Certificate signed by the Controller of Examination and countersigned by the VC clearly mentioning the programs that are not covered under CET, the number of seats available in each of these programs and number of applications received for these programs is attached as supporting document for each year under period of assessment. The admission process is centralized for all these programs of both campuses (main campus as well for the satellite campus) and therefore all the applications are received by the University at main campus. Admissions are done merit wise to different programs of both campuses by University as a central process. The HEI has self-audited the claim for validity as per the SoP. A certificate by the registrar stating that data is verified and only those programs have been included that are not covered under entrance examination at state or national level is attached. HEI has enclosed self attested copies of the record of the applications received under this Metric for 2018-19.</p>

The HEI has claimed certificates for prizes in slogan writing, posters, paper presentation speaker, lecture invites and chairing of sessions. As per the Manual and the SoP, claims that are local in nature need to be avoided, Intra and inter university/ Institution awards /Recognitions to be avoided, • Participation I presentation certificates - during paper presentation etc needs to be avoided. Only awards, recognition, fellowships at State, National, International level from Government recognised bodies are eligible. The HEI claim of the awards is not as per the SoP. One Full-time teacher to be counted once in a year irrespective of number of awards or recognition in the same year. The HEI to self-audit the claim for validity as per the SoP and provide audited data under a certificate by the registrar. HEI to provide self attested copies of the audited data of awards. The copies and the data must be in the same sequence.

HEI agrees with the DVW suggested Input.

The HEI has claimed the data to be on <http://ctri.nic.in/Clinicaltrials/advancesearchmain.php>. This is a link which is general and does not provide specific data pertaining to the HEI. The HEI has attached data of classrooms and labs. The university research facility is not routine labs but specific for advanced research, common to all. The HEI has not provided any supporting document with the SSR. The HEI to provide captioned Videos and geotagged photographs (captioned and signed by the Dean R&D) of each of the facilities available in the HEI. Mere claiming of facility without sufficient supporting documents cannot be considered as facility available. The HEI website does not support the HEI claim. The HEI to provide details with photographs on its website under Research link. The HEI to provide URL of the above web-page. The HEI must provide specific separate links as proof of existence of the facilities of - Central Research Laboratory / Central Research Facility, Animal House/ Medicinal Plant Garden / Museum, Media laboratory/ Business Lab/ e-resource Studios, Research/Statistical Databases/Health Informatics and Clinical Trial Centre.

Link of the website "<http://ctri.nic.in/Clinicaltrials/advancesearchmain.php>" provides details of the clinical trials registered at Clinical Trial Center at MGM Medical College, Aurangabad. This is the link for the official website of Clinical Trial Registry of Government of India. All clinical trials are mandatorily registered with the Clinical Trial Registry. The screenshot of the homepage of this official website with required inputs to access the trial details is attached for perusal and verification of RE-DVV partner. These details available on the government website thus are evidence of the existence of an active Clinical Trial Center at Aurangabad campus of the University.

HEI agrees with the Re-DVV observation that university research facility is not routine labs but specific for advanced research, common to all. HEI has several advanced Central research facilities/labs like OMICS Lab, Zebra Fish Lab, Sleep Lab, Molecular lab, Human Movement Science Lab, Incubation Center at University main campus. Details of these facilities are enclosed for perusal of Re-DVV partner.

HEI is enclosing all necessary supporting documents for all the facilities including captioned Videos

and geotagged photographs (captioned and signed by the Director Research) of each of the facilities which clearly indicate that these facilities are actively contributing to the research at the University.

HEI has provided details with photographs on its website under Research link along with URL of the above web-page (<https://www.mgmuhs.com/Research.htm>).

The HEI has provided specific separate links as proof of existence of the facilities of - Central Research Laboratory / Central Research Facility, Animal House/ Medicinal Plant Garden / Museum, Media laboratory/ Business Lab/ e-resource Studios, Research/Statistical Databases/Health Informatics and Clinical Trial Centre.

The HEI has claimed certificates/letters that do not qualify as awards and recognition for innovation won by institution/teachers/research scholars/students year-wise. Further these are for innovation won by institution/teachers/research scholars/students only. Only awards / recognitions received for research/innovations by the institution/ teachers/ research scholars/students are eligible. The HEI has included data not relevant to the theme of the Metric. The HEI has not attached any document in support of its claim. The HEI must include E-Copies of award letters issued by the awarding agency institution/teachers/ research scholars/students to be considered here. Awards received by the Participation / presentation certificates in workshops / conferences etc are not research/innovation and not eligible. A claim without certificate or award letter will not be considered. The HEI has included Patents claim which is considered in a separate Metric and is not eligible here. The HEI has claimed these awards in 2.4.4 and the awards claimed in 2.4.4 cannot be claimed here (not eligible).

The HEI has included E-Copies of award letters issued by the awarding agency to institution/teachers/ research scholars/students.

Awards received by the Participation / presentation certificates in workshops / conferences etc are given for appreciable work in research/innovation and therefore must be included as per metric.

The HEI has rightly included Patents claim here as patent is the last stage of innovation/discovery and is therefore appreciation certificates to teachers/ research scholars/students are recognitions for innovation/discoveries.

HEI therefore requests Re-DVV to consider Change Input.

As per the HEI data attached with the Metric.

It seems that the Re-DVV has counted only one degree against a recognized PG teacher even if under him/her more than one degree has been awarded in a particular year. This is not as per SOP.

As per the regulatory body's norms (UGC, MCI, INC), one recognized PG teacher/guide can supervise more than one PG students. (PhD Guide can supervise 8 PhD scholars and Professor can guide 3 MD/MS students at any given time) Therefore, it is possible that in a given year more than one PhD/PG degree may be awarded for each recognized PhD/PG teacher/guide. As per the NAAC manual, the "Numerator" of the said metric requires the number of Ph.D/ DM/ M Ch/ PG Degree awarded in each year. Therefore, total degrees awarded in each year have been taken as "Numerator" and recognized teachers in that year are taken as "Denominator".

Therefore, HEI humbly submits to consider Change Input for the metric.

DVV suggested Input :

As per the HEI data attached with the Metric. As per the attached data and applicability of the initiative. The HEI has not attached any supporting data as proof of the activities. The HEI to attach reports signed by the coordinator and the Registrar for each of the activities claimed. Attested photographs also to be attached with the response. The report must bear relevance to the Data Serial number and date of the activity. Copy of circular/brochure/ report of the initiative/ photos of the initiatives/ news report published. Reports with photographs of the events signed by the Registrar must be attached otherwise the HEI may lose benefit of doubt. The HEI must provide supplementary support with Newspaper reports of the claimed extension activities. The HEI must attach amended data as above, only in NAAC prescribed format for the Metric as an Excel file.

HEI went into appeal for this metric as activities conducted on particular days and having same titles were not counted. Exclusion of these activities from metric 3.6.1 have resulted in reduction of data of metric 3.6.2. HEI requests to consider activities having same title as their location, participants and nature of activity are different. Community Health Education/health camps etc. are to be carried out continuously for reinforcing the health message and behavior amongst the population. Multi Diagnostic Camps, Blood donation camps, School health camps, Nutrition awareness camps etc. are different activities carried out under broad title of Community outreach activity. Therefore, all such activities are unique in themselves depending upon the collaboration and the stakeholders involved.

Also, community-based activities performed on the specific days like Jayanti, Birthday Celebrations and anniversary of national leaders and great personalities help in transmission of health education message more effectively and increases acceptance of community.

UGC advocates celebrating such events (Jayanti, Birthday Celebrations, anniversary of national leaders/great personalities) by means of Extension/outreach activities to drive the message in an effective manner. Industry, community, Government and non- Government Organizations are also ready to provide necessary funds during such days for organizing the activities.

HEI has adhered to the definition of extension/outreach activity as per Manual/SOP. Health Science Institutes by virtue of their attached hospitals/communities are involved in these activities through students/staff regularly. Therefore, conduction of such activities through NSS only is not appropriate. As per SOP, HEI has collaborated with government/non-government agencies.

HEI requests to consider these valid activities appreciated by government at national level and to restore the original number of extension activities (HEI Input) as submitted in SSR.

3.6.2.1. Number of students participating in extension and outreach activities beyond the curricular requirement as stated at 3.6.1, year-wise during last five years

Current Value :

As per the HEI data attached with the Metric. The HEI has not provide supporting documents as per the SOP. Only extension and outreach programs conducted by the institution through NSS/NCC/Red cross/YRC are eligible. The HEI has included other activities also which are eligible under different Metric. The HEI to provide reports with Photographs (Geo tagged), signed by the activity in charge/ Dean Student

HEI went into appeal for this metric as activities conducted on particular days/having same titles were not counted. Exclusion of these activities from metric 3.6.1 resulted in reduction of data for metric 3.6.2. carried out continuously for reinforcing the health message and behavior amongst the population. Multi Diagnostic Camps, Blood donation camps, School health camps, Nutrition awareness camps etc. are different activities carried out under broad title of Community outreach activity. Therefore, all such activities are unique in themselves depending upon the collaboration and the stakeholders involved. Community-based activities performed on the specific days like Jayanti, Birthday and anniversary of national leaders/great personalities help in transmission of health education message more effectively and increases acceptance of community. UGC advocates celebrating Jayanti, Birthday, anniversary of national leaders/great personalities by organizing extension/outreach activities to drive the message in an effective manner. Industry, community, Government and NGOs are ready to provide necessary funds for organizing the activities on such days. HEI has adhered to the definition of extension/outreach activity as per Manual/SOP. Health Science Institutes by virtue of their attached hospitals/communities are involved in these activities through students/staff regularly who are NSS volunteers, students groups etc. Therefore, conduction of such activities through NSS only is not appropriate and is not as per SOP. HEI has collaborated with government/non- government agencies. HEI requests to consider these valid activities and students participated to restore the original number of students participating (HEI Input) as submitted in SSR. Supporting Document : (If any)

It seems that Re-DVV Partner has considered the data as per budget document submitted by HEI in SSR. As per SOP, HEI requests to consider the audited expenditure statement as provided in the annexure 1E as per the SOP for the metric. It is further requested to consider other miscellaneous heads which are essentially maintenance expenditure. We have enclosed the CA certified copy of the same for 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19.

The HEI to provide its policy document for award of scholarship and freeship. HEI to also provide under signatures of the registrar, the Year wise list of students who were the awardees scholarships and freeships by the institution. The HEI to provide details of the Non-Government contributing agency and the scheme. The HEI to provide circular of call for scholarships in 2017-18 and 2018-19, the procedure details followed for award of such scholarships for the above mentioned years and the sanction letters of scholarship / freeships by the institute and for each of the schemes. The institute to also provide the process of award of such freeship. The final selection for the year 2018-19 to be attached. The HEI to attach a TABULATED summary of the year wise amount received in each type of scholarship and free ships provided by the Government, NGO's year wise during the last five years (other than the students receiving scholarships under the government schemes for reserved categories) and the Institute along with a list of the number of students. This table must be in Excel format along with pdf

It seems Re-DVV partner has excluded the institutional scholarships/freeships data from the original HEI data as submitted in SSR.

HEI regularly provides scholarships /free ships / fee-waivers to eligible and needy students as per the policy.

HEI Policy Document for award of scholarships/freeships, Year wise list of students who were the awardees scholarships and freeships by the institution, Details of the Non-Government contributing agency and the scheme are enclosed in the supporting documents as asked by Re-DVV and were also submitted with SSR.

It is further to be noted that no formal circular for call for scholarships is issued as it is an established practice of HEI as per policy document. The procedure details followed for award of such scholarships are mentioned in the policy document of HEI.

HEI has issued separate sanction letters of scholarship / freeships on certain occasions and most of the time

copy signed by the competent Authority as per the SOP.

a consolidated list of beneficiary is made available. For year 2018-19, these are available in the supporting documents.

Exclusion of government schemes for reserved categories as demanded by Re-DVV partner is not as per SOP as metric demands all schemes by government and non-government agencies.

Therefore, HEI requests to consider change input which includes all types of scholarships /free ships / fee-waivers along with institutional scholarship/freeships.

The HEI has claimed teachers undergoing workshops other than Faculty Development Programmes (FDP). Claim such as Research Methodology Workshop, Stress Management Workshop, personality improvement programmes are not eligible. One teacher attending one or more professional development Program in a year to be counted as one. The HEI to attach e-copy of the certificates issued by the agency conducting Orientation Program, Refresher Course, Short Term Course, Faculty Development Programs at the end of the program. The HEI to provide year wise, list of teachers with corresponding certificate of having undergone the program. Only data accompanied by certificates shall be considered. Programs less than one week are not part of this Metric. The HEI must reconcile and provide clean, verified, eligible and authenticated data supported by completion certificates. Only data accompanied by certificates shall be considered. Must attach valid, authenticated & relevant data in NAAC format as Excel file. All the values in tables/pdf to be totalled and signed by the competent Authority as per the SOP.

As per SOP, programs aimed at updating knowledge, pedagogical and research skills of the faculty are termed as FDPs. Such FDPs may be carried out in different modes such as workshops, CMEs, Conferences, symposiums etc. Therefore Re-DVVs claim that "Research Methodology Workshop, Stress Management Workshop, personality improvement programmes are not eligible" is not as per SOP. Regulatory council clearly mentions about these skills to be developed under FDPs.

Re-DVVs claim "Programs less than one week are not part of this Metric" is not as per SOP which clearly says that the minimum duration of the program as one day. As per MCI/NMC (regulatory council) directives, FDP ranges from 1 day to 3 days. Website screenshots with highlighted relevant content is enclosed in the supporting document.

One teacher attending one or more FDPS in a year is counted as one by HEI.

The HEI has reconciled and provided clean, verified, eligible and

authenticated data supported by completion certificates in NAAC format as Excel file. All the values in tables/pdf are totaled and signed by the Vice Chancellor and Registrar as per the SOP.

HEI requests Re-DVV to consider Change Input.

The HEI has repeated the same photographs in all links. HEI to provide each facility separately. The HEI to provide Geo tagged photographs, captioned and signed by the registrar, of the facilities on campus. The HEI to provide attested copies of the invoices/Bills for the purchase of equipment for the facilities created under this metric. HEI to provide copies of the relevant pages of the stock register, attested by the registrar. The HEI must provide Permission document for connecting to the grid from Government/ Electricity authority. Any other relevant proof for the selected options. The HEI to provide attested copy of the HEI policy (original signed by the head of the institution, with unique reference Number and date), on energy conservation and details of the measures adopted under the policy of alternate sources of energy and energy conservation measures. The HEI to provide attested copy of the agreement of wheeling to the grid.

HEI has provided all documentary evidences signed by the registrar (Geotagged Photos, Invoices/bills, stock register pages, permission document for wheeling to the grid, HEI guidelines for energy conservation) of the facilities on campus separately in the supporting document. HEI therefore requests DVV to consider "all of the above" option as all facilities are available on the campus.
