Title : THOUGHTS OF GANDHIJI WITH RELEVANCE  
OF TODAY'S GENERATION .

Marathi

आजच्या काळाच्या संबंदात गांधीजींचे विचार.  
(गांधीजींचे विचार आजच्या काळात अनुरूप/प्रसंगिक आहेत का?)

०२ ऑक्टोबर १९६१ भारतीय स्वातंत्र्य लढ्यातील अग्रेसर व्यक्तिमत्व महात्मा गांधी यांचा जन्म दिवस . दर वर्षी साजरा केल्या जाणाऱ्या गांधी जयंती मुळे सर्व शाळकरी मुलांच्या तर हा लक्षात आहेच पण मी मात्र गांधीजी जाणून घेतले 'मुन्नाभाई एम बी बी एस' चित्रपटातील एका विनोदी दृश्यामुळे.  
यात गांधी सिद्धांतानी प्रभावित झालेला मुन्नाभाई आहिंसा तत्वानुसार बंगल्याबाहेर उभे राहून क्रोध दर्शवित असताना, एक दूबा रपाल बाहेर येऊन त्याच्या कानशिलात लगावतो. चिड्केल्या सर्किलला समजावत मुन्नाभाई दुसरा गाल पुढे करतो परंतु त्याच्या अपेक्षेनुसार शांत होऊन निघून न जाता तो द्वारपाल त्याचा दुसऱ्या गालावर देखील मणसणून चप्पड ठेऊन देतो. हतबद्ध झालेला मुन्नाभाई त्यानंतर एका थपडीत द्वारपालला ओपवतो आणि म्हणतो "जव दुसरे गाल पर भी पड जाये, तो क्या करतेका ये बापूने अपुनको नही बोला था."  
बापू जर आज असे तर ते यावर काय म्हणाले असे हे शोधायला मी गेले आणि एका महात्म्याला भेटले.

सुपीक, सुदृढ समाज निर्माण होण्यास सुरुवात होईल सुज वाचकांच्या लक्षात अलेच असेल की हेच विचार गांधीजींनी आग्रहाने मांडले होते आणि स्वतः अमरण आचरणात देखील आणले होते.

गांधीजींचा चरणा मोहीम राबवून खादी वापरण्याचा संदेश देत स्वदेशीचा मंत्र दिला होता. आज आण 'मेड इन इंडिया' चा पुरस्कार करत आहेत. वाढत्या शहरीकरणामुळे ग्रामीण युवक शहराकडे पळत आहे. शेती, कुटीर उद्योग बंद पडत आहेत. भ्रष्टाचार आणि इतर शेतमाल वाढत्या लोकसंख्येला अपुस पडत आहे. परदेशातून आयात केल्याने वस्तूंची / पदार्थांची किंमत गगनाला भिडत आहे. यला पर्यायी मार्ग गांधीजींनी त्या काळीच दाखवला होता. त्यांनी स्वातंत्र्य पूर्व काळात असहकार चळवळी सोबतच ग्रामोदधार योजना देखील सुरु केली होती. त्यांच्या "गावकडे चला" या विचारांनी प्रेरित होऊन माजी पंतप्रधान स्वर्गीय श्री लाल बहादूर शास्त्री यांनी देखील 'जय जवान जय किसान' चा नारा दिला होता आणि लोकांनी त्यांना दिलेल्या प्रतिमादामुळे आर्थिक स्थिरताही आली होती. सद्य स्थितीत 'मार्ट अप इंडिया', 'उद्यम' सारख्या योजना राबवून ग्रामीण उद्योगांना चालना देण्यास सुरुवात झाली आहे आपला भारत कृषिप्रधान देश आहे. शेतीला आणि शेतीला पूरक व्यावसायांना प्राधान्य देऊन, त्यांना सुविधा पुरवून मजबूत केल्यास अनेक गावे स्वयंपूर्ण होतील. शेती उत्पन्न वाढून परदेशी वस्तूंची आयात कमी करता येईल. महागाई नियंत्रणात आणण्यास मदत होईल. गावी व्यवसाय निर्माण होईल. शहरी लोकसंख्या

मला जाणवते की मला समजलेल्या गांधीजींच्या अनेक विचारांपैकी / तत्वांपैकी, " सत्य, अहिंसा, प्रामाणिकपणा, श्रुतत्या, समता आणि सर्वधर्मसमभाव " हे काही ठळक विचार आजच्या काळातही तितकेच उपयुक्त आहेत.

आज सगळीकडे समाजमन इतके दगदगलेले आहे की कोणत्याही क्षुल्लकशा करणावरून दंगे होतात. जाळपोळ होते. अन्याय, बेरोजगारी यामुळे आजची पिढी काम्यम धास्तावलेली आहे. धडाओढीची इतकी चुरस आहे की लोक सहज चिरी-मिरी देऊन कामे करवून घेतात. अहंकराच्या / खोल्या मानपानाच्या हव्यासापायी इतरांचा जीव घेतात. मुल्यवर्धित शिक्षणापेवजी जास्त कमाई करून देणाऱ्या विषयानुरूप शिक्षण मुलांच्या ओक्यात कोंबले जाते आहे. या सर्व गोष्टींमुळे आजची पिढी अगदी शाळकरी वयात व्याधिग्रस्त, व्यसनाधीन होत आहे. सतत पहिले येण्याच्या नादात मुलांची निरासता हरवली आहे.

आजच्या या अस्थिर समाजमनाला शांत करण्यासाठी येणाऱ्या पिढीला बालवयापासून मुल्य शिक्षण देण्याची गरज आहे हे मुल्य शिक्षण म्हणजे, सत्य बोलणे, प्रामाणिक राहणे, स्वच्छता राखणे, दीन-दुबळ्यांची मदत करणे, प्राणी मात्रांवार दया करणे. सर्वांना बंधुभावाने पळ समान वागवणे. अनीति म्हणजे काय हे जाणून त्यापासून दूर राहणे. स्वतः सोबत इतरांची ही उन्नती होण्यास मदत करणे. जेव्हा ही मुल्ये पालक स्वतः आचरणात आणून मुलांना शिकवतील तेव्हा कुठे मनात विनाशक सुप्त विणगी घेऊन वाढणाऱ्या जिवंत ज्वालामुखीपेवजी अहिंसक,

आयुष्यात येईल.

ग्रामीण जनतेच्या अनेक समस्यांपैकी अत्यंत महत्वाची समस्या म्हणजे जातीभेद किंवा शिवारीव. गांधीजींना ही जातीनिहाय असमानता अजिबात मान्य नव्हती. अस्पृश्य म्हणून हिणवलेल्या लोकांना त्यांनी हरीची लेकरे म्हणजे 'हरिजन' म्हणून जवळ केले. आजही अस्पृश्यता कट्टर धर्मियांच्या मनातून गेलेली नाही. उलट आज तर शहरांतही ही समस्या बिकट होत आहे. आज गांधीजींच्या "वैष्णव जन तो तेने कहिये जो धरी परई जाने रे" या विचारांवर अमल करण्याची गरज आहे. सर्व माणसे एकाच ईश्वराची लेकरे आहेत अर्थात समता आणि बंधुभाव आचरणात आणायची गरज आहे.

गांधीजींचे हे सर्व विचार आपल्याला नवीन नाहीत. सर्व देशातील सर्व धर्मातील प्रत्येक घालक आपल्या बालकाला लहानपणी हेच विचार रोजच्या शुभंकरोती अथवा तत्सम प्रार्थनेने शिकवतात; पण ते आचरणात उतरवत नाही. आज गरज आहे की हे विचार नुसते शिक्षणापुरते मर्यादित ने ठेवता प्रत्यक्ष अंगीकारावेत. अस्वाभावीकरण हे सर्व मनापासून पटवून धेऊन त्याचा अंगीकार करण्यास निश्चित्व प्रदिर्घ वेळ लागणार आहे. पण आज आपण त्यांच्या विचारांचा आजच्या काळाशी संदर्भात विचार करून मुळात तर केली आहेच. सर्वांच्या प्रामाणिक सहकार्याने हे कार्य पूर्ण ही करू.

Title: RELEVANCE OF GANDHIAN IDEOLOGY IN TODAY'S WORLD

"Your beliefs become your thoughts,  
Your thoughts become your words,  
Your words become your actions,  
Your actions become your habits,  
Your habits become your values,  
Your values become your destiny." - Mahatma Gandhi

Mahatma Gandhi often said "My life is my message" this is what kept Bapu relevant for over 150 years. The train incident in 1893 when he was thrown out of first-class compartment on a winter night gave him a reason to fight for discrimination. With no grudges against the man he simply called it a symptom of deep disease of colour prejudice. It gives us a bigger picture about how & towards what should a person's energy should be channelized in a world that increasingly grows apart.

Gandhiji was one of the greatest leaders of his time. Not only his leadership but his ideas & values are of immense importance. His ideas were so influential that it inspired great leaders like Nelson Mandela and Martin Luther King

Albert Einstein once said about Gandhiji that "generations to come, it may well be, will scarce believe that such a man as this one ever in flesh & blood walked upon this earth". Even Barack Obama sees him as an inspiration. As his thoughts were important then, their significance is no less in present times. In fact, world needs them now more than ever.

Swavalambka, Ahimsa, Sarvodaya & Satyagraha constitute Gandhian philosophy and are the four pillars of Gandhian thought. In today's world where we are hit by a pandemic, we can say that everything is uncertain, we have all understood the importance of non-violence and Sarvodaya (progress of all). Times such as these also brings stark inequalities in the forefront. India witnessed the largest migrant crisis in its history which proves his statement "Poverty is the worst form of violence".

While Gandhiji's classless society is still a far-fetched dream he also emphasized on women's equality and rights. He once rightly stated that "To call women the weaker sex is a libel; it is man's injustice to women. If by strength is meant moral power, then woman is immeasurably man's superior". He believed that the day women can walk freely on the roads at night that day we can say that we achieved independence.

The backbone of "Atmanirbhar Bharat" or "Make in India" is Swadeshi which is again Mahatma Gandhi's philosophy.

Gandhism is not only restricted to emotional extract but this duty also implies to physical world. He was very aware of the consequences of environmental destruction. As cyclones, wildfire, earthquakes and fear of climate change becomes real so does the need for lessons on morality from Gandhiji's philosophy.

With Gandhiji's immense belief on youth of a country maybe this modern century can adopt his teachings of simplicity, humility, integrity and love as a core value.

Title : POEM - My Life Took A Drastic Turn

I am stuck in time  
The ray of hope has diminished  
Darkness has blanketed my soul  
In the midst of odds  
I always found a way to hide  
Hide within my impure soul  
My inner self used to burn like fire  
Everytime I presented myself as a liar  
My insensitive and dishonest words  
gave me the path for easy success  
But deep down I knew  
I was missing the pleasures of satisfaction  
Yes, I confess!  
For me independence always came  
with atrocities  
But never I could have imagined independence  
of the people, by the people and with the people  
To speak harsh, lending your ears  
to insensitive talks, to see inappropriate  
activities is what attracts you

Title: Relevance of Gandhi ideology in today's world

आज २ ऑक्टोबर २०२१ रोजी महात्मा गांधी जयंती आहे. महात्मा गांधी यांच्या विचारांची प्रासंगिकता आजच्या काळातही टिकून आहे.

महात्मा गांधी जी हे स्वातंत्र्य चळवळीचे अह्यक्ष होते. 'सत्य' 'अहिंसा' 'सर्वोदय' 'सत्याग्रह' या तत्वांमुळे आपल्याला स्वातंत्र्य मिळाले आहे. आणि आधुनिक काळातही त्यांचे तत्व जोपसले गेले आहे. आज प्रत्येक मुलांनी वेगवेगळ्या क्षेत्रांमध्ये उंच भरारी घेत आहे. छोटी गावांपासून मोठ्या शहरांतील सर्वांना मुलांमुल शिवाय मेटत आहे. सरकारी शाळा, प्राथमिक आरोग्य केंद्रे, आशा कार्यक्रमा, इ. माध्यमांमार्फत शासनांतर्फे प्राथमिक गरजा पूर्ण केल्या जातात.

भारतामध्ये वेगवेगळ्या धर्मांचे, जातींचे, वेगवेगळे भाषा बोलणारे, वेगवेगळे (पोषक) वेशभूषा असणारे सर्वजण एकत्र राहतात. अशीच विविधता पाहिली मेटते ते म्हणजे महात्मा गांधी कॉलेज मध्ये येथे वेगवेगळ्या शब्दांतून लोक वैदिक शिक्षण घेण्यास येतात. कोणी दिल्लीचे आहे तर कोणी मुंबई, कोणी हरियाणा, तर कोणी गुजरात, तर कोणी जम्मू कश्मिरचे. सर्वजण सोबत राहतात.

गांधीजींनी जे स्वातंत्र्याचं स्वप्न पाहिले ते हेच!!

गांधीजींच्या विचारांचे आधुनिक जगावर असलेल  
प्रभाव म्हणजे "स्वच्छ भारत अभियान"

'एक कदम स्वच्छते की ओर' या घोषवाक्याप्रमाणे  
प्रत्येक छोट्या गावात ही स्वच्छता उपक्रम केले  
जातात. ओढ्या व सुका कचरा वर्गीकरण यामुळे  
पुनोवापर करणे हे शुभ सोपे झाले आहे.

गांधी जयंती निमित्त एक नवीन उपक्रम सुरू  
केला आहे. तो म्हणजे आपल्या चष्मा चष्माचा का  
कायमची सुट्टी! थामशेरे LASIK या प्रकियेद्वारे  
चष्माचा नंबर, इ. काढला जातो.

'डॉक्टर' हे गांधीजींच्या तत्वांचे आदर्श आहेत.  
कोणत्याही धर्माचा, जातीचा, रंगाचा भेदभाव न करता  
प्रत्येक रूपा हे समान आहेत आणि त्यांना समान  
उपचार केला जातो. आणि मला डॉक्टर असण्याचा

प्रत्येकांना गांधीजींच्या विचारांचे अंगलक करावे,

गांधीजी म्हले की आपल्यासमोर येते व्हादी कारण केलेली एक कृष मुर्ती. परंतु त्यांनीच आपणास केवळ स्वातंत्र्यच नव्हे तर महात्त मुल्यांची देणगी दिलेली आहे. आपले राष्ट्रपिता गांधीजी यांनी दिलेले सत्य, अहिंसा, प्रेम हे संदेश कायम प्रेरणा देणारे ठरले आहेत. त्यांचे विचार फक्त आपल्या देशाचेच नव्हे तर संपूर्ण जगाले आत्मसात करून पुढे जाण्याची आजच्या काळात जितांत गरज आहे.

गांधीजींनी द. आफ्रिकेमध्ये केलेल्या समाजकार्याने प्रभावित होऊन भारतातील स्वातंत्र्यलढ्याचे नेतृत्व बापुंज्ये सौपण्यात आले. त्यांचे सर्वात मोठे वास्त्र म्हणजे सत्य व अहिंसा होते. त्यांचा सर्वात मोठा विचार म्हणजे,

“ साझा धर्म सत्य आणि अहिंसेवर आधारित आहे. सत्य साझा परमेश्वर आणि अहिंसा त्याला प्राप्त करण्याचे साधन आहे. ”

महात्मा गांधीजींचे संपुर्ण आयुष्यच आपणासर्वांसाठी एक आदर्शच आहे. त्यांनी आयुष्यभर लोकफल्याणासाठी स्वतःवर प्रयोग केले व येणाऱ्या पिढ्यांना मुल्यांनी शिकवण दिली.

" इतरांच्या सेवेत स्वतःला समर्पित करा तुम्हाला स्वतःचा 'स्व' सापडेल. "

कूप कमी येतो.

गांधीजींनी संपूर्ण स्वातंत्र्य लढयामध्ये अहिंसा छान्दालन केला. त्यांचे मानने होते की कोणताही प्रश्न सोडवायचा असेल तर शांततेने प्रयत्न करा तो प्रश्न उभवा ही समस्या अवश्य सुटते.

Title: Bapu and Medicine

I pay my heartfelt tributes to Bapu on his 152<sup>nd</sup> birth anniversary.

Before starting, we would like to remember Gandhiji through their quote.

"Freedom is not worth having if it does not include the freedom to make mistakes"

Bapu's contribution to the Indian freedom struggle is widely known and recognised internationally. He is being looked upon as greatest visionaries India has produced.

As Gandhiji's role and contributions to the political arena are well known, what is less known is his contributions towards health. Not many people are aware that he was interested in studying medicine and wanted to become a medical practitioner. But because of some

family reasons he took law and moved to south africa. As he was not able to pursue medicine but that didn't lower his interest in health and working for sick and poor. His interest in health, hygiene, nutrition and diseases was as great as his interest in politics. He insisted that adopting preventive measures for diseases was better than treatment. He said it was important to focus on cleanliness, a controlled diet and an exercise regimen.

Gandhiji was a firm believer in the principle that healthy mind keeps the body healthy, and he stressed on the importance of a healthy lifestyle and positive thinking. He suffered from high blood pressure and said that he had not been able to gain control over his mind as he should have. He thought disease was an outcome of ignorance to health, hygiene, nutrition etc. so if one has ignored, one should be prepared to pay the price for it. He said if a man has overeaten and suffers from indigestion as a consequence, he should

fast instead of resorting to drugs.

The fast will cure the indigestion and at the same time teach him a lesson not to over eat in future.

Therefore,

Mahatma Gandhi will be remembered for his many contributions - his role in India's freedom struggle, his fight for human rights and his work for the needy people etc. Despite limited medical facilities and treatments available during at that time, Gandhi's approach towards disease management by adopting simple, eco friendly and cost-effective methods benefited several people. He lived in an era of global hunger and faced two World wars, but his philosophy towards life was simple. His charismatic personality won him respect and honour throughout the globe. He lived a simple life and he conducted his experiments first on himself before he suggested others to follow.

Title: Thoughts of Gandhiji with relevance to today's generation.

Mahatma Gandhi commonly known as "bapu" was a man of virtues, discipline, morals, integrity. He was always known for peace and harmony. His thoughts, morals and principles are something we still abide in our day to day life. He always wanted our nation to be self dependent, he wanted each and every individual to work, and this is what SWADESHI is about, the literal meaning of swadeshi is: "of one's own country". This principle holds more significance in today's context. That is what "make in India" is about. Our government is also trying to focus on the same thought. We want our generation to be self-reliant. Boycott of foreign goods or even software/hardware and use of domestic products is taken quite seriously these days. Government is trying so that each and every individual in our country gets employment and hidden talent is rewarded. This is only possible by reducing our dependence on foreign goods or to be specific in this 'technosavy generation' reducing the dependence on foreign industry. Recently many apps were shut down by the

government to decrease this dependency. We have reduced our dependency on Chinese goods in softwares. Our government wants to encourage youths to use their own ideas to develop this country and have an impact worldwide.

Another thing which bapu have taught us was to keep our nation clean this principle is more relevant today that is what "SWACHH BHARAT ABHIYAN" is all about. It is a national level campaign by the government of India which includes cleaning of our own locality, city and thus keeping the whole country clean. This mission was started to focus on hygiene and now during the pandemic of covid 19 we can all see the importance of it.

It's important to keep our surrounding clean n disinfected for a healthy being of an individual. Covid years have educated us about importance of personal and social hygiene. It has taught us how even a simple habit of washing your hands frequently needed to inculcated among individuals. Gandhiji always said: "Sanitation is more important than political independence" This was taken quite seriously once the covid wave hit us. Even now our government is trying to emphasize on this by starting various campaigns. Simple road cleaning or even simple things like wearing a mask properly, washing hands frequently, keep your surroundings sanitized are

the only ways to survive this pandemic now.

\_\_\_\_\_ Gandhiji another belief which I would like to highlight is discipline. I believe this generation needs to focus a lot on this. He was a man of discipline. Discipline is the bridge between goals and accomplishments. One should have discipline in his regular routine to achieve his dreams but unfortunately procrastination is the wheel to life's journey these days. It would be a lie if I don't accept that we students also need to focus on this. A simple example of journal submissions reminds me how majority of the students don't submit this until the last warning. This is a simple example how this generation lacks discipline.

\_\_\_\_\_ Also lack of patience, Gandhiji believed in non-violence. Honestly I don't think we have enough patience to deal with things peacefully these days.

\_\_\_\_\_ This needs to be changed. He said "you never know what result come to your action, but if you do nothing there will be no result." So let's try to change something in over ourselves. Because at the end the future lie in the hands of this generation n future depends on what you do today.

Title: "THOUGHTS OF GRANDHIJI WITH RELEVANCE  
TO TODAY'S GENERATION"

"Generations to come will scarce believe that such a man as this ever in flesh and blood walked upon this earth"

- Albert Einstein.

Today, Gandhiji is remembered for his passionate adherence to the practice of non-violence, supreme humanism, Truth, Vegetarianism, Bramhacharya, Simplicity and Faith in every corner of the world. On pillars of truth and non-violence, he offers solutions through his different principles on issues of society, economy, politics, and human substance.

"An eye for an eye makes the whole world blind" - Gandhiji built his movement of Satyagraha on value premises of truth and non-violence based on the assumption of the basic goodness of humanity. His successful mass-movements

soon elevated him as the most followed mass leader. In spite of his popularity, he remained grounded. 'Simple living and high thinking' was the adage he lived by, understanding rigorous fasts and largely depending on fruits and nuts; he exemplified the way of living in harmony with nature. He believed in mother earth's capacity but cautioned, "Earth has enough for everyone's needs, but not for their greed."

"Be the change that you want to see", which continues to guide the present day civil society. Gandhiji respected everyone's views but made firm decisions based on his vision. His message underlines a simple philosophy of valuing every individual and his efforts.

Gandhiji is all the more relevant today when the problems in the society have assumed larger dimensions. In his stress on 'Charkha-Khadi' lay the simple strength of promoting indigenous industries and skills. The promotion of vocational

Skills and converting them into self-employment means is the sustainable means of driving out people from the grasp of poverty. The spirit of 'Swadeshi' should be re-ignited whereby it can coexist with the challenges from multinational firms. The Gandhian idea of trusteeship holds relevance in the current scenario as people live a lavish lifestyle and destroy the resources recklessly indebting future generations.

Our Ms. President Ram Nath Kovind on the eve of Gandhi's 150<sup>th</sup> birth Anniversary said, - "Satya, Ahimsa and sarvodaya formed the bedrock of Gandhi's numerous messages to humanity".

Barack Obama said, "In my life, I have always looked to Mahatma Gandhi as an inspiration, because he embodies the kind of transformational change that can be made when ordinary people come together to do extraordinary things."

Dr. King said, "...If humanity is to progress, Gandhi is inescapable." Happiness is when what you think, what you say, and what you do are in harmony.
