM School of Physiotherapy

Resource Person:

Dr. Victoria Kuttan (PT), Asst. Prof., MGM School of Physiotherapy, NM

Dr Shrutika Sawant(PT), Asst. Prof., MGM School of Physiotherapy, NM

Objective:

- Understand safety culture and its importance in work place.
- Identify hazards and assess risk techniques at work place.
- Critically analyses work place demands and modifies dysfunctional body postures.
- Prescribe ergonomic management at work place.

Summary:

- A session commenced by introducing the objectives of functional ergonomics value added course.
- The participants were evaluated for the baseline knowledge on the topic through a pre- evaluation quiz.
- Following which a brief introduction about the basic principles of ergonomics was presented by Dr. Victoria Kuttan(PT).
- Each session was made interactive by role plays by the participants and how various occupation can be ergonomically evaluated for risk of work related disorder and to form basic of prescribing ergonomics for various occupation by the course instructors Dr Victoria Kuttan(PT) and Dr Shrutika Sawant(PT).
- A demonstration of 2D analysis and use of EMG sensors in recording muscle activity was done followed by a practice session for the participants. The participants uploaded the captured videos and images of various occupations and performed 2D analysis under the guidance and supervision of Dr. Victoria Kuttan(PT).
- Interactive session on functional capacity evaluation sessions with use of interactive sessions and role play were conducted by Dr. Victoria Kuttan(PT).
- The participants were taken to field visit at MGM campus to evaluate working posture of healthcare professionals, IT workers and construction site workers.

2	Bio psychosocial factors related to ergonomic practices	5
3	Health Care systems (Primary, secondary, tertiary)	3
4	Identify and evaluate task specific Musculoskeletal impairments amongst different professionals using surface EMG/ 2D analysis	3
5	Functional Capacity assessment	2
6	Work Hazards assessment (Vibration as risk factor, temperature, light, environment)	2
7	Management of impairments- Work conditioning, Work simulation & work hardening as per demands of occupation	3
TOTAL HOURS		20

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed to be University u/s 3 of UGC Act, 1956)

Grade 'A++' Accredited by NAAC

Sr. No.	Topics- Practical	No. of Hrs.
1.	Occupation specific movement analysis of impairments amongst different professionals	4
2.	Evaluation of environmental tools amongst different professionals- Field Visit	4
3.	Functional Capacity assessment	2
4.	Work Hazards assessment (Vibration as risk factor, temperature, light, environment)	2
5.	Management of impairments- Work conditioning, Work simulation & work hardening	3
6.	Conduction of health benefit program for health professionals	5
TOTAL HOURS		20

Examination Scheme

Sr. No.	Question	Marks
1	Multiple choice questions	10 marks
2	Short answer questions (5 marks x 2)	10 marks
3	Practical skill evaluation (10 marks x 2)	20 marks
4	*Project evaluation	40 marks
Total		80 marks

Course completion criteria:

1. Compulsory attendance of all sessions
2. Successful passing of course with more than 50% score

Signature of Course Coordinator

MGM SCHOOL OF PHYSIOTHERAPY

MGM Institute of Health Sciences,
Navi Mumbai

VALUE ADDED COURSE

APPLIED AREAS
OF
ERGONOMICS

FUNCTIONAL ERGONOMICS

1

Objective of this course is to understand how to design workspaces for a diverse work population

2

Learn to study workstation evaluation methods to identify potential hazards that contribute to work-related musculoskeletal disorders

3

Duration : 40 hours for 8weeks

4

End of course evaluation will be assessed through video project and field visit of 80marks

5

Certificate will be provided after completion of 30 hours of coursework, evaluation and feedback submission

Workshop Report

Sports Biomechanics Workshop

Preamble:

A 'Sports Biomechanics Workshop' was organized by MGM Centre of Human Movement Science, MGM School of Physiotherapy, MGM Institute of Health Sciences, Navi Mumbai on 21st July 2024.

Mode: Offline

Attendees: 47 Physiotherapy students -

- B.P.T students, MGM School of Physiotherapy, Navi Mumbai - 40
- M.P.T students, MGM School of Physiotherapy, Navi Mumbai- 4
- M.P.T. students, Sunanda Divatia School of Science, Mumbai- 3

Resource Person:

- Professor Dr. Ali Irani, Principal of Post Graduate Institute of Physiotherapy, NMIMS University, Head of Department, Physiotherapy, Nanavati Max super specialty hospital, Mumbai
- Dr. Rajani Mullerpatan, Prof- Director, MGM School of Physiotherapy, NM
- Dr. Bela Agarwal, Professor, MGM School of Physiotherapy, NM
- Dr. Triveni Shetty, Associate Prof., MGM School of Physiotherapy, NM
- Dr. Akhila Natesan (PT), Asst.Prof., MGM School of Physiotherapy, NM
- Dr. Victoria Kuttan (PT), Asst. Prof., MGM School of Physiotherapy, NM
- Dr. Sayali Khedekar (PT), Asst. Prof., MGM School of Physiotherapy, NM
- Dr. Poonam Desai (PT), Ph.D. Scholar, MGM School of Physiotherapy, NM

Objective:

- To understand role of sports biomechanics in performance enhancement, injury prevention and rehabilitation
- To understand the role of movement analysis in sport specific skill assessment.

Summary of Sports Biomechanics Workshop:

- Workshop commenced by evaluating the baseline knowledge on the topic through a pre-evaluation quiz.
- The key note speaker Prof. Dr. Ali Irani and Dr. Rajani Mullerpatan inaugurated the 'Sports Biomechanics Workshop'.
- Dr. Rajani Mullerpatan conducted a brief session on 'Introduction to Sports Biomechanics'. She enlightened the participants on how biomechanics can be applied in sports science to enhance athletic performance.

MGM INSTITUTE OF HEALTH SCIENCES

(Deemed University u/s 3 of UGC Act, 1956)

MGM SCHOOL OF PHYSIOTHERAPY

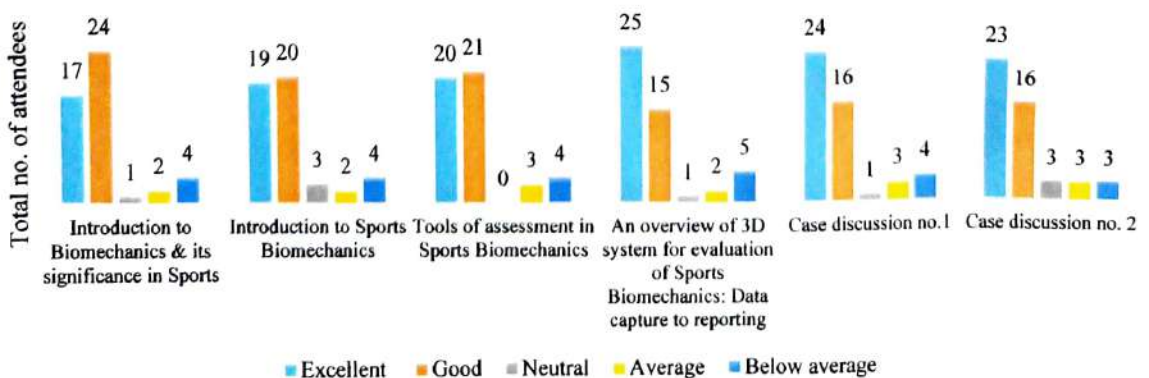

Sector-1, Kamothe, Navi Mumbai – 410209

- Prof. Dr. Ali Irani gave his insights on 'Role of Sports Biomechanics in Performance Enhancement, Injury Prevention and Rehabilitation'. He shared his experiences as a former sports physiotherapist in Indian cricket team.
- During his session, Dr. Ali Irani gave insights on clinical decision-making process while conducting an on – field assessment for various sports.
- Demonstration of physical skill assessment (muscle strength, endurance, flexibility, power, cardiopulmonary endurance, agility and balance) was conducted through interactive session by - Dr. Triveni Shetty, Dr. Sayali Khedekar (PT), Dr. Akhila Natesan(PT), Dr. Poonam Desai (PT) and Dr. Victoria Kuttan (PT).
- Dr. Triveni Shetty demonstrated the 3D motion analysis system to the workshop participants. She gave an overview of the various outputs generated by Vicon motion analysis system.
- Case based discussions were conducted by core team members to highlight the applications of biomechanical testing in football and gymnastics.
- Workshop concluded with post workshop evaluation and feedback from all participants.

Did you find the session interesting?

How did you find the content of the workshop?

Lecture Report

Preamble:

The MGM Centre of Human Movement Science, MGM School of Physiotherapy, MGM Institute of Health Sciences, Navi Mumbai, organized a lecture on 'Sports Pharmacology' on 11th July, 2024.

Mode: Offline

Attendees: 4 Physiotherapy students -

- M.P.T students (Sports MPT SEM IV), MGM School of Physiotherapy, Navi Mumbai- 4

Resource Person:

- Dr. Amol Patil, Sports Physician and Wellness Consultant, Director of Sports Education (Sportz Next), Mumbai

Objective:

- To provide students with a comprehensive understanding of pharmacological principles and anti-doping measures in sports

Summary:

- Session commenced by Dr. Sayali Khedekar (PT) (Assistant Prof. MGMSOPNM) introducing Dr. Amol Patil to the students.
- Dr. Amol Patil began his session by explaining the principles of pharmacokinetics, including drug absorption, distribution, metabolism, and excretion, and pharmacodynamics, focusing on drug- receptor interactions and dose-response relationships.
- Dr. Amol Patil then delved into international doping regulations, highlighting the World Anti-Doping Agency (WADA) guidelines and the importance of compliance to maintain fair competition and athlete health
- The session continued with a detailed overview of the doping control process, describing sample collection, laboratory analysis, and result management.
- Dr. Patil also discussed the pharmaco-toxicological aspects of different classes of prohibited drugs, such as stimulants, anabolic agents, narcotics, and beta-2 agonists, emphasizing their potential performance-enhancing effects and associated health risks.

EVENT OUTCOME REPORT

1. General Information:

1. Title of the Event/Activity: The art and science of Manuscript Writing
2. Date of Event: 29th August 2024
3. Event Type: Workshop
4. Mode of Event: Online
5. Venue: IQAC hall, 3rd Floor, MGM University, MGMIHS, Navi Mumbai
6. Name of college/Institute: MGMIUDPO
7. Convenor/Organizing Secretary: Dr. Swagatika Mishra
8. Total No of Participants :-26
9. Type of Participants: UG students and Faculty
10. Flyer Attached: Yes
11. Geotag Image: Yes
12. Attendance sheet attached: Yes
13. Certificate provided: Yes
14. Any Award Provided: No
15. Feedback taken: No
16. Revenue Generated: NIL
17. Total Expenditure: NIL

Note: Submit the income/expenditure details with in 30 days after completion of the event for process of the payment, if financial support provided by Centre/College/University from the research head.

2. Details of Expert/Speaker/Resource Person (Name & affiliation): - Editor, Journal of Allied Health Sciences; Dr. Archana Bhat, Associate Professor, Department of Pathology, Father Muller Medical College, Mangalore.

3. Objective of the Event/Activity (100 word):- To impart knowledge about the process of writing manuscript.

4. Outcome of the Event (How participants benefited) (100-150 word): Students gained knowledge about the basic format for writing a journal

5. Sequence of enclosures.

1. Geotag Photos
2. Flyer
3. One Sample copy of certificate
4. Attendance
5. Feedback

To,

Dr. Archana,
Associate Professor,
Department of Pathology,
Father Muller Medical College,
Mangalore.

Subject: Invitation as speaker for online workshop on The art and science of Manuscript writing Workshop.

Respected Madam,

Greetings of the day.
Kindly Accept our invitation as speaker for the forth coming online workshop on "The art and science of Manuscript writing Workshop". we have hereby attached the copy of schedule.

The details of the events are as follows:

Date: 29th August 2024.

Time: 10am to 2pm.

Thanks and regards,

07/08/24

Dr. Swagatika Mishra
Professor (P&O)
Joint Director - International Collaborations Unit

Circular for ICH GCP Training Programme

Subject: ICH GCP Training Programme

We are pleased to announce that Department of Pharmacology, MGM Medical College and Hospital, Aurangabad, will be conducting an ICH GCP (International Council for Harmonisation of Technical Requirements for Pharmaceuticals for Human Use - Good Clinical Practice) training programme on 14.08.2024

Registration Details

- **Date:** 14.08.2024
- **Venue:** Department of pharmacology, MGM Medical College and Hospital, Aurangabad
- **Registration Fee:** [200]
- **Contact:** For registration and further details, please contact [Mr. Shailesh Wajal] at [9139310286].

We encourage all clinical research professionals to participate in this valuable training programme to enhance their knowledge and skills in conducting high-quality clinical trials.

8. **Prize Distribution etc – Brief Summary of the Proceeding**

Prize Distribution

The prize distribution ceremony was a highlight of the ICH GCP Training Programme. Awards were given to participants who demonstrated exceptional understanding and application of the ICH GCP guidelines. The categories for the awards included:

1. Best Presentation: Awarded to the participant with the most informative and engaging presentation.
2. Best Research Proposal: Recognized the participant with the most innovative and well-structured research proposal.
3. Outstanding Participant: Given to the participant who showed exceptional dedication and performance throughout the training.

The Chief Guest, Dr. Rajendra Bohra and the Guests of Honor, Dr. Gautam Shroff, presented the awards to the winners. Each awardee received a E-certificate of excellence and a token of appreciation.

Academic Event Report

Conferences/ Seminars/ CME/ Quiz/ Debate/ Guest Lecture etc.

Summary of Proceedings

The ICH GCP Training Programme commenced with an inauguration ceremony, where the Chief Guest and Guests of Honor delivered insightful speeches on the importance of adhering to ICH GCP guidelines. The event was chaired by Dr. Deepak Bhosle, who ensured the smooth flow of the programme.

The training sessions included detailed presentations on the principles of ICH GCP, interactive workshops, and case studies. Expert speakers shared their knowledge and experiences, providing participants with a comprehensive understanding of the guidelines.

Participants engaged actively in the sessions, asking questions and participating in discussions. The training concluded with a Q&A session, where the panel of experts addressed queries from the participants.

The event was well-received, with participants expressing their appreciation for the valuable insights and practical knowledge gained. The programme successfully achieved its objectives of enhancing the understanding of ICH GCP guidelines and promoting high standards in clinical research.

9. **Valedictory Ceremony – *Brief of the proceedings including chief guest etc and who conducted it.***

The Chief Guest, Dr. Rajendra Bohra and the Guests of Honor, Dr. Gautam Shroff

Proceedings

The valedictory ceremony marked the conclusion of the ICH GCP Training Programme. The event was conducted by Dr. Deepak Bhosle who ensured the smooth flow of the proceedings.

Chief Guest's Address

Dr. Rajendra Bohra delivered an inspiring speech, emphasizing the importance of adhering to ICH GCP guidelines in clinical research. He congratulated the participants for their dedication and encouraged them to apply the knowledge gained in their future endeavors.

Guest of Honor's Remarks

Dr. Gautam Shroff also addressed the gathering, sharing their insights on the significance of continuous education and training in maintaining high standards in clinical trials. They appreciated the efforts of the organizers and the active participation of the attendees.

Certificate Distribution

Certificates of completion were awarded to all participants by the Chief Guest and Guests of Honor. Special awards were given to those who excelled in various categories, such as Best Presentation, Best Research Proposal, and Outstanding Participant.

Vote of Thanks

67 delegates

8 Prize Distribution etc–
Certificate distribution to resource person, delegates and organizers

9 Valedictory Ceremony -
During the valedictory ceremony, Dr. Shrikant Sant and Dr. Kunal Nagwani lauded participants for their pivotal role in advancing the discourse on disability and health through the lens of ICF. They underscored the imperative of operationalizing newfound knowledge and advocating for inclusivity. Additionally, they expressed gratitude to the esteemed resource persons and all stakeholders for their invaluable contributions to the success of the program.

10 Highlights of the Event - Brief about the main highlight(s) of the event.
Day 1:
1. Introduction to the International Classification of Functioning, Disability, and Health (ICF): Framework for health and functioning.
2. Domains of ICF: Body Functions, Structures, Activities, Participation, Environmental Factors.
3. Principles of ICF: Universality, equity, responsiveness.
Day 2:
1. Hands-on Coding System of ICF: Classifying using ICF coding system.
2. Uses of ICF: Clinical practice, rehabilitation, policy-making.
3. Practical Hands-on Training: Interactive exercises for skill enhancement

**Hands on Workshop on-
Blood Flow Restriction Training
International Level**

2	Background/Introduction -
---	----------------------------------

The BFRT Workshop was organized to improve participants' knowledge and hands-on skills through interactive sessions and practical activities, enhancing their expertise in the field.

3	Venue -
---	----------------

Dyotan hall, MGM Hospital, Cidco, Aurangabad

4	Resource Person—Dr. Durga Prathap Ganesan
---	--

5	Inauguration
---	---------------------

Inauguration of the event took place with Introduction and Felicitation of resource person, Dr. Durga Prathap Ganesan by Dr. Shrikant Sant sir.

6	Description
---	--------------------

The BFRT Workshop covered various BFRT techniques tailored for different types of patients. Participants learned how to apply these techniques effectively, adapting them to individual needs to improve patient outcomes. The workshop emphasized practical skills, allowing attendees to practice and refine their methods with real-world scenarios.

MAHATMA GANDHI MISSION

Internationally Accredited Course On

BLOOD FLOW OCCLUSION (RESTRICTION) TRAINING

Get accreditation from BFR provider valid world wide

CREDIT HOUR

Level 1 (8 hrs) - Level 2 (8 hrs)

Participants : Physiotherapy Students
& Professionals

Course Syllabus

- Introduction of occlusion training
- Scope of practice in Physical Therapy
- Basic physiology of training and hypertrophy
- Safety and contra-indications
- Application methods of occlusion cuffs
- LOP calculation methods
- Cardio vascular safety and screening methods
- Exercise pressor reflex
- ABI calculations
- Passive BFR (NMES)
- Progression of LOP and protocols

Key Contents

BFOT REHAB PRACTICAL

- ACL reconstruction, TKR, THR
- Gluteal myopathies, Patellar tendinitis
- Ankle sprain and injuries
- Shoulder injuries, Tennis elbow
- Wrist and hand injuries
- Sarcopenia and osteoporosis
- Muscle wasting disorders
- Hypertension & Diabetic care
- VO2 max and performance enhancement
- Sports rehab and muscle recovery

Dr. Durga Prathap (PT)

Chief Instructor
Blood Flow Occlusion (Restriction) Training
1st in INDIA

Registration Link :

August 6th 7th 2024

Timing :
09:00am to 06:00.

<https://forms.gle/wMb2dFLsxqEgAb4x9>

Venue : Dyotan Hall, MGM Campus, Chh. Sambhajinagar

Co-ordinators : Dr. Manibhadra Panda : 7008187679 Dr. Rohit Bhavthankar : 8379080670

MGM INSTITUTE OF HEALTH SCIENCE
MGM SCHOOL OF PHYSIOTHERAPY

(Deemed university u/s 3 of UGC Act, 1956) | Grade 'A''' Accredited by NAAC
N-6 CIDCO, Chh/ Sambhajinagar

is organising a workshop on

NEURO DEVELOPMENTAL TECHNIQUES (NDT)

Resource Person

Dr. Harpreet Singh Sachdev

Advance Certified in NDT, NDTA (USA),

IBITA, Neurophysiotherapist

Dept:of Neurology, AIIMS, New Delhi, India

Workshop includes:

Unveiling the secrets:

Understanding Human Movement Dynamics

Introduction to NDT:

- Analysis of Posture Control, Movement, and Activities
- Therapeutic Hnadling during Evaluation and Intervention
- Skill Acquisition in Assessment, Evaluation
- Functional Treatment in Neuromuscular Dysfunction

August **13th** to **14th** 2024

Venue: C building, MGM School of Physiotherapy,
Chh. Sambhajinagar

Let's Journey together towards transformative rehabilitation practices #NDT#Rehabilitation

Coordinators: Dr. Pallavi Palaskar (9604487807) & Dr. Namrata Sant (8087671018)

Points for Report

1 Name & Level of Event – Workshop on Clinical Neurodynamic (NDS)

EVENT DETAILS – Four-day Workshop on Clinical Neurodynamic Techniques

The workshop (Stroke Rehabilitation Methods based on neurophysiological motor control) was attended by students of masters in neuro physiotherapy and undergraduates consisting of third years, final years of BPT and PG students along with faculties on 19th to 22nd August, 2024.

The esteemed resource person gave his valuable knowledge and insights on Clinical Neurodynamic Techniques combining it with quite interactive hands-on sessions.

3 Venue – Dyotan Hall, MGM Medical College Building, Chh. Sambajinagar, Maharashtra

4 Number of Participants - 49

5 Number of Staffs- 09

Resource Person: Dr. Kiran Challagundla (M. ortho, Sports and Manual PT(Australia) Certified course instructor, Global teaching group- NDS, Australia)

Coordinators:

1. Dr. Tajuddin Chitapure (HOD MSK department, Associate Professor)
2. Dr. Ashwin Kshirsagar(HOD Sports department, Associate Professor)

Organizers:

1. Dr. Vaibhavi W(Assistant Professor)
2. Dr. Utkarsha K (Assistant Professor)
3. Dr. Manibhadra P (Assistant Professor)
4. Dr. Krsihan G (Assistant Professor)
5. Dr. Deeba S (Assistant Professor)
6. Dr. Rohit B (Assistant Professor)
7. Dr. Pranoti Z (Assistant Professor)
8. Dr. Amreen S (Assistant Professor))

7 Number of Events

Four-day Workshop on Clinical Neurodynamic (NDS)

8 Highlights of the Event - Brief about the main highlight(s) of the event.

- Total 49 physiotherapy students and 9 faculties registered for the workshop.
- The event commenced with a warm welcome for the resource person, followed by a welcome speech from Dr. Vaibhavi W. Subsequently, Dr. Rinkle Malani, Director of MGMSOP, Felicitated the resource person. The workshop then began, adhering to the following schedule:

Day 1: The sessions covered general neurodynamic and practical assessments for the upper quarter.

Day 2: The focus was on the principles and treatment of upper quarter conditions, including neck pain, radiculopathy, and carpal tunnel syndrome.

Day 3: The day included theoretical and practical sessions on the lower quarter, emphasizing low back pain, radiculopathy, and nerve palpations.

Day 4: The final day dealt with clinical applications and treatments for lower quarter conditions, culminating in the distribution of certificates.

- Each day, the workshop started at 9:00 am and concluded at 5:00 pm. A total of 49 physiotherapy students and 8 faculty members participated. Certificates of participation, along with transcripts, were awarded to all participants by the distinguished resource person. The event concluded with a vote of thanks delivered by Dr. Vaibhavi W.
- All participants were given certificates of participation along with transcripts by our distinguished resource person.
- At the end of the event, Vote of thanks was given by our Dr Vaibhavi W.

Dr. Vaishali Thakare, Professor, Dr. D. Y. Patil University School of Medicine, Nerul.

Dr. Paresh Koli, Assistant Professor, Seth GSMC and KEMH, Mumbai

The participants for the workshop:

Total number of delegates registered: 52

Total number of delegates attended: 51

Number of absentees: 01 (Personal reasons)

The registration for the Good Clinical Practice (GCP) workshop began from 9.00 am.

Dr. Pramila Yadav, Professor & Head of the Department of Pharmacology, began the inauguration by welcoming the chief guest, distinguished speakers, and workshop delegates. Dr. Manjusha Dhande and Dr. Alok Nachane compared the session. The workshop began with a pre-workshop test consisting of multiple-choice questions in Google Form format concerning the basic requirements for conducting health research in India.

Dr Pramila Yadav, delivered the inauguration address and overview of GCP workshop. The first guest lecture was given by Dr. Deepak Langade and shared his valuable insights on topic Introduction to ICH-GCP, ICMR ethical guidelines & NDCT 2019.

The Guest of Honor for the workshop, respected Dr Vijay Kumar Kadam, Medical Director, MGM Medical College Hospital & Research Centre, Vashi had expressed his inability to attend the program due to some important official work. Our chief guest respected Dr. Sulabha Akarte, Dean MGM Medical College, Vashi, along with our speakers Dr Deepak Langade, Dr Ipseeta Ray were present on the dais during the inauguration program.

After first lecture, the light lamping programme was started as we prayed to Devi Saraswati for her blessings for a successful day of learning. After this Dr Sulabha Akarte, delivered her speech in which she said research needs to be applied to the community and also thanked the MGM Medical College, Vashi for organizing such workshop. She also addressed the delegates with her encouraging words. The inauguration event closed by Dr Alok Nachane's vote of appreciation, followed by a brief Hi Tea break.

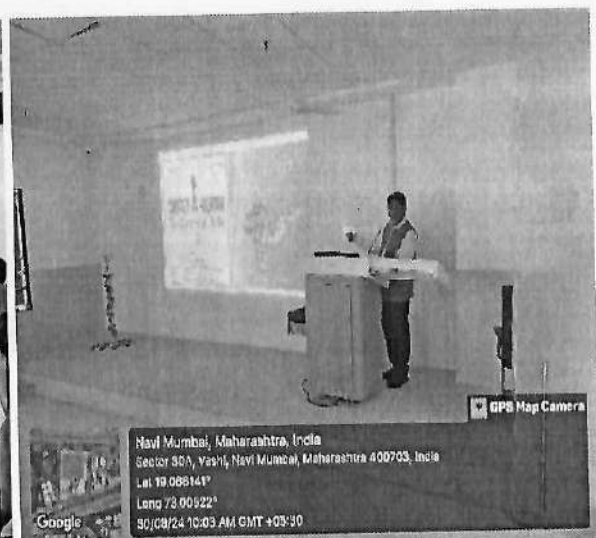

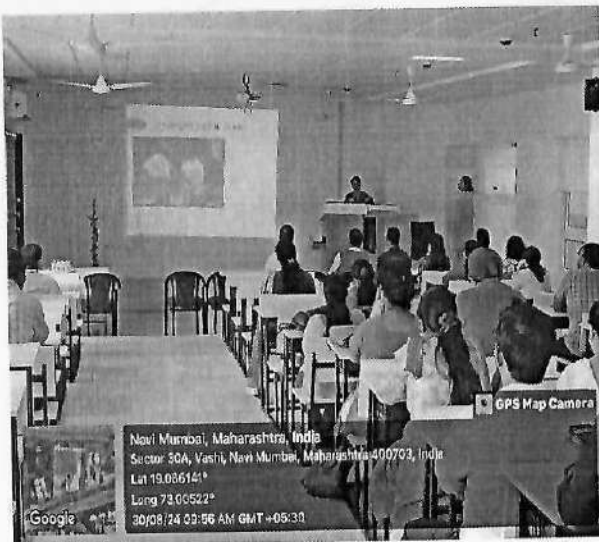

The second guest lecture was delivered by Dr. Ipseeta Ray Mohanty, to provide an update on the Ethics Committee: its makeup, members' roles and responsibilities, functioning, decision-making, and review process. The third lecture was given by Dr Manthan Mehta. He went into great detail outlining the duties and roles of each stakeholder, including the sponsor, institution, investigator, and monitor. The morning segment of the workshop was completed, followed by lunch.

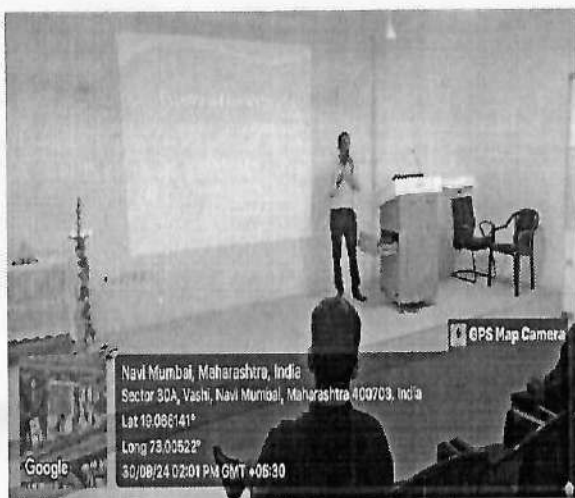

Dr. Pradeep Jadhav, delivered the fourth guest lecture, in which he discussed the fundamental components of study protocol. The fifth guest lecture was given by Dr. Vaishali Thakare, regarding the Requirements for clinical trial documentation. Dr. Paresh Koli, the sixth guest lecturer, discussed safety considerations in clinical research, risk-benefit assessment of trial procedures, and reporting of adverse and severe events, as well as compensation issues.

Post-workshop analyses were distributed to each and every workshop delegates. The workshop was concluded with the vote of thanks and conclusion remarks by Dr Manjusha Dhande. The attendance certificate for the workshop was distributed to all the delegates.

Outcome of the workshop:

Over all, the workshop was very successful in providing excellent knowledge and learning experience to faculty of different disciplines for doing a health research. The program featured numerous interactive learning activities and discussions between delegates and speakers. The events concluded pre-post and received feedback form participants for this received overwhelming positive responses from participants. The event proved to be really beneficial in furnishing up-to-date knowledge on diverse principles for conducting ethical health research.
