Title: "Explore the DNA fragments".

Location: Dept. of Medical Biotechnology, MGMSBS, Navi Mumbai

Dated on: 27.01.2022

Value added course was organized by **Dept of Medical Biotechnology, MGMSBS, Navi Mumbai**. The training was for two days (**26.01.2022 & 27.01.2022**) at, Central research lab. In this 2 days course the attendees were 10. The organizers were **Dr. Mansee Thakur** and **Mr.Yogesh Patil**

The basics and scientific information of Molecular biology techniques such as DNA extraction and PCR with its applications was taught practically to the students

On the Day 1 - 26th Jan, 2022. Participants were given a brief introductory session on the how molecular biology techniques based on DNA analysis can be used for Diagnostic applications

The introductory lecture was delivered by Dr.Mansee Thakur on how the DNA based diagnosis can accelerate the conventional Microbiology diagnostic techniques. Thereafter the introductory lecture was delivered by Mr.Yogesh Patil on what are different tools and techniques used for analysis of Genetic Materials and their practical applications.

In practice session the students were exposed to

- Basic Training on DNA Extraction from Blood
- Basic Training on DNA Extraction from Bacteria
- Primer Designing for PCR experiment

On Day 2 - 27th Jan 2022, the students were exposed to type of PCR and there importance in clinical Diagnosis thereafter the practical session was conducted by Mr.Yogesh Patil on;

- Overview on PCR and its Types
- Hands on training on PCR
- Gel Electrophoresis Overview
- Hands on training on Agarose Gel Electrophoresis
- Hands on training on Polyacrylamide Gel Electrophoresis

Post practice session MCQ based evaluation was carried out for the participants in order to issue the course completion certificates

Title: “ Let’s begin the journey for start-up”.

Location: Dept. of Medical Biotechnology, MGMSBS, Navi Mumbai

Dated on:

Value added course was organized by **Dept of Medical Biotechnology, MGMSBS, Navi Mumbai**. The training was for two days (**08.03.2022 & 09.03.2022**) at, Central research lab. In this 2 days course the attendees were 10. The organizers were **Dr. Mansee Thakur** and **Mr.Yogesh Patil**

The main goal of two days value added course on let’s begin the start-up was to impart the entrepreneurial skills to young graduates studying in the various departments of MGM SBS

On the Day 1 – 08.03.2022. Participants were given a brief introductory session on

1. what is Start-up and Who can start it .
2. Flow chart exploration of various steps involved in the start-up
3. How to prepare start-up related documents etc.

The session was conducted by Mr.Yogesh Patil – Tutor department of medical biotechnology, MGM SBS & The practical assignments were given to the students regarding preparation of own idea and start-up related document.

Day 2: 09.03.2022 The session was again conducted by Mr.Yogesh Patil and Mr.Shamshad Ather (Ph.D Scholar- Medical Biotechnology) jointly for the participants and following points were covered on the same

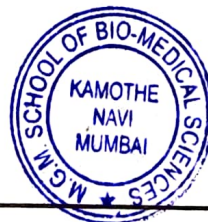

1. How to prepare the business plan
2. How to develop Revenue generation model
3. How to advertise the startup
4. How to seek the funding from the investors etc.

The practical demonstration was given to the students for preparation of business plan, Revenue generation model and advertising for the start-up. The course was ended with conducting the evaluator test for the participants.
